Gam yu je?

Three weeks have passed by since taking the oath of Office and beginning a new journey for all of us. We, the Council, have had two meetings within the past three weeks. The Chairman has had one trip to Phoenix and Tucson for legal updates on the issues dealing with gaming. From the outside to the inside, it has been an adventure to understand the functions of this office. The work our people do in the office of the Tribal Council is tremendous. From the early morning to the end of the day, there are many people that are very dedicated to the Tribe in their duties to see things are accomplished and bills are paid for, payroll, jobs attained, U.A.s, and other issues that are attended to.

During the three weeks, we have had two meetings: one Council and Housing and one Council and the GCRC Board. We continued to have reminders of Trust, Integrity, Transparency, Working for a purpose, and having an Open Mind with one another.

We have adopted Resolution 50- 2016; to inquire about funding to benefit current and future Hualapai farmers and ranchers. Resolution 51-2016 was adopted for improvements in roads on Route 104 in the Box Canyon Road housing units. We had a very thorough meeting with the Housing staff, several members of the community and the Director Mr. Jamie Navenma. During the meeting with GCRC, we had a presentation by Mr. Waylon Honga on "Political Ideologies" and why we should vote. An update was presented by the Board to Council on the progress of Grand Canyon West. There was an increase in visitors at GCW, the Board had hired a new CEO who will begin work in July. We had legal updates in Executive Session. After that we had a great discussion with one another about the above mentioned on Trust, etc.

The Chair and Vice Chair have had a tour of the Court with Mrs. April Havatone. We will make our way around to all departments in the near future. A visit was made to Cholla Ranch and the place is being cared by Mr. Ivan Bender. From what was learned, it is a very spiritual area that needs to be utilized by one and all. Take a visit to our other land of opportunity. We had a meeting with the department leaders and that went very well. The Chairman went to the Sage Fire during the second day (06-21-16).

For the most part of these past three weeks, it has been an experience that has been very pleasurable, with a few bumps and learning curves. Just seeing the great people working for and with the Hualapai People is not what was expected. With that in mind, thanking you all for this opportunity to make a difference in our time and "Taking it to the next Level"

Damon R. Clarke, Ed. D.
Chairman

**Important
Message**

The Accounting Department would like to inform the community and all Tribal members that we must have a social security number on file in order for you to receive your check in December. The social security number is for sending out the IRS 1099 forms in which a social security number is required. A list of those we are missing is attached.

The Per Capita deadline for this year is November 15, 2016. We must have your social security number by that date or your check will be held until we receive it. We will not mail out a check until a social security number is received and a current address is on file.

Also, we received many of the IRS 1099 forms back in the mail due to bad addresses so if you did not receive a 1099 for 2015, please call April at the Tribal Office (928) 769-2216.

Minor Per Capita statements were also recently mailed out and many were returned. If you did not receive a statement for your child(ren) this year, please call April at the Tribal Office to verify your address. If you need to update your address, then the address change form must be filled out.

Hualapai Empowerment Program • Starts Friday, July 15th
Submitted by: Lyndee Duwyenie-Hornell | Hualapai Department of Cultural Resources

Hualapai Empowerment

Gam-yu Hwal'bay ba:ja, A new program in the community of Peach Springs is emerging from the Cultural Department, and we are seeking participants to be involved in the **Hualapai Empowerment Program**, co-sponsored by the Health Department. These are the age groups we are looking for:

- Youth 10 yrs - 18 yrs
- Young Adults 19 yrs - 29 yrs
- Adults 30 yrs -54 yrs
- Elders 55 and Above

The **Hualapai Empowerment Program** is a mentorship program designed to motivate Elders, Adults, Young Adults and Youth, who would like to create mentorship relationships but are in need of structure. In the early stages of the project, all of the participants will ask each other general questions about their lives, their reasons for living, and their connections to Hualapai Culture. The object of the questions is not to get through as many questions as possible, but rather to get elders talking and to create a connection between the other participants.

Together we'll focus on how to become more involved with community activities to better understand Hualapai self-care traditions that can help reduce forms of negative social behavior through learning about Hualapai cultural core values, and creating partnerships. Working with Hualapai community members who participate in the program (that will include cultural site visits, Hualapai Language learning and other hands-on-activities) participants may find new ways of healing by finding hope and learning about positive cultural core values through caring for the land, themselves, and their families. The goal is to build a relationship so that the youth and elders feel comfortable with each other using Hualapai Language skills. Some of the activities are:

- **Hualapai traditional cultural landscape site visit at Indian Point, Keepers of the Wild, and other areas (ancestral lands)**- Speaking Hualapai, discuss landscapes and compare how one can learn from the land and use that knowledge for living daily lives.
- **Cooking Class- Native Foods**- Hualapai did seasonal gathering and hunting. Discuss plants and how one can learn from the plants. Gathering plants at Keepers of the Wild (starts July 1, 2016).
- **Genealogy Family Tree**- Mentor and student will collect family pictures and family documents beforehand in order to display immediate and past family members. Learn about Hualapai Leaders
- **Cultural Mapping**- Maps transmit information for the understanding of geography, history, and people.
- **Facebook Page**- Use as an outreach to the Hualapai Community and other tribes interested in the program, to share and show the activities being done.

If you are interested in becoming a participant in the Hualapai Empowerment Program, please come fill out an application at the Cultural Center starting July 15, 2016.

July 1st activity has been cancelled until further notice

For More Information, Please call Lyndee Duwyenie-Hornell or Marcie Craynon at 769-2223.

Hualapai Families

1880 (Wittich photo)

On July 22, 2016 we'll be having Family Day combined event of Mother/Daughter and Father/Son. Did you know Hualapai families lived together in one house, which generally faced east. The family might sleep opposite of the door and guests along the sides of the house, the heads of the sleepers pointing east because other directions brought bad luck.

The cooking was done outdoors in summer and indoors in winter. Three stones were used as a base for the cooking pots. When a fire was kept going indoors for warmth, it consisted of three logs with ends touching.

The day began shortly before sun-up, when all the family would rise and eat breakfast together. The cooking was done by the women. After breakfast the men and older boys would set out to hunt, while the women would take their baskets and go out picking seeds or berries or gathering mesquite.

Boys received their education at the hands of their fathers. At an early age they were taught to hunt rabbits and rats, and as they grew older they came to accompany their fathers on trips after larger game. On such a trip a boy would learn more than hunting, for it was about the camp fire at night that he heard from his father the old myths and tales, knowledge about the stars. A boy also received from his father moral precepts and advice.

Girls also received a certain amount of advice from the lips of their fathers. They were told to get up early and bring water, to cook, and to be good housewives. By G. MacGregor—Memoirs, Amer. Anth. Assoc., No42

HEALTH & SAFETY INFORMATION

HUALAPAI ANIMAL CONTROL

Office Number: (928) 769-2810 Fax Number (928) 769-2883 E Mail Address: hualapai_animalcontrol@hotmail.com

CONTACT ANIMAL CONTROL: Animal Control office is located at the Department of Emergency Services; to contact Animal Control you may call the Emergency Services Dispatch at 769-2810. The Animal Control Program is a 24 hours a day 7 days a week program.

ENFORCEMENT: As pet owners of the Hualapai Nation, the Tribal Council passed strict ordinances regarding Animal Care, all dogs must be confined to your yard at all times, pet owners should never allow their dog to roam free. Pet owners who allow their pet to run at large will be cited for violations according to Chapter 15 of the Hualapai Law and Order Code. A maximum penalty of FIVE HUNDRED DOLLARS for every violation cited maybe imposed upon pet owners who violate the ordinance. Animals picked up in serious incidents i.e.: dog bite incidences will be held for a mandatory 10 days observation in accordance to the ordinance with fees applied for observation, transportation, and vaccinations.

SPAY or NEUTER: You are asked to help control the pet population on the Hualapai Nation by having your pet spayed or neutered, this will help with the over population of unwanted pets and decrease the Public Nuisance complaints of pack of male dogs chasing after a female dog that is in heat. The Animal Control Program recommends the following animal clinics:

1. Low Cost Spay/Neuter Clinic, 1520 E. Andy Devine, Kingman AZ. 86401 (928)692-5226
2. Manzanita Animal Hospital, 2323 Detroit Ave. Kingman, AZ 86401 (928)753-6138

Housing and Tribal Ordinance: It is also a reminder according to the Hualapai Housing Policy, you are only allowed two (2) dogs a residence, this is being enforced by the Housing Department, the Law and Order Code also has an ordinance *Sec.15.2(H)* that prohibits the owning of no more then two dogs per residence, owners who violate the code with multiple dogs are being referred to the Hualapai Tribal Courts.

ANIMAL ABUSE: If you witness or have any information of an animal owner who is teaching their animal to fight or provoke any such action against another person or animal or conduct such illegal business of animal gaming. Contact Hualapai Animal Control Dispatch 769-2810

REGISTRATION LICENSING: According to the Animal Care and Control Ordinance, all pets must be registered through the HUALAPAI ANIMAL CONTROL program, the registration is easy, Registration is \$10.00 per animal with complimentary (FREE) Rabies vaccination. Animals Running at Large will be picked up and transported to the Hualapai Tribe Kennel. All animals that are transported are held at the kennel for a mandatory 72 hours for owner reclaim. For any time past 72 Hours the animals will be considered abandoned and a stray animal. They will then be considered for the adoption process.

MISSING ANIMALS: To report your animal missing, you may contact the Emergency Service Dispatch and give a brief description, tag Number, Owner name and Phone Number.

****DISEASE CONTROL:** A high number of canine deaths have been reported to animal control, most have been young dogs contracting the Parvovirus. Parvovirus is a viral disease of dogs, it affects puppies more frequently than it affects adult dogs, and in young puppies it can infect the heart muscle and lead to "sudden" death. Parvovirus is probably the most common viral illness of dogs. Veterinarians recommend vaccinating puppies every three to four weeks for this virus, starting at 6 weeks of age, until they are at least 20 weeks of age. The parvovirus attacks the lining of the digestive system. It causes dogs and puppies to not be able to absorb nutrients or liquids. Puppies are especially prone to it because they have an immature immune system. When dogs and puppies contract parvo, they usually stop eating and develop a bloody, foul-smelling, liquid stool, symptoms include high fever, depression, loss of appetite, vomiting and bloody diarrhea, in many case dehydration, shock, followed by death. More information contact your veterinarian and vaccination information for your pet.

SCHOOL and WORK: Animal Control reminds pet owners, please keep your pet at home, Also remind your children not to walk their dog to school, keep all pets at home, properly confined with food and water. Any Violations will be submitted through Tribal Courts.

DOG BITE REPORTS: It is our goal to be **dog bite free**, but this is not always the case, about half of all children are bitten by a dog, before their 18th birthday, here are some tried-and-true tips that all children should keep in mind when man best friend is near. **MOTHER, may I? Rule number one:** ALWAYS ask permission before petting someone's dog, approach slowly and quietly, and allow the dog to sniff the back of your hand. Pet the dog's sides or back gently.

THEY THINK THEY OWN EVERYTHING Stay away from any dog who may be protecting something. That means not petting a dog that's eating, playing with a toy, tied up, behind a fence or in a car. **PREPARE FOR THE WORST:** If a dog growls at you or chases you, be still and quiet. Avoid eye contact with dogs; dogs often see this as a threat. Protect yourself with a backpack or bikes as a shield.

REPORT ANY DOG BITE INCIDENT TO ANIMAL CONTROL OR HUALAPAI NATION POLICE.

~DOGS IN HOT WEATHER! ~

If you're Hot, your dog is Hotter. Dogs will naturally do less in the heat-Leave them to relax in a cool, shady spot with lots of water to drink.

1. Dogs need shade in the hot weather. They also benefit from a breeze.
2. Dogs need lots of clean water **ALL THE TIME.**
3. If you tie your dog, always do it in the shade with at *least* 8 feet of Leash.
4. **NEVER** leave your dog in your car or truck. Dogs don't have sweat glands and can die quickly. Metal truck beds get very hot in the sun. If it feels hot to you, it feels even hotter to your dog.
5. Remember that bugs are just as annoying to your dog as they are to you. Don't leave your animal in a bug infested area.

Signs of heat stroke include excessive panting, drooling, lethargic and even unconsciousness. Call your veterinarian right away if your dog exhibits any of these signs of heat stroke.

Things you could do to help your animal:

1. Put your dog in a cool well-ventilated area;
2. Wet his fur with a cool towel with cool water (NOT COLD WATER—you have to lower their body temperature slowly.)
3. Stay with the animal, and give it fresh, cool water to drink when he has recovered.
