The Mission of the Hualapai Nation Police Department is to uphold the Constitution of the Hualapai Tribe.

The members of the Hualapai Nation Police Department pledge to serve all citizens with respect, fairness and compassion. The members are dedicated to prevent crime, to maintain law and order, and to enforce the law.

Through commitment to professionalism, members of the Hualapai Nation Police Department seek to improve the quality of life and sense of security on Hualapai lands.

The members of the Hualapai Nation Police Department commit to hold the highest standards of law enforcement conduct and ethics. The members also seek to earn and maintain public confidence and mutual respect by being responsible to those served.

In July 2002 the Hualapai Police Department was formed. The tribe contracted Law Enforcement and Criminal Investigation Service from the Bureau of Indian Affairs, Office of Justice Services and began with 11 personnel, 10 of which were commissioned personnel. The department’s principles are based upon those of Community Orientated Policing for the Hualapai Nation.

The department has 19 personnel total with 1 vacancy and staffed as follows:

1 Chief of Police, 2 Police Sergeants, 1 Police Corporal, 1 Detective, 1 Police Investigator, 1 School Resource Officer, 1 K-9 Officer, 8 Police Officers, 1 Law Enforcement Assistant and 1 Law Enforcement Network Engineer (IT).

The Hualapai Tribe operates its Law Enforcement Services on an annual calendar year beginning January 1st and ending on December 31st. This past year the department has been operating with one vacancy since March.

All HNPD officers are Arizona Peace Officer Standards and Training (APOST) certified and carry the BIA Special Law Enforcement Commission as required by the Hualapai Tribe’s 638 Contract for Law Enforcement and Criminal Investigation services with BIA OJS.

This year we have collaborated with Hualapai Human Services and helped fill the Domestic Violence Investigators position which works in the DV program to investigate DV incidents here on the reservation. This grant position ends July 31, 2013.
As of June 30, 2013 all commissioned personnel have met the required 40 hours of training a year as mandated by the 638 contract. We are all in compliance with the APOST training requirements for continued certification as state peace officers and have met all mandated firearms training for the year.

Our School Resource Officer here in the community has been teaching Gang Resistance and Education Training (GREAT) in the school and also maintaining his presence in the school system to deal with behavioral and unlawful issues in the school plus all child related investigations forwarded to him by school.

This year he has worked with the community kids and has once again run the 4th annual HNPD Summer Camp and incentive trip to California. He held two sessions this past month and took over 20 local kids camping in Bullhead City and in the Hualapai Mountains and will be going onto California the 2nd week of July.

The department in conjunction with the tribal grant writer and other departments turned in a 2013 Coordinated Tribal Assistance Solicitation grant and are waiting to hear if we are awarded a grant this year. The HNPD request to the COPS TRGP was in the amount of $584,114 for 5 new vehicles with equipment, a P-25 compliant Narrow band radio repeater for the eastern side of the reservation where we do not have radio communications and funds to complete a wireless network for our mobile data needs in our patrol fleet and TASER Body Cameras.

The drug use in the community this past 6 months has been Marijuana as the predominate drug of choice with Spice and some Meth used by locals in the community. To date we have seen 43 cases of persons in possession of drugs and 2 cases of drugs in possession for sale or distribution here on the reservation.

The police department is in the final phases of installation of the Tribal Territorial Sex Offender Registration software in the departmental computers to begin the registration and reporting requirements of the SORNA. This should be completed by the end of August 2013 and we will input all sex offenders into TTSORS. Currently we have 20 Sex Offenders in our files. Of those 9 are current with their registration requirements and 11 are not.

As of June 30th we have 416 adult arrests and 68 juveniles taken into custody for a total number of arrests for the last 6 months of 484. Since January 2013 to June 30, 2013 HNPD has had 3397 incidents reported to the department with over 5,740 offenses observed by the officers and of those 4,645 were cleared by arrest or exceptional means. Of those offenses observed 2,289 were alcohol related, 286 were drug related and 355 were offenses committed by juveniles.

In collaboration with our Federal, State and Municipal partners we have enjoyed positive feedback in regards to not only investigations but partnering with law enforcement needs such as apprehension of federal fugitives, tracking of state parole violators residing or living here on the Hualapai reservation, working joint investigations on Indian Country crimes, gang activity and working in collaboration with the U.S. Border Patrol in the apprehension of 43 Illegal Aliens using Route 66 who have been taken into custody and prosecuted for being in the United States Illegally.
Of those apprehensions we have seized 10 vehicles of which 5 became property of the Tribe. 4 of those were given to tribal departments that needed vehicles. 3 were claimed by the owners and 2 are pending abandon vehicle status.

This year the HNPD Criminal Investigations Section has started the second quarter with 21 active cases. 10 additional major cases were opened during the second quarter. Criminal Investigations did not exceed 31 open active cases at any one time during the second quarter. The investigations division closed 16 cases during the second quarter. Of the 31 cases worked by the criminal investigations office during the first quarter only 17 remain open.

There are currently 17 active investigations open in the Criminal Investigations Office, of those 17 open cases 7 are joint FBI/HNPD cases while 10 are HNPD only cases. Of the 10 open HNPD investigating 5 are misdemeanor cases, 2 are felony habitual domestic violence cases and 1 is a weapons offense, 1 is a burglary and 1 is a child abuse case.

The department has also presented a number of Federal cases to the United States Attorney’s Office in Flagstaff and Phoenix that have resulted in several federal convictions.
