**Elizabeth (Betsy) Helsel  
New Chief Executive Officer (CEO)  
Colorado River Service Unit**

Elizabeth (Betsy) Helsel, who joined the Colorado River Service Unit (CRSU) as its new CEO on September 15, 2015, comes to us with eager anticipation and a diverse background in healthcare practice and administration. She began her career as a nurse, earning a Bachelor of Science degree from Duquesne University in Pittsburgh, and spent seven years in that city on a busy Neurosurgery unit. Following the birth of her first child, she moved “back home” to western Pennsylvania, and began working for Altoona Veterans Affairs Medical Center. Betsy progressed through a variety of clinical and administrative positions during her time at Altoona, gaining front line experience both in nursing as well as Patient Safety, Risk Management, Quality Management, and Accreditation. She earned an MBA from Indiana University of Pennsylvania in 2002 while working full time and raising a family, and then moved into the administrative track, serving the VA regional office as Program Manager for Access/Care Coordination. In 2012 she accepted a position as Associate Director for Clinical Operations at Philadelphia, VA, as well as serving as Interim Medical Center Director at Coatesville, VA from June through December of last year. Betsy is a graduate of VA’s Health Care Leadership Institute, Executive Career Field Development Program, and Leadership VA. She is also a fellow in the American College of Healthcare Executives.

Betsy and her husband Chris, an Information Technology Manager for VA, relocated to Parker, AZ in September. They are the proud parents of 6 children and 6 grandchildren. Betsy attributes the move to a recent vacation they took to the Arizona area last March. “We came here and fell in love with the country and the people.” She has spent her first several weeks getting to know the hospital and clinics, meeting employees, and reaching out to Tribal leaders to establish relationships and begin to build trust. She notes: “I am impressed with the quality as well as the commitment of the staff here, as well as the warm welcome I have received from the people I have met thus far.” She also notes the outstanding job that Frank Saenz did as Acting CEO prior to her arrival. “Mr. Saenz is well loved here, and for good reason. I am grateful to him for the time he spent assuring I had a smooth transition.”

Aside from her CEO responsibilities, Betsy and her husband are also actively seeking opportunities to become involved in the local community, already joining the Chamber of Commerce and a local church. Betsy is honored for the opportunity to serve in the CEO role at CRSU and states: “I was proud to serve our nations Veterans for many years and I bring that same mission-focused passion and commitment to my position here at the Indian Health Service - Colorado River Service Unit.”

**¡ Cowboy Cool ¡**

Sonny Burgess

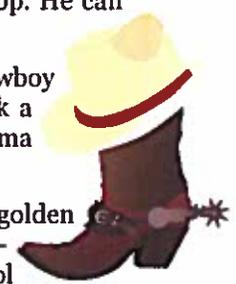

The clothes he wears don't change to much at all, straw hat in the spring, felt hat in the fall. His favorite things to do, roping calves and tripping steers. He can take the heat, he's cowboy cool

Cowboy cool, straights the way he shoots; cowboy cool, his roots are in his boots, he might break a bone or two but never the golden rule, his mama let her baby grow up to be cowboy cool

He'll show up down in Houston the first of every March and Vegas in December. His wranglers pressed and starched, trying to break eight seconds, change the swing in his loop. He can take the heat, He's cowboy cool

Cowboy cool, straights the way he shoots; cowboy cool, his roots are in his boots, he might break a bone or two but never the golden rule, his mama let her baby grow up to be cowboy cool

He might break a bone or two but never the golden rule, his mama let her baby grow up to be cowboy cool, Mama let her baby grow up cowboy cool

Dedicated to Joel J. Querta

Happy Birthday from all of us...

Helen, Noshaw, Shea, Erin, DeAna, Shavon, Monica, Blake, Anaika, Analita, Ann & Family, Tif & AJ
