

Mission Statement

It is the mission of the Hualapai Public Services Department to develop and maintain infrastructure which enhances the quality of life for the Hualapai People.

This mission is accomplished through the Roads Program which maintains the roadways and transportation facilities of the Hualapai People in a safe and usable condition in a manner which is responsive to the public need while being cognizant of a limited budget. And also by the **Public Works Program** which strives to enhance the quality of life for our residents, businesses and visitors in the most practical, useful, economical, safe, and beneficial way.
