Hualapai Tribal Council • Resolution No. 19-2020
Submitted by: Adeline Crozier | Hualapai Tribal Administration

HUALAPAI TRIBAL COUNCIL
RESOLUTION NO. 19-2020
OF THE GOVERNING BODY OF THE
HUALAPAI TRIBE OF THE HUALAPAI INDIAN RESERVATION

Declaring State of Emergency due to Coronavirus (COVID 19)

WHEREAS, The Hualapai Tribe (Tribe) of Arizona, is a federally recognized Indian Tribe organized pursuant to the provisions of Section 16 of the Indian Reorganization Act of June 18, 1934; and

WHEREAS, The Hualapai Tribal Council (Council) has the authority, to represent the Tribe and act in all matters that concern the welfare of the Tribe and to make decisions not inconsistent with or contrary to the Tribe’s Constitution and By-Laws of the Tribe; and

WHEREAS, The World Health Organization declared the Coronavirus Disease 2019 (COVID-19) a pandemic on March 11, 2020, the United States Declared a National Emergency on March 13, 2020, and the state of Arizona declared a State of Emergency; and

WHEREAS, It is in the best interest of the Hualapai Tribe to institute protections for the people of the tribe.

NOW THEREFORE, BE IT RESOLVED, the Hualapai Tribal Council declares a State of Emergency in response to the COVID-19 and shall remain in effect until further notice by the Council; and

BE IT FURTHER RESOLVED, the Hualapai Tribal Council:

1. The Tribal council will follow the lead of the Incident Command Team during this emergency period they are activated for the COVID 19.
2. Travel for the tribe and its enterprise is suspended until further notice unless deemed necessary and approved by the Chairman; and
3. The Tribal Council will support decisions of Grand Canyon Resort Corporations as it relates to their response of the day to day operation to prevent and mitigate COVID-19; and
4. The Tribal Council supports Governor Doug Ducey’s decision to close public schools until March 27, 2020 or further notice; and
5. Public services and welfare services, are deemed necessary and will continue to provide essential services; and
6. Hualapai Tribal all non-essential employees will be placed on administrative leave for a duration of 14 days for the period of March 18-31, 2020; and

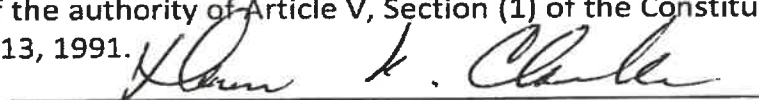

Special points of interest:

- The Hualapai Planning Department will be closed, as a result Issue #7 of the Gamyu Newsletter, **may** be late if Tribal Council extends Administrative Leave beyond March 31st.
- Updates from Incident Response Management Team (pg. 3)
- Full list of department closures (pg. 20)
- Election Notice (pg. 33)

7. Departments are mandated to disinfect all surfaces multiple times a day once they return to their facilities. Hand sanitizer shall be available in all departments for use by employees and public. In addition, the CDC preventative guidelines will be posted for staff and public; and
8. All gatherings of more than 20 people are discouraged, with the exception of the Incident Command Team; and
9. The tribe shall apply for any federal program or funds that may provide emergency assistance required to mitigate COVID-19; and
10. The Incident Command Team will coordinate with Indian Health Services to ensure information regarding CDC recommendations is shared with the public.

CERTIFICATION

I, undersigned as Chairman of the Hualapai Tribal Council hereby certify that the Hualapai Tribal Council of the Hualapai Tribe is composed of nine (9) members, of whom **eight (8)** constituting a quorum, were present at a **Special Council Meeting** thereof held on the **17th day of March, 2020**; and that the foregoing resolution was duly adopted by a vote of **(8) approve, (0) opposed, (0) not voting, (1) excused**, pursuant of the authority of Article V, Section (1) of the Constitution of the Hualapai Tribe approved March 13, 1991.

Dr. Damon Clarke, Chairman
HUALAPAI TRIBAL COUNCIL

ATTEST:

Shanna Salazar, Administrative Assistant
HUALAPAI TRIBAL COUNCIL

Incident Management Team • COVID-19 Community Update

Submitted by: Incident Management Team

Incident Management Team – COVID 19
Press Release

To: Hualapai Community

From: Incident Commander, *Malvin Hunter Jr.*

Date: March 17, 2020

RE: Coronavirus (COVID 19)

Hualapai Community per Tribal Resolution 18-2020 authorizes the designation of an Incident Management Team to develop a Response Plan to COVID-19 exposure. The team is developed of local members with experience in Incident Command System and Incident Management Team's.

The team's mission is to continue educating the community on COVID-19 and develop a 1-year plan that includes a quarantine plan. Currently, the community "is not" quarantined but we are self-isolating to help prevent the spread of this virus.

It's important to understand the difference between Self-Isolation and Quarantine. Self-Isolation is just taking steps to minimize the risk of spreading the virus by isolating yourself and your family in your home whenever possible. A quarantine would mean that individuals or groups who are carriers of COVID-19 could be enforced to stay in their home to prevent them from spreading the virus. The Tribe is just self-isolating as a precaution to our community.

Until April 1st non-essential departments will either be closed, or have minimal staff available. A full list of departments and services effected will be released as soon as possible. This information will be available posted at Tribal Buildings, broadcast on the KWLP, posted to www.hualapai-nsn.gov, and printed in the Gamyu.

The Hualapai Tribal Elderly Program will continue to provide breakfast and lunch for its members, Monday-Thursday. The breakfast delivery will begin by 7:30am, with the lunch delivery beginning at 10:00am. If you are a Tribal Member over the age of 55 who is not currently a member, please call 928-769-2375 to get enrolled.

In addition, on Wednesday March 18th lunch will be provided to children 18 and younger in the Peach Springs Elementary School parking lot, at 11:00am. Breakfast and lunch will be available via delivery Monday-Thursday after that. More information about delivery location and times will be available at the Elementary School tomorrow, as well as the sources listed above.

As a community, we are planning and looking out for the best interests of the Hualapai Tribal Members and their families.

If you have concerns or questions stop by the Incident Command Post located at the former BIA Forestry Office or call W: 928.769.2312.

Phoenix Area Office Incident Command Briefing 3-16-20**Area Office Telework**

- RADM Weahkee sent to IHS all the following directive this morning:
 - *Effective Monday, March 16, all telework-eligible employees in the IHS Headquarters and the Area Offices should begin teleworking to the extent possible, at least through Friday, April 3.*
 - *As you all know, our mission is to provide patient care, all employees in our Service Units will need to remain on site to continue to support our hospitals and clinics, as every position in the Service Unit provides a critical function that cannot be handled remotely*
 - Phoenix Area Office staff have worked today to start implementation. We will be sending out further contact guidance tomorrow but for the most part contact phone numbers will remain the same for all staff even if their physical location changes.
 - Phoenix Area Incident Command team will remain on site at the Area Office.

Daily Sit Reps and other data calls

- A new "Approved Format" Daily Sit Rep spreadsheet has been added to your service unit COVID19 folder. This report has to be rolled up daily (M-F) into a HQ report. Please submit these by noon (AZ time). The drop down formatting error has been corrected. Please let us know if you continue to see that error.
- In addition to the daily Sit Rep Spreadsheet, beginning today, March 16, 2020, we will also need to complete a daily Narrative Incident Action Report (IANR) for each service unit by 2 pm (AZ Time).
- A supply spreadsheet was sent to each SU for completion by COB today March 16, 2020. Thereafter needs to be updated weekly by COB Wednesday starting March 18. Please place in COVID-19 Supply Chain Folder.
- Updated CDC Risk assessment is due to Area by COB Wednesday March 18, 2020. Please place in folder entitled CDC Risk Assessment.

Updated Travel Guidance:

- Continue to limit attendance at large meetings that are not mission-critical.
- Restrictions on official IHS travel except mission-critical and COVID-19 response-related travel will be **extended through May 9**.
- Relocation of individuals will be postponed through May 9 except for mission-critical and COVID-19 response-related positions.
 - Relocation of individuals for mission-critical positions, such as health care providers, may continue. While all Service Unit positions are typically considered mission critical, please review non-health care service positions on a case-by-case basis.
 - Work with your Human Resources staff to make arrangements for postponing relocations if applicable. Consider flexibilities that would enable postponing relocations, but continue filling positions through mechanisms such as temporary telework arrangements (e.g. evaluate the opportunity to telework until a relocation can be completed).
 - Please keep track of relocations that occur during this time and ones that are postponed due to the new guidance.

Site Visits

- Due to updated travel guidance, effective today March 16, 2020, all site visits will be postponed/cancelled until May 9, 2020

Student and Resident Rotations:

- At this time, we need to cancel student and resident rotations through May 9. Please work with any students/residents/programs to ensure that any students/residents that are currently working at your facilities are able to travel safely home.

GAO Interviews

- At this time all IHS service unit level interviews and site visits with GAO that were scheduled or being scheduled are canceled/postponed until further notice and these meetings are rescheduled.

Impacts

- Please keep track of impacts at the SU level of the COVID19 response. Examples include such things as cancelled Health fairs, training opportunities, community based offerings etc.

Communications

- Information that is specific to facility operations, such as hours of operation, visitor policies, entry points, etc. are encouraged and do not need to be cleared by HQ public affairs. Any messaging regarding COVID-19 beyond basic operational info will still need to be cleared unless it is shared directly from a national HHS or IHS account.

Reminders

Please make sure at least one clinical employee from each SU attends the IHS ECHO call tomorrow March 17, 2020.

IHS Covid-19 TeleECHO Session
Medical Directors: Bruce Stuminger, MD, FACP
 Tuesday, March 17, 2020
 11:00 am – 12:00 pm Pacific Daylight Time
 12:00 pm - 1:00 pm Mountain Daylight Time
 1:00 pm – 2:00 pm Central Daylight Time
 2:00 pm – 3:00 pm Eastern Daylight Time

Introductions: Shawn M. D'Andrea, MD, MPH FACEP, FAAEM
 Welcoming remarks: RADM Michael Toedt, MD, FAAFP
 COVID-19 Situation Report: Vivian Huang MD, MPH
 COVID-19 Clinical Care: Jonathan Vilasier Iralu, MD, FACP

**Incident Management Team – COVID-19
Press Release**

To: Hualapai Community

From: Incident Commander

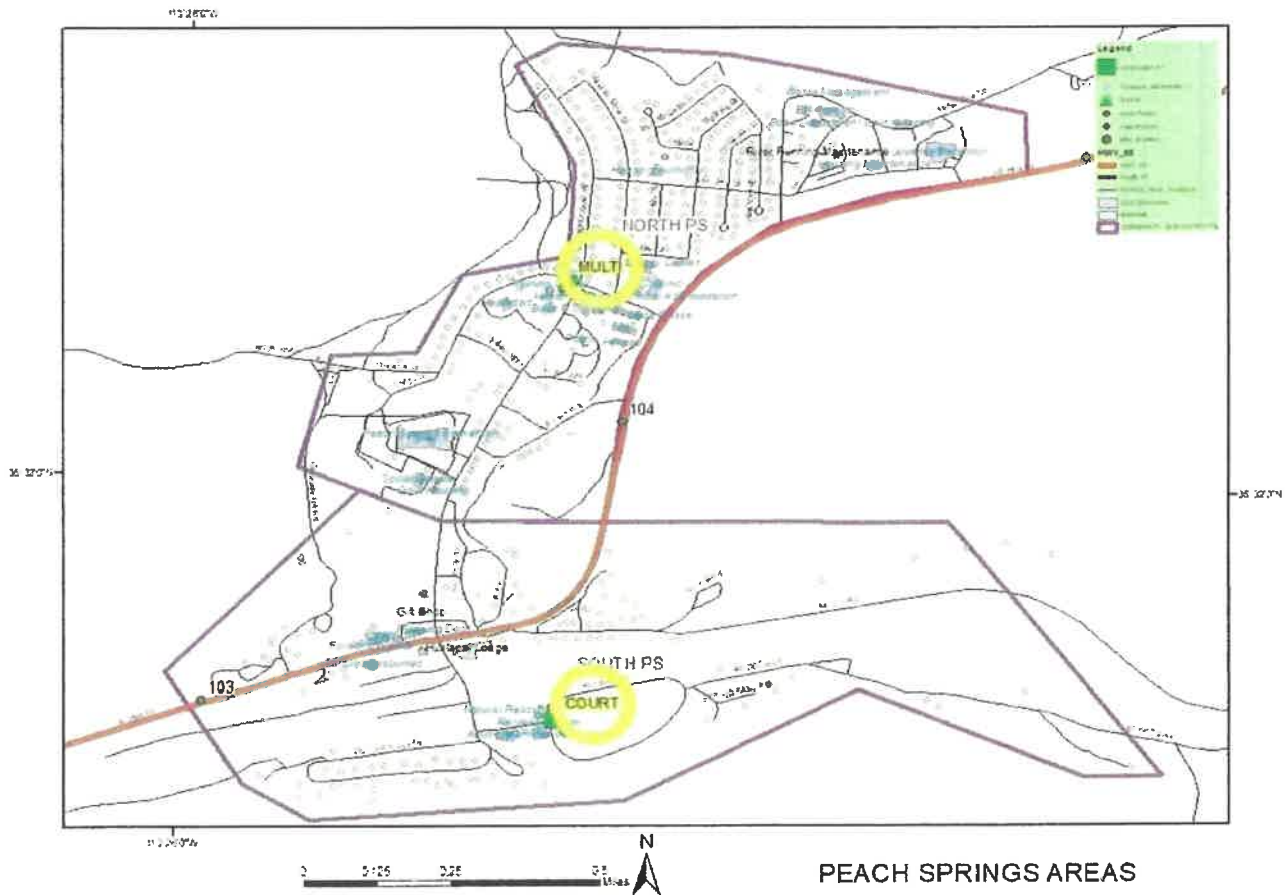

Date: March 18, 2020

RE: Meals for Children

On Thursday March 19th 2020, breakfast and lunch will be provided for anyone 18 and under at the Peach Springs Elementary School. Breakfast will be served between 8:00-9:00am and lunch will be served between 12:00-1:00pm. All meals will be packaged meals that you take home, and we ask that you try to remain at least 6 feet from others whenever possible.

Starting next week, breakfast and lunch will be available for pickup at four locations in and around Peach Springs. The pick-up time for breakfast will be 8:30-9:30am and lunch will be 12:30-1:30pm.

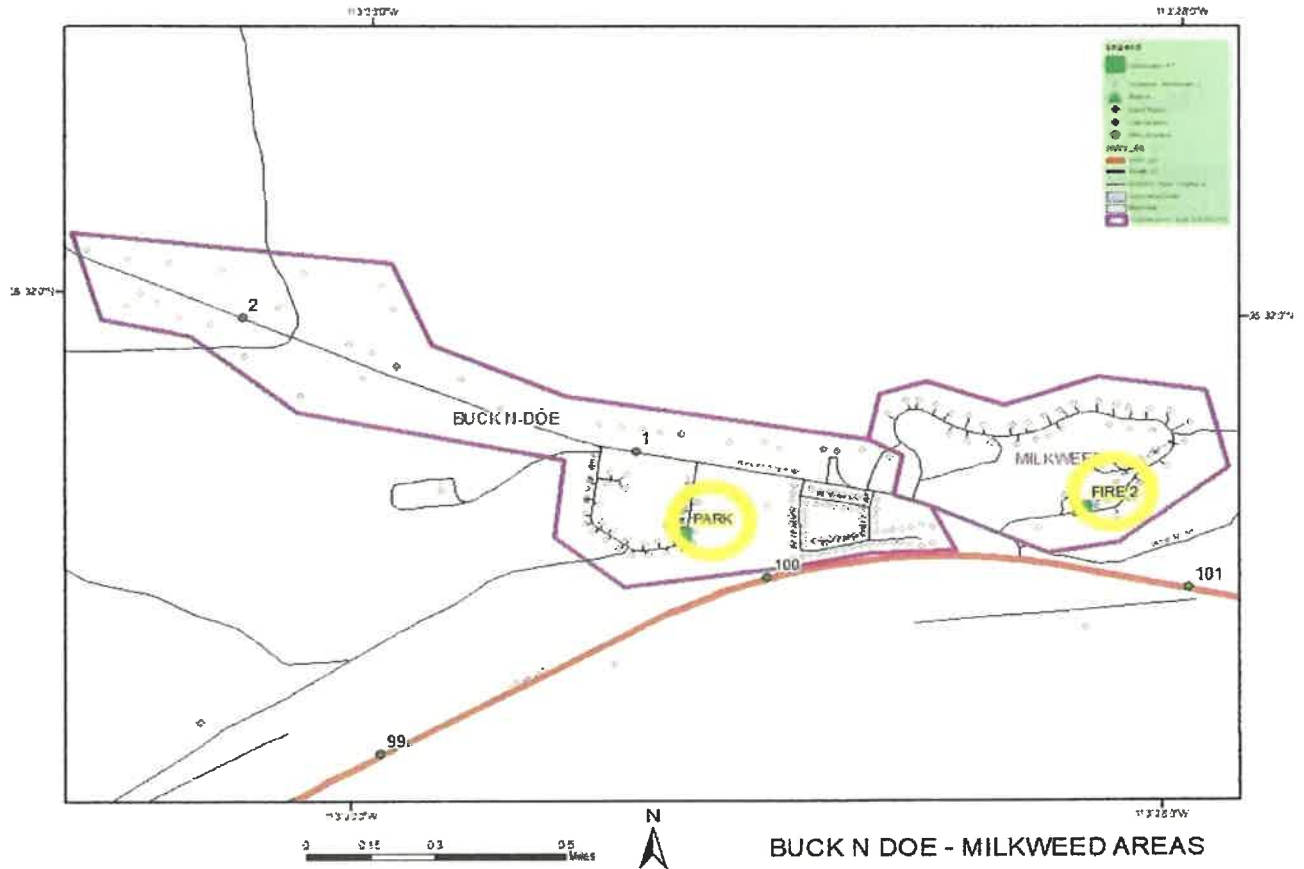

In the Peach Springs Area there will be pick-up locations in front of the **MULTIPURPOSE BUILDING** and the **TRIBAL COURTHOUSE**.

More Information on Back

Incident Management Team – COVID-19
Press Release

In the Buck N Doe and Milkweed Area there will be pickup locations in front of the **MILKWEED FIRE STATION** and the **BUCK N DOE PARK**.

These 4 locations will be available Monday to Thursday, March 23-26, and again Monday and Tuesday, March 30-31. We will have further details as we approach April 1st.

Head Start and Elderly meal deliveries are being handled separate and apart from these youth meal distributions.

As always, we will continue to keep everyone informed via flyers, radio announcements, community texts, website updates, and via the Gamyu.

If you have concerns or questions stop by the Incident Command Post located at the former BIA Forestry Office or call 928-769-2312.

Incident Management Team • Coronavirus (COVID-19) Information

Submitted by: Darlene Hernandez | Incident Management Team

Share Facts About COVID-19

Know the facts about coronavirus disease 2019 (COVID-19) and help stop the spread of rumors.

FACT

1

Diseases can make anyone sick regardless of their race or ethnicity.

People of Asian descent, including Chinese Americans, are not more likely to get COVID-19 than any other American. Help stop fear by letting people know that being of Asian descent does not increase the chance of getting or spreading COVID-19.

FACT

2

Some people are at increased risk of getting COVID-19.

People who have been in close contact with a person known to have COVID-19 or people who live in or have recently been in an area with ongoing spread are at an increased risk of exposure.

FACT

3

Someone who has completed quarantine or has been released from isolation does not pose a risk of infection to other people.

For up-to-date information, visit CDC's coronavirus disease 2019 web page.

FACT

4

You can help stop COVID-19 by knowing the signs and symptoms:

- Fever
- Cough
- Shortness of breath

Seek medical advice if you

- Develop symptoms

AND

- Have been in close contact with a person known to have COVID-19 or if you live in or have recently been in an area with ongoing spread of COVID-19.

FACT

5

There are simple things you can do to help keep yourself and others healthy.

- Wash your hands often with soap and water for at least 20 seconds, especially after blowing your nose, coughing, or sneezing; going to the bathroom; and before eating or preparing food.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.

STOP THE SPREAD OF GERMS

Help prevent the spread of respiratory diseases like COVID-19.

Avoid close contact with people who are sick.

Cover your cough or sneeze with a tissue, then throw the tissue in the trash.

Avoid touching your eyes, nose, and mouth.

Clean and disinfect frequently touched objects and surfaces.

Stay home when you are sick, except to get medical care.

Wash your hands often with soap and water for at least 20 seconds.

[cdc.gov/COVID19](https://www.cdc.gov/COVID19)

SYMPTOMS OF CORONAVIRUS DISEASE 2019

Patients with COVID-19 have experienced mild to severe respiratory illness.

Symptoms* can include

FEVER

COUGH

***Symptoms may appear 2-14 days after exposure.**

Seek medical advice if you develop symptoms, and have been in close contact with a person known to have COVID-19 or if you live in or have recently been in an area with ongoing spread of COVID-19.

SHORTNESS OF BREATH

For more information: www.cdc.gov/COVID19-symptoms

What to do if you are sick with coronavirus disease 2019 (COVID-19)

If you are sick with COVID-19 or suspect you are infected with the virus that causes COVID-19, follow the steps below to help prevent the disease from spreading to people in your home and community.

Stay home except to get medical care

You should restrict activities outside your home, except for getting medical care. Do not go to work, school, or public areas. Avoid using public transportation, ride-sharing, or taxis.

Separate yourself from other people and animals in your home

People: As much as possible, you should stay in a specific room and away from other people in your home. Also, you should use a separate bathroom, if available.

Animals: Do not handle pets or other animals while sick. See [COVID-19 and Animals](#) for more information.

Call ahead before visiting your doctor

If you have a medical appointment, call the healthcare provider and tell them that you have or may have COVID-19. This will help the healthcare provider's office take steps to keep other people from getting infected or exposed.

Wear a facemask

You should wear a facemask when you are around other people (e.g., sharing a room or vehicle) or pets and before you enter a healthcare provider's office. If you are not able to wear a facemask (for example, because it causes trouble breathing), then people who live with you should not stay in the same room with you, or they should wear a facemask if they enter your room.

Cover your coughs and sneezes

Cover your mouth and nose with a tissue when you cough or sneeze. Throw used tissues in a lined trash can; immediately wash your hands with soap and water for at least 20 seconds or clean your hands with an alcohol-based hand sanitizer that contains at least 60-95% alcohol covering all surfaces of your hands and rubbing them together until they feel dry. Soap and water should be used preferentially if hands are visibly dirty.

Avoid sharing personal household items

You should not share dishes, drinking glasses, cups, eating utensils, towels, or bedding with other people or pets in your home. After using these items, they should be washed thoroughly with soap and water.

Clean your hands often

Wash your hands often with soap and water for at least 20 seconds. If soap and water are not available, clean your hands with an alcohol-based hand sanitizer that contains at least 60% alcohol, covering all surfaces of your hands and rubbing them together until they feel dry. Soap and water should be used preferentially if hands are visibly dirty. Avoid touching your eyes, nose, and mouth with unwashed hands.

Clean all "high-touch" surfaces every day

High touch surfaces include counters, tabletops, doorknobs, bathroom fixtures, toilets, phones, keyboards, tablets, and bedside tables. Also, clean any surfaces that may have blood, stool, or body fluids on them. Use a household cleaning spray or wipe, according to the label instructions. Labels contain instructions for safe and effective use of the cleaning product including precautions you should take when applying the product, such as wearing gloves and making sure you have good ventilation during use of the product.

Monitor your symptoms

Seek prompt medical attention if your illness is worsening (e.g., difficulty breathing). **Before** seeking care, call your healthcare provider and tell them that you have, or are being evaluated for, COVID-19. Put on a facemask before you enter the facility. These steps will help the healthcare provider's office to keep other people in the office or waiting room from getting infected or exposed.

Ask your healthcare provider to call the local or state health department. Persons who are placed under active monitoring or facilitated self-monitoring should follow instructions provided by their local health department or occupational health professionals, as appropriate.

If you have a medical emergency and need to call 911, notify the dispatch personnel that you have, or are being evaluated for COVID-19. If possible, put on a facemask before emergency medical services arrive.

Discontinuing home isolation

Patients with confirmed COVID-19 should remain under home isolation precautions until the risk of secondary transmission to others is thought to be low. The decision to discontinue home isolation precautions should be made on a case-by-case basis, in consultation with healthcare providers and state and local health departments.

2019-nCoV: What the public should do

The current outbreak of 2019 novel coronavirus (2019-nCoV) was first identified in China but has now spread internationally, impacting an increasing number of countries. Sustained community spread is occurring in China. Limited person-to-person spread, most associated with close contact with a patient with confirmed 2019-nCoV, has been seen outside of China. No community spread of 2019-nCoV has been identified in the United States at this time.

In the coming days and weeks, we expect more confirmed cases in the United States, including some person-to-person spread. The goal of CDC's aggressive ongoing public health response is to prevent spread of 2019-nCoV in the United States.

What you should do

- **STAY INFORMED** – CDC is updating its website daily with the latest information and advice for the public. (www.cdc.gov/ncov)
- **REMEMBER TO TAKE EVERYDAY PREVENTIVE ACTIONS** that are always recommended to prevent the spread of respiratory viruses.
 - » Avoid close contact with sick people.
 - » While sick, limit contact with others as much as possible.
 - » Stay home if you are sick.
 - » Cover your nose and mouth when you cough or sneeze. Avoid touching your eyes, nose and mouth with unwashed hands; germs spread this way.
 - » Clean and disinfect surfaces and objects that may be contaminated with germs.
 - » Wash your hands often with soap and water for at least 20 seconds. If soap and water are not available, use an alcohol-based hand rub with at least 60% alcohol.
- **IF YOU FEEL SICK** with fever, cough, or difficulty breathing, and have traveled to China or were in close contact with someone with 2019-nCoV in the 14 days before you began to feel sick, seek medical care. Before you go to a doctor's office or emergency room, call ahead and tell them about your recent travel and your symptoms.

What you should not do

- **DO NOT** travel to China.
- **DO NOT** use facemasks. CDC does not recommend the use of facemasks for the **general U.S. public** to prevent the spread of 2019-nCoV.
- **DO NOT** show prejudice to people of Asian descent, because of fear of this new virus. Do not assume that someone of Asian descent is more likely to have 2019-nCoV.

All persons in the U.S.—including those of Asian descent—who have not traveled to China or been in contact with someone with a confirmed or suspected nCoV case in the last 14 days are at low risk of becoming sick.

What you need to know about 2019 Novel Coronavirus (2019-nCoV)

What is 2019 novel coronavirus?

The 2019 novel coronavirus (2019-nCoV) is a new virus that causes respiratory illness in people and can spread from person to person. This virus was first identified during an investigation into an outbreak in Wuhan, China.

Can people in the U.S. get 2019-nCoV?

The 2019-nCoV is spreading from person to person in China and limited spread among close contacts has been detected in some countries outside China, including the United States. At this time, however, this virus is NOT currently spreading in communities in the United States. Right now, the greatest risk of infection is for people in China or people who have traveled to China. Risk of infection is dependent on exposure. Close contacts of people who are infected are at greater risk of exposure, for example health care workers and close contacts of people who are infected with 2019-nCoV. CDC continues to closely monitor the situation.

Have there been cases of 2019-nCoV in the U.S.?

Yes. The first infection with 2019-nCoV in the United States was reported on January 21, 2020. The current count of cases of infection with 2019-nCoV in the United States is available on CDC's webpage at <https://www.cdc.gov/coronavirus/2019-ncov/cases-in-us.html>.

How does 2019-nCoV spread?

This virus probably originally emerged from an animal source but now seems to be spreading from person to person. It's important to note that person-to-person spread can happen on a continuum. Some viruses are highly contagious (like measles), while other viruses are less so. At this time, it's unclear how easily or sustainably this virus is spreading between people. Learn what is known about the spread of newly emerged coronaviruses at <https://www.cdc.gov/coronavirus/2019-ncov/about/transmission.html>.

What are the symptoms of 2019-nCoV?

Patients with 2019-nCoV have reportedly had mild to severe respiratory illness with symptoms of

- fever
- cough
- shortness of breath

CS 314937-A 02/25/2020

What are severe complications from this virus?

Many patients have pneumonia in both lungs.

How can I help protect myself?

The best way to prevent infection is to avoid being exposed to this virus.

There are simple everyday preventive actions to help prevent the spread of respiratory viruses.

These include

- Avoid close contact with people who are sick.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Wash your hands often with soap and water for at least 20 seconds. Use an alcohol-based hand sanitizer that contains at least 60% alcohol if soap and water are not available.

If you are sick, to keep from spreading respiratory illness to others, you should

- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces.

What should I do if I recently traveled to China and got sick?

If you were in China within the past 14 days and feel sick with fever, cough, or difficulty breathing, you should seek medical care. Call the office of your health care provider before you go and tell them about your travel and your symptoms. They will give you instructions on how to get care without exposing other people to your illness. While sick, avoid contact with people, don't go out and delay any travel to reduce the possibility of spreading illness to others.

Is there a vaccine?

There is currently no vaccine to protect against 2019-nCoV. The best way to prevent infection is to avoid being exposed to this virus.

Is there a treatment?

There is no specific antiviral treatment for 2019-nCoV. People with 2019-nCoV can seek medical care to help relieve symptoms.

Peach Springs Health Center Update • COVID-19 (Corona Virus Advisory)

Submitted by: Incident Management Team

**Peach Springs Health Center Update
COVID-19 (Corona Virus Advisory)****Colorado River Service Unit (CRSU)**

The Peach Springs Health Center will remain open Monday through Friday, 8:00 am to 5:00 pm.

In order to mitigate the spread of respiratory infections as well as with COVID-19 rapidly evolving, the Colorado River Service Unit implements best practices for health and welfare of patients and staff according to up to date CDC guidelines. We will be implementing the following changes.

All individuals entering the Peach Springs Health Center will be screened. Depending on the symptoms and screening results, a doctor may need to evaluate the individual to determine if collection for COVID-19 testing is appropriate. We ask that only one immediate family member can visit or present with the sick patient at a time.

If you are experiencing fever, cough, and have difficulty breathing call the clinic at (928) 769-2900 before coming in and inform the clinic of your symptoms. A staff member may need to provide you a mask or ask you to stay in your vehicle until a staff member is able to provide you a mask before entering the clinic.

Specialty Clinics (Audiology, OB/GYN, Rheumatology, and Ophthalmology) are canceled until further notice. The Dental Clinic will remain open Tuesdays and Thursdays from 9:30 am to 4:00 pm to evaluate and treat emergency dental cases. The Peach Spring Health Center has cancelled all scheduled appointments (clinic and dental) but will remain open to see walk-ins (clinic) or emergency (dental pain) in the dental clinic.

Pharmacy will begin issuing 90 day medication refills for all patients 65 years and older. If you are 65 or older, your doctor can also write new prescriptions for up to a 90-day supply of your medications. Exceptions to this policy are medications that require frequent monitoring and narcotics. Once the precaution for social distancing is over, medication fills and refills will revert to 30 days.

If you are a student currently home, please contact the Public Health Nursing Department and inform the Public Health Nurse of your current health status at (928) 769-2900.

For additional Information please contact:

- CDC: <https://www.cdc.gov/coronavirus/2019-ncov/hcp/guidance-risk-assesment-hcp.html>

Life is Better with Clean Hands • Handwashing

Submitted by: Rebecca Rice | Indian Health Service—Public Health Educator

Stop Germs! Wash Your Hands.

When?

- After using the bathroom
- Before, during, and after preparing food
- Before eating food
- Before and after caring for someone at home who is sick with vomiting or diarrhea
- After changing diapers or cleaning up a child who has used the toilet
- After blowing your nose, coughing, or sneezing
- After touching an animal, animal feed, or animal waste
- After handling pet food or pet treats
- After touching garbage

How?

Wet your hands with clean, running water (warm or cold), turn off the tap, and apply soap.

Lather your hands by rubbing them together with the soap. Be sure to lather the backs of your hands, between your fingers, and under your nails.

Scrub your hands for at least 20 seconds. Need a timer? Hum the “Happy Birthday” song from beginning to end twice.

Rinse hands well under clean, running water.

Dry hands using a clean towel or air dry them.

Keeping hands clean is one of the most important things we can do to stop the spread of germs and stay healthy.

LIFE IS BETTER WITH

CLEAN HANDS

Health Alert • Coronavirus Disease 2019 (COVID-19)

Submitted by: Rebecca Rice | Indian Health Service—Public Health Educator

HEALTH ALERT

**For 2 weeks after your trip —
WATCH YOUR HEALTH.**

STAY HOME if you feel sick with fever, cough, or have difficulty breathing,

- Call a doctor.
- Tell the doctor about your travel.

For more information: www.cdc.gov/COVID19

Health Alert: Coronavirus Disease 2019 (COVID-19)

You have traveled to a country with an outbreak of COVID-19 and are at higher risk.
COVID-19 is a respiratory illness that can spread from person to person.

Stay Home

Stay home for the next 14 days and monitor your health. Take your temperature with a thermometer two times a day and watch for symptoms.

If you feel sick and have symptoms:

- Call ahead before you go to a doctor's office or emergency room.
- Tell the doctor about your recent travel and your symptoms.
- Avoid contact with others.
- Do not travel while sick.

Symptoms

Illnesses have ranged from mild symptoms to severe illness and death. Symptoms may appear 2–14 days after exposure.

Symptoms can include:

Fever (100.4°F/38°C or higher)

Cough

Shortness of breath

Visit the website for more information on monitoring your health and how to contact local public health officials. Visit: www.cdc.gov/COVIDtravel

Keeping the workplace safe Encourage your employees to...

Practice good hygiene

- Stop handshaking – use other noncontact methods of greeting
- Clean hands at the door and schedule regular hand washing reminders by email
- Create habits and reminders to avoid touching their faces and cover coughs and sneezes
- Disinfect surfaces like doorknobs, tables, desks, and handrails regularly
- Increase ventilation by opening windows or adjusting air conditioning

Be careful with meetings and travel

- Use videoconferencing for meetings when possible
- When not possible, hold meetings in open, well-ventilated spaces
- Consider adjusting or postponing large meetings or gatherings
- Assess the risks of business travel

Handle food carefully

- Limit food sharing
- Strengthen health screening for cafeteria staff and their close contacts
- Ensure cafeteria staff and their close contacts practice strict hygiene

Stay home if...

- They are feeling sick
- They have a sick family member in their home

What every American and community can do now to decrease the spread of the coronavirus

Keeping the home safe Encourage your family members to...

All households

- Clean hands at the door and at regular intervals
- Create habits and reminders to avoid touching their face and cover coughs and sneezes
- Disinfect surfaces like doorknobs, tables, and handrails regularly
- Increase ventilation by opening windows or adjusting air conditioning

Households with vulnerable seniors or those with significant underlying conditions

Significant underlying conditions include heart, lung, kidney disease; diabetes; and conditions that suppress the immune system

- Have the healthy people in the household conduct themselves as if they were a significant risk to the person with underlying conditions. For example, wash hands frequently before interacting with the person, such as by feeding or caring for the person
- If possible, provide a protected space for vulnerable household members
- Ensure all utensils and surfaces are cleaned regularly

Households with sick family members

- Give sick members their own room if possible, and keep the door closed
- Have only one family member care for them
- Consider providing additional protections or more intensive care for household members over 65 years old or with underlying conditions

What every American and community can do now to decrease the spread of the coronavirus

Hualapai Human Resources Department • Administrative Leave Memo
 Submitted by: Hualapai Human Resources Department

Hualapai Human Resources Department
 P.O. Box 179 941 Hualapai Way
 Memorandum No. 20-20
 Peach Springs, AZ 86434
 (P) 928-769-2216 (F) 928-769-1191

3/17/20

From: Travis Godwin, Director
 To: Department Directors
 Subj: Administrative Leave due to Coronavirus (COVID-19)
 Ref: (1) Hualapai Tribal Council Resolution No. 19-2020
 (2) Hualapai Personnel, Policies & Procedures Manual, Ch. 12.8.

1. **Leave Period:** As per Hualapai Tribal Council Resolution No. 19-2020 non-essential Hualapai Tribal Employees will be on Paid Administrative Leave from **3/18/2020 through 3/31/2020** with the first day back to work being 4/1/2020. This period covers 14 calendar days. However, the paid number of days will coincide with the number of days that would have been normally worked had this leave period not been granted. **This period of administrative leave is in an effort to limit the potential spread of and exposure to the Coronavirus (COVID-19).**
2. **Paid Administrative Leave is limited to non-essential personnel only:** It is up to each Department Director to determine exactly who in your respective departments is considered non-essential. It is the intent of the resolution to limit employees coming to work to the maximum extent possible. Determine your absolute essential functions and then determine the bare minimum staff necessary to carry out those functions. Keep in mind that your department may not have any essential functions or personnel. Once you have determined which employees are considered non-essential and essential you must forward those names and position titles to the Human Resources office (myself & Sonja Crozier) and the Finance Director (Wanda Easter) via email. tgodwin@hualapai-nsn.gov scrozier@hualapai-nsn.gov & weaster@hualapai-nsn.gov.
3. **Travel:** It is the intent of the Paid Administrative Leave period and the resolution to limit the potential spread of and exposure to the Coronavirus (COVIC-19). With this in mind; during this period, any personal travel that is beyond a reasonable distance which goes

Coleen Mahonc

against the intent of the resolution may be charged as personal leave and may be accompanied by disciplinary measures.

4. **Budgeting:** It is recommended that you review your budget and do your best to make wise financial decisions during this period. If it is determined that self-isolation for our non-essential employees must continue past 3/31/2020 there is no guarantee that another Paid Administrative Leave period will be granted.
5. **Pay Period 6:** Your timesheets have already been tuned in, employees that receive Direct Deposit will continue to do so. Employees that need to pick up a paper check can come to the Tribal Admin Building, **Payroll Office** Thursday morning on 3/19/2020 to pick up your check. Come to exterior door on the West side of the building, there will be a sign on the door. If you need to have someone else pick up your check for you, ensure that they have a signed statement from you granting that specific person permission to pick up your check.
6. **Pay Period 7:** Timesheets will not be necessary for non-essential Tribal Employees. You will be paid as per your regularly scheduled work week/pay period. Direct Deposit will happen on schedule for this period. Paper checks will be made available on 4/2/2020 in the same manner as Pay Period 6.
7. **Tribal Website:** Ensure that you check the Tribal Website at <https://hualapai-nsn.gov/> for up to date information and notices.

Hualapai Tribe • Community Update on Departments

Submitted by: Hualapai Tribal Council

The Great Spirit created Man and Woman in his own image. In doing so, both were created as equals. Both depending on each other in order to survive. Great respect was shown for each other, in doing so, happiness and contentment was achieved then, as it should be now.

The connecting of the Hair makes them one person; for happiness or contentment cannot be achieved without each other.

The Canyons are represented by the purple in the middle ground, where the people were created. These canyons are Sacred, and should be so treated at all times.

The Reservation is pictured to represent the land that is ours, treat it well.

The Reservation is our heritage and the heritage of our children yet unborn. Be good to our land and it will continue to be good to us.

The Sun is the symbol of life, without it nothing is possible - plants don't grow - there will be no life - nothing. The Sun also represents the dawn of the Hualapai people. Through hard work, determination and education, everything is possible and we are assured bigger and brighter days ahead.

The Tracks in the middle represent the coyote and other animals which were here before us.

The Green around the symbol are pine trees, representing our name Hualapai - PEOPLE OF THE TALL PINES -

HUALAPAI TRIBE OFFICE OF THE CHAIRPERSON

P.O. Box 179 / 941 Hualapai Way • Peach Springs, Arizona 86434

Mac Chatman

Date: March 18, 2020

Tribal Department Directors & Hualapai Community Members,

Gamyu!

To prevent the spread of the Coronavirus (COVID-19), the Hualapai Tribal Council went on record to declare a State of Emergency for the Peach Springs Community.

It is imperative to state we are taking precautionary measures by instituting a Partial Shut Down for our Corporation (Grand Canyon Resort Corporation (GCRC)) and Tribal Departments. This effort is recommended by the Centers for Disease Control and Prevention (CDC).

Tribal Council strongly suggests following the CDC guidelines by keeping the recommended 6-foot distance from other individuals, self-isolation to prevent the possible spread, and getting medical attention if you show any symptoms.

Tribal Council also went on record to activate the Incident Command Team. This team was constructed by the Tribal Council, your cooperation with the Team, is greatly appreciated.

Incident Command Team is listed as follows:

1. Incident Commander: Melvin Hunter Jr.
2. Finance Officer: Wanda Easter
3. Public Information Officer: Darlene Wakayuta, Terri Hutchen, and Mikel Allen
4. Communications: Mikel Allen, Police Department, EMS
5. Security: Duane Clarke, Scott Crozier, Freddy Watahomigie
6. Logistics: Rosemary Sullivan, Jason Davis, Naomi Shongo
7. Medical: IHS, EMS
8. Transportation: Ernie Wright & Ginger Kathade
9. Supplies: Melvin Hunter Sr. (Elvis) & Athena Crozier

The following Tribal Departments were deemed Non-Essential, and will be partially closed, and may not be available to the public:

1. Administration – not including HTC Administrative Assistant (On-call for Council) & Limited Finance Department (928) 769-2216 extensions: 1111, 1135, 1121 and 1117. Limited Community Hours will be from 9 am to 12 pm. Monday through Friday for the Tribal Administration Office
2. Boys & Girls Club –Completely Closed
3. Cultural Resources –Completely Closed
4. Custodial –Limited
5. Daycare Center –Completely Closed
6. Elderly Center – Delivery Only
7. Enrollment –Completely Closed
8. Game & Fish –Limited (928)769-2227
9. Headstart –Completely Closed
10. Health Education and Wellness – Counselor’s on-call, Limited CHR & Medical Transportation
11. Housing – Maintenance on-call, Security (ICT)
12. Human Resources –Completely Closed
13. Judicial – Court, Public Defenders & Prosecutors –Completely Closed
14. Natural Resources – Not including Water Resources On-call
15. Planning Department –Completely Closed
16. Public Works –Limited Services
17. Recreation –Completely Closed
18. Roads Department –Limited
19. Social Services –Limited
20. TERO –Completely Closed
21. Training Center –Limited to Education Services
22. Transit –Limited to the Incident Command Team needs
23. Youth Camp –Completely Closed

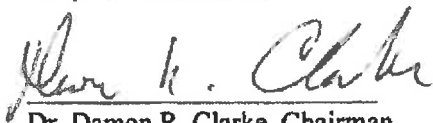

The following departments are deemed Essential:

1. Adult Detention
2. EMS-Fire-Dispatch –Limited Animal Control
3. Healing House
4. Indian Health Services (IHS)
5. Juvenile Detention
6. Police Department
7. Radio Station
8. Non-Emergency Medical Transportation –Dialysis Only

Please be reminded this effort is to reduce the spread of COVID-19, and to keep the Hualapai People safe and healthy, especially our Hualapai Elderly and our Hualapai Youth.

In closing, we need to continue to practice cleanliness and sanitation to all multi use surfaces and self-isolation to prevent this virus from entering the Peach Springs Community. Updates from the Incident Command Team will be available on the Tribal Website, the Tribal Radio Station KWLP The Peach, the Hualapai Tribe’s Text Notification, and Tribal Employee Emails (for mobile users).

Keep each other safe,

Dr. Damon R. Clarke, Chairman
Hualapai Tribal Council

Peach Springs Az 86434

Effective Immediately

The Hualapai Elderly Center will be CLOSED for 2 weeks. During this time, we will move all Active Congregate Hualapai Elders to home bound starting March 17, 2020. Monday through Friday all Elders will be receiving both breakfast and lunch through homebound. I, Katelyn Munoz, will be available in the morning with the Kitchen staff from 6 a.m. to 11 a.m. After 11 a.m. I will be on call and can be reached @ [928-769-6639](tel:928-769-6639) or [@ 925-789-9243](tel:925-789-9243).

Please be advised we are doing our best to accommodate all Elders at this time.

If any Elders should have any questions, or concerns please feel free to give Katelyn Munoz a call.

At this time No Volunteers will be needed.

For the safety of the Elders and the staff we will decline that at this time.

I will keep all Elders up to date as much as possible as the weeks go by.

Please stay calm, stay safe.

Hualapai Department of Natural Resources • Department Non-Essential Services Shut Down

Submitted by: Danielle Bravo | Hualapai Planning Department | Source: HDNR Facebook

March 18, 2020

To: Hualapai Tribal Council
From: Richard Powskey, Director
Hualapai Department of Natural Resources

Subject: Department non-essential services shut down

The Hualapai Department of Natural Resource's (HDNR) is submitting this memo to inform the Hualapai Tribe and Human Resource's of our plan to shut down non-essential services per Council resolution No. 19-2020. This is in response to curtailing the spread of the Coronavirus/COVID-19.

The department is planning to maintain minimal staffing to carry out administrative duties and Range Water field maintenance as needed. Are phone number will be posted to receive calls and messages.

Essential staff are;

Mr. Richard Powskey, Director
Mr. Francis Munoz, Agriculture Assistant
Mr. Gilbert Crook, Range Water Technician
Mr. Blake Watahomigie Range Water Technician
Mr. Edwardo Delgadillo, Range Water Technician
Mr. Raven Honga, Assistant Forest Manager

Non-essential staff are:

Ms. Annalita Doka, Receptionist
Ms. Kenna Vollmar, Secretary
Mr. Edison Manakaja, Cultural Monitor
Mr. Dudley Manakaja, Range Water Technician
Mr. Daniel Alvarado, Agriculture Technician
Mr. Joseph Querta, Agriculture Technician
Mr. Winkie Crook, Wildlife Fishers and Parks Program Manager
Mr. Alvin Crook, Water and Air Program Manager
Mr. Garwain Sinyella, WF&P Technician
Mr. Kendrick Rocha, WF&P Technician
Mr. Lanny Siyuja, Water & Air Technician
Mr. Jalen Walker, Water & Air Technician

The department will remain closed during this 14 day period. We will continue to contribute our efforts to other Departments as requested, including the Incident Command Team.

Please contact me if you have questions or I can be of further assistance at 928-769-2254 (office) or 480-249-8611 (cell)

Per Wildlife Fisheries Park Manager, Winkie Crook, there will be no bounties taken during the shutdown.

Hualapai Tribe • Minor Trust Fund Update Due to Coronavirus

Submitted by: April Siewiyumptewa | Hualapai Tribal Administration

Minor Trust Fund Update Due to Coronavirus (COVID-19)

Due to the recent fluctuations with the stock market due to the coronavirus, a few Tribal members have asked how the children's Trust funds are holding up during this time. I reached out to the Providence Trust Company and this is the information they provided for me to share:

"We understand concern regarding your Minors Trust during this volatile time period caused by the outbreak of the coronavirus (COVID-19). Please be assured that the Hualapai Indian Tribe Minors Trust is invested very prudently. Less than 30% of the trust is invested in the stock market. About 50% is invested in bonds or fixed income which has been more stable, and about 20% of the trust is currently invested in money market, meaning cash, that is completely stable. So, the Minors Trust is invested quite conservatively right now. The 30% invested in stocks has been impacted and has caused some negative returns over the last short time period. However, the stocks had been performing very well for several years and the short-term affect has also been minimized because most of the trust investments are in bonds and cash. Also, it is important to remember that the investments have done well and have positive investment gains over the long term despite the recent negative investment returns. It is widely believed that the coronavirus is a temporary factor on the stock market, and that the stock market will rebound later this year. The Minors Trust is invested with a long-term perspective as the minors money is invested for many years before it is withdrawn."

Hualapai Department of Education & Training • GED Class Schedule Change

Submitted by: Hualapai Department of Education & Training

**GWE SPO:JA YIWO****Department of Hualapai Education & Training**

P.O. BOX 179
460 HUALAPAI WAY
PEACH SPRINGS, AZ 86434-0179
PHONE: (928) 769-2200 • FAX: (928) 769-1101

MEMO

From: Leon Ghahate, Director of Training and Education Hualapai Tribe

To: Hualapai Employee and WIOA GED and Online High School Students

Subject: GED class schedule change

This is to inform all GED and Online high school students who are employed by the tribe who are being placed on administrative leave for the next 14 days you are required to work on your studies from home. As you know, participants employed with the tribe are granted six hours administrative leave to attend class. Lisa Siyuja (GED instructor) and Amy Querta (Online High School) have notified students that they will be monitoring students who are online, as well as students who have been given packets to work from home. Employees who have been deemed essential by their departments as well as employees who are a part of incident command will be exempt. Any non-compliance with the programs requirements will be immediately reported to Hualapai Human Resources.

Thank you and Be Safe

Chairman Damon Clarke

Hualapai Head Start • Coronavirus Closure Plan

Submitted by: Danielle Bravo | Hualapai Planning Department

**HUALAPAI HEAD START**

P.O. Box 179

479 Hualapai Way Peach Springs, AZ 86434-0125

Phone: (928) 769-2522 Fax: (928) 769-2457

*“This institution is an equal opportunity provider.”***Head Start Coronavirus Closure Plan**

In the event to protect the Hualapai Community under the directive of the Hualapai Tribe, Head Start will close for 14 days. Head Start will re-open April 6, 2020 at 8:00 a.m. During this closure we will sanitize the building. Upon re-opening we will follow a “Preventive Plan”.

The Hualapai Head Start is prepared to provide learning experiences for our children at home by developing an **Extended Absence Educational Packet** and daily learning activities posted on the Head Start face book page.

We will deliver activities and post ideas on Facebook and provide a daily log sheet for parents to log all the educational activities and books you work with your child. When we return back to school you will be given tickets for each two items you complete with your child for a mystery gift basket drawing.

We are going to “Pilot” a food delivery to **enrolled** Peach Springs Hualapai Head Start area children. Changes could be made as we work out the kinks. Head Start children will be delivered a fresh nutritional breakfast, lunch and snack items Monday through Thursday starting March 17, 2020 to April 2, 2020 between the times of 10:00 a.m. to 12:00 p.m.. If you are interested please follow the directions on Facebook and messages from the OneCall.

The delivery route will be uptown Peach Springs, downtown Peach Springs, Milkweed and Buck and Doe area. Food will have to be signed for. We will honk outside for someone to come out and pick up.

The Hualapai Head Start Programs understands that when we experience difficulties within our community, it is important for us to continue to provide that same services to our children and families without missing a beat.

Thank you for your support and if you have questions call the center 769-2522 or message us on Facebook.

Head Start Staff/March 17, 2020

Mission

Our mission for the Hualapai Head Start is to provide quality education, to preserve Hualapai culture and embrace diversity. Head Start program is empowered to embrace healthy child development, nutrition, serve children with disabilities and provide services to low income families who will create and believe in a positive future.

Vision

Our vision at the Hualapai Tribe Head Start will provide a strong learning foundation with cultural values to empower children and families to become future leaders, and rebuild a community that embraces their culture for success.

Hualapai Head Start • Prevention Plan

Submitted by: Danielle Bravo | Hualapai Planning Department

**HUALAPAI HEAD START**

P.O. Box 179

479 Hualapai Way Peach Springs, AZ 86434-0125

Phone: (928) 769-2522 Fax: (928) 769-2457

*“This institution is an equal opportunity provider.”***Head Start Coronavirus Preventive Plan**

Starting Monday, April 6, 2020 we will implement our preventive plan for the Coronavirus.

Children riding the bus will be given hand sanitizer before getting on the bus. They will also have their temperature taken. If temperature is a low grade at 99, they will need to stay home until they have no temperature.

Children brought into the Head Start will sign them in at the front desk. They will also wash hands with sanitizer and temperature will be taken. If temperature is a low grade at 99, they will need to go back home.

We are asking family members not to enter the classrooms for a while until health concerns for the virus have slowed down or are gone. A staff member will escort your child to their classroom.

Head Start follows the OSHA cleaning guidelines and this procedure will ensure our children

Because we will implement these procedures starting Monday, April 6, 2020 the bus will only wait 2 minutes regardless and could be running late. We must stay on schedule and arrive at the center by 8:00 am.

This is our Preventive Plan, if you have questions please feel free to call the Director at 769-2522. Thank you for your support.

Mission

Our mission for the Hwal'bay Head Start is to provide quality education, to preserve Hwal'bay culture and embrace diversity. Head Start program is empowered to embrace healthy child development, nutrition, serve children with disabilities and provide services to low income families who will create and believe in a positive future.

Vision

Our vision at the Hualapai Tribe Head Start will provide a strong learning foundation with cultural values to empower children and families to become future leaders, and rebuild a community that embraces their culture for success.

Hualapai Tribal Court Update

Submitted by: Adeline Crozier | Hualapai Tribal Administration

Email from 3/18/20

Good afternoon,

This afternoon, the Chairman came by and requested that we completely shut-down the Tribal Court. We had already taken steps to limit our docket – all civil/family cases had already been moved out 45 days; and all criminal cases in which the public defender's office represented the defendant had also been moved; and we were encouraging telephonic appearance at any further hearings still on the docket.

Effective immediately, the Court is shut-down. Any and all hearings that are on the Court's Docket between now and April 1, 2020 (the target-date for return, pursuant to the Tribal Council's Resolution) are considered continued to a date that shall be determined once we return to operations. For greater measure, the 0830hrs Hearings (Pre-Trial Hearings) on the docket for that day should also be considered continued; and the Jury Trial case that was scheduled for that date was already dismissed this afternoon.

My understanding is that arrests shall be kept to a minimum, and most cases shall be cite & release. However, there are potential for more-serious offenses (particularly under the pandemic circumstances) that would be violence-related in which case cite & release may not be appropriate. Therein lies our problem and dilemma.

Therefore, throughout the duration outlined in the Tribal Council's Resolution 19-2020, the Court is going to interpret the Codes in the following manner: the Administrative Time between today and April 1, 2020, shall qualify as a "weekend observed by the Tribe." This affects Section 5.11 (Requirements to file criminal complaints within 24 hours – excluding weekends and holidays) as well as Section 5.12 (No detention longer than 24 hours excluding weekends and holidays) and further excludes any filing deadline requirements for Juvenile Cases. The Court is also going to encourage the Prosecutor's Office to exercise their discretion to request the release of any detainees for whom the Tribe does not intend to immediately pursue charges – directly to HADC. And, HADC should consider any such request from the Prosecutor's Office as containing the approval of the Tribal Court, and release the Detainee accordingly.

I expect to check-in daily with our staff, and with the Staff of the Prosecutor's Office, Public Defender's Office, Police Department, and HADC, via e-mail. Unless there is a server problem, then I should have access to this work e-mail account from home on the Court's iPad. However, I am also going to be providing my personal e-mail and personal cell number below in case anyone needs to get in touch with me. *Please note that I tend to screen calls because of robo-calls, so texting me before calling me would be best if you need to reach me (unless your contact is already added to my address book – in which case there is no need to screen).*

I have prepared a Notice, that I am going to be posting to the Court's Front Door before I leave today. **The Notice is attached, and (Mr. Chairman) may be passed along as new information/updates being sent out via Community Text, and the Radio.**

So, for now, the Court is shut-down, and we shall be back up on Wednesday, April 1, 2020, at 0800hrs. Everyone please be safe,

Niawenhko:wa tanon Sewatera'swiiohak,
(Thank you very much, and may your paths be fortunate)

Kania

Grand Canyon West • Temporarily Suspends Operations Starting March 18th

Submitted by: Phylcia Middleton | Grand Canyon Resort Corporation

**GRAND CANYON WEST TO TEMPORARILY SUSPEND OPERATIONS STARTING MARCH 18TH TO GUARD AGAINST CORONAVIRUS SPREAD**

GRAND CANYON WEST, AZ. – In an effort to keep visitors, suppliers and team members as safe and healthy as possible, Grand Canyon West will temporarily suspend operations at Grand Canyon Skywalk and the company's other tourism experiences as of March 18, 2020.

"We have been monitoring directives from federal, state and local public health agencies closely for several weeks," said Colin McBeath, CEO of the Grand Canyon Resort Corporation, which owns and operates GCW. "At this point in the coronavirus outbreak, there's too much uncertainty for us risk the health of our guests and the people we work with on a daily basis. Obviously, this is a very dynamic situation. At this point, our plan is to reevaluate the situation in two weeks and decide then on an appropriate timetable for reopening."

Besides Skywalk, GCW's tourism experiences to be closed temporarily include Hualapai River Runners tours of the Colorado River, the Zipline at Grand Canyon West, the Hualapai Ranch and its rustic cabins along the West Rim and the Hualapai Lodge in Peach Springs on historic Route 66.

The Lodge's Diamond Creek restaurant will continue to operate for takeout orders only from 11 am to 7 pm. The Walapai Market on Route 66 will continue to operate normal hours.

Visitors who have purchased Grand Canyon West tickets or hotel accommodations for the impacted dates will have the opportunity to reschedule their trip at a later date or to seek a refund, said McBeath. Guests who want to make changes, seek a refund or get more information can call 1-888-868-WEST or 928-769-2636 or email Reservations@GrandCanyonResort.com.

The company will continue to pay its more than 500 employees during the closure, said McBeath.

To date, no team members or GCW visitors have reported testing positive for coronavirus.

"Obviously, as with so many businesses, this unprecedented situation has put a significant strain on our people," said McBeath. "We want to do everything we can to support the GCW family, our partners and guests during what is a very difficult time for one and all."

Virtually all of the GCW tourism entities are outdoors, with minimal physical contact between guests and team members. In early March, GCW and its vendors instituted advanced cleaning measures to ensure public health and safety. Team members were trained in stricter janitorial and disinfecting procedures and provided with updated information on identifying concerns or issues with guests. Emergency services had been placed in a state of advanced preparedness.

For interviews, please contact David Leibowitz at 602-317-1414 or at david@leibowitzsolo.com. For more information, visit <http://grandcanyonwest.com/> today.

Grand Canyon West • 32nd Anniversary and Mohave County Days Postponed

Mohave Electric • Alternate Options Available to Avoid Trip to MEC Office

Submitted by: Zen MocarSKI | Mohave Electric Cooperative

NEWS

Zen MocarSKI
Public Affairs Specialist
(928) 758-0579

FOR IMMEDIATE RELEASE**March 16, 2020**

Alternate options available to avoid trip to MEC office

BULLHEAD CITY, Ariz. – As the Coronavirus, or COVID-19, situation continues to evolve, Mohave Electric Cooperative reminds members of alternate options to avoid a trip to its Member Services Office.

“With the well-being of our members a priority, and the thought of containing the spread of the virus, we recommend our members use other available options,” said Rick Campos, chief operating officer at MEC. “Social distancing is a practice encouraged by the World Health Organization and Centers for Disease Control and Prevention.”

The MEC Member Services Office on Hancock Road currently remains open, but members may prefer other options at this time. In addition, Campos said MEC continues its long-standing priority to provide safe, reliable electric service.

Among the most popular payment options is a member creating or using their existing SmartHub account or the SmartHub mobile app. Creating an account is simple and, once established, members can pay their bills electronically. Member Services can help those having problems establishing an account.

Members can also pay by phone by calling Member Services at (928) 763-1100 and select option 4 or use the IVR automated system by calling (877) 371-9379.

Members can also fill out a membership application online, print it out, sign it, and either email to msservices@mohaveelectric.com or fax to (928)763-7357. Disconnects, billing questions, and payment arrangements can also be conducted by calling the Member Services Office at (928) 763-1100.

“By limiting contact and washing our hands regularly, we all play a role in helping slow the spread of the virus,” Campos said.

For those who need to stop by the Member Services Office, a concerted effort is made to sanitize door handles and countertops throughout the day and hand sanitizer is available to use at the office by both members and MEC employees.

“We want to thank all our members for their concern for our community,” Campos said.

Visit the MEC website www.mohaveelectric.com and Facebook page for updated information.

Mohave Electric • MEC Temporarily Suspends Disconnects

Submitted by: Zen Mocarski | Mohave Electric Cooperative

**NEWS****Contact**

Zen Mocarski
Public Affairs Specialist
(928) 758-0579

FOR IMMEDIATE RELEASE**March 17, 2020****MEC temporarily suspends disconnects**

BULLHEAD CITY, Ariz. – Amid the Coronavirus, or COVID-19, pandemic, Mohave Electric Cooperative will temporarily suspend disconnects and late fees immediately until April 3.

“The health and well-being of our members and employees is our number one priority at this time,” said Rick Campos, chief operating officer with MEC. “Some of our members are going to face a financial burden as this situation continues to progress.

“Bills will become due down the line. This decision is meant to provide temporary relief during a difficult time. It is important our message be clear in this regard to avoid potential conflict down the road.”

MEC is aware some members might not have immediate access to funds to pay off their electric bill and encourage all to contact MEC at (928) 763-1100. MEC can work with members on a payment plan to remain in good standing until the national emergency abates.

If a disconnect notice is received, please contact MEC to make payment arrangements.

Members can also contact MEC for information about low-income assistance, which can be found in the MEC brochure “Programs to Help Members Save Energy and Money” available at the MEC website www.mohaveelectric.com in the Member Services dropdown menu or by mail if requested.

Members should continue to monitor the MEC website and Facebook page for updated information.

Public Notice of proposed new Housing Dept. Building.

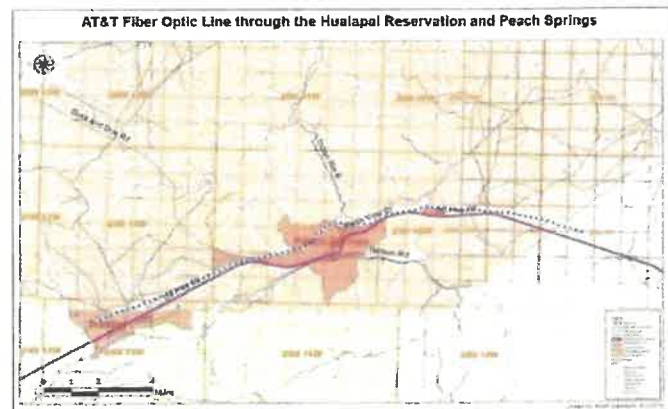

Seeking Hualapai Tribal Members • Negotiate a New Right-of-Way Agreement for AT&T Fiber Optic Line

Submitted by: Kevin Davidson | Hualapai Planning Department

Seeking Hualapai Tribal Members to be part of a Team that will negotiate a new Right-of-Way Agreement for AT&T's fiber optic line

At its Regular Meeting on March 7, 2020, the Hualapai Tribal Council approved a motion to seek out tribal members to be part of the team that will negotiate a new grant of easement for right-of-way for the existing buried fiber optic telecommunications cable that runs across the Hualapai reservation north of Highway 66 (see photo and map).

The negotiation team will be given an overview of the AT&T fiber optic line by the tribe's attorney and tribal staff, be asked to meet over the next several months to discuss the tribe's telecommunication needs, develop a negotiation strategy, agree on the type of compensation to be given to the tribe by AT&T, and then be asked to meet face to face with AT&T representatives to present the tribe's offer, evaluate AT&T's counter-offers, and ultimately make a recommendation to tribal council.

Please prepare a short letter of interest describing your qualifications and general motivation to be a member of the negotiation team and what you hope to achieve for the Hualapai Tribe. Please bring or e-mail (clee@hualapai-nsn.gov) your letter of interest to the Tribal Office, 941 Hualapai Way, attention Christine Lee, by Friday, March 27, 2020, at 5:00 PM. Tribal Council will schedule interviews shortly thereafter. You may use the back of this notice to write your letter of interest. Thank you for your thoughtful consideration of this request and desire to enhance telecommunication services on the Hualapai Reservation.

May 14 -16, 2020
Mesa, Arizona

The American Indian and Alaska Native population suffers from the worst oral health disparities when compared to all other ethnic groups in the United States. The goal of the American Indian/Alaska Native Pre-Dental Admission Workshop (PAW) is to promote the health of Indian Country by increasing the number of AI/AN dentists. The workshop will help attendees **navigate the dental school application process, strengthen their applications, and expand their professional network.**

The workshop will be held at the Arizona School of Dentistry and Oral Health (ASDOH) in sunny Mesa, Arizona. Attendees will receive travel, lodging and meals. Workshop topics include:

- Hands-On Dentistry in a Simulation Clinic
 - Understanding the Application Process
 - Admissions Test (DAT) Preparation Techniques
 - Personal Statements
 - Interview Process Including Mock Interviews
 - Financial Aid and Scholarship Resources
 - Dental School Tour
 - Networking Opportunities
 - Stress/Performance Relationship
 - Professional Headshots
- And more!

Mail or email application materials –
must be received by: **Tuesday,
March 31, 2020, 5:00 p.m. MT**

WHO SHOULD APPLY

American Indian and Alaska Natives who:

- Have a connection to an American Indian or Alaska Native tribe/nation/community and
- An interest in applying to dental school

Additionally, applicants must meet one of the following criteria:

- Current high school senior (must be 18 years)
- Current community college or undergraduate student
- Recent college graduate who plans on applying to dental school

In compliance with the Clery Act and Section 86 of DOE regulations, the university makes the following information available to all prospective students, admitted students, and current students: Annual Security Report, Annual Fire Safety Report, and the Drug and Alcohol Abuse Prevention policies. This information can be accessed online (see links below). A hard copy can also be requested by contacting Student Affairs at mostudentaffairs@atsu.edu or azstudentaffairs@atsu.edu; or at [660-626-2516](tel:660-626-2516) (Missouri) or [480-2196126](tel:480-2196126) (Arizona).

CDC Vital Signs • Screening for Colorectal Cancer

Submitted by: Rebecca Rice | Indian Health Service—Public Health Educator

Vital^{CDC}signs™#vitalsigns
MAR. 2020**Screening for colorectal cancer**
Don't wait—50's great

Want to learn more?

www.cdc.gov/vitalsigns/colorectalcancer**50**

Screening for colorectal cancer is recommended beginning at age 50.

1 in 2

But only one-half of adults have gotten a screening test in their early 50s (age 50–54).

6

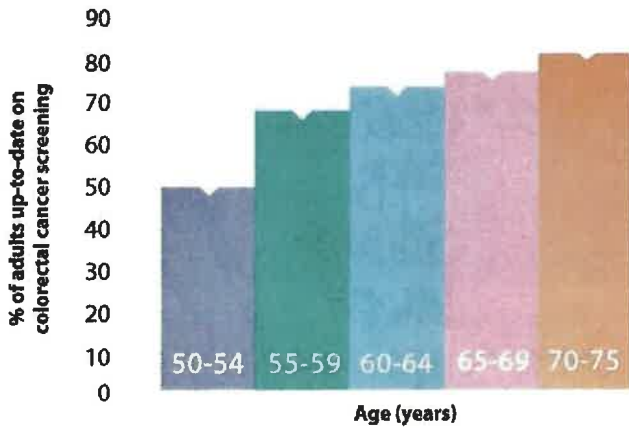

There are six different screening tests, some that can be done either at home or in a clinic, that can prevent or detect cancer early.

Overview:

Colorectal cancer is the #2 cancer killer of both men and women in the US. But colorectal cancer is a preventable disease. Colorectal cancer starts with a precancerous polyp (abnormal growth) in the colon, which can be removed without surgery. The US Preventive Services Task Force recommends that adults of average risk begin screening for colorectal cancer at age 50. While screening increases as people get older, national targets for screening have not been met. Adults are likely to get screened when healthcare providers talk to them about their options. Adults ages 50–75 should talk to their doctor about when they should be screened.

**PROBLEM:****Not starting screening at 50****Question:** What if I don't have any symptoms?**Answer:** Colorectal cancer often doesn't cause symptoms early on.**Question:** Is the test unpleasant or embarrassing?**Answer:** There are several kinds of tests that can be done in the clinic or at home. Talk with your healthcare provider about the best option for you.**Question:** Do I need to be screened if no one in my family had colorectal cancer?**Answer:** Yes. Family history can put you at higher risk, but most colorectal cancers happen in people with no family history.Centers for Disease
Control and Prevention
National Center for Chronic
Disease Prevention and
Health Promotion

People in their early 50s delay getting their first colorectal cancer screening test

SOURCE: CDC 2018 Behavioral Risk Factor Surveillance System

Many screening test options are available

There may be some preparation involved prior to your test.

Home

- Fecal Immunochemical Test (FIT)
- FIT-DNA Test
- Fecal Occult Blood Test (FOBT)

Outpatient

- Colonoscopy
- Computed Tomography (CT) Colonography
- Flexible Sigmoidoscopy

SOURCE: CDC Vital Signs, March 2020.

If you're going to be 50 years old soon or if you're in your 50s now and haven't been screened yet—don't wait to prevent colorectal cancer.

Take the time for your health. Talk to your doctor about the best test for you based on your preferences—then get that test done.

THE WAY FORWARD >>>

HEALTHCARE PROVIDERS CAN:

- Take advantage of any medical visit to tell patients they need to get screened starting at 50.
- Let patients know that there is more than one test option that can be done in the clinic or at home.
- Offer recommended test options with advice about each.
- Use reminder systems to notify patients when to get a test done and if they need follow-up tests.

EVERYONE CAN:

- Learn about the six different screening test options.
- Talk to your doctor about the best test for you based on your preferences.
- Find out if you're at higher risk than most people because of family history or other reasons.
- Ask about which tests are covered by insurance.
- Don't wait: Use age 50 as your time to start screening to prevent colorectal cancer or find it early, when treatments work best.

National Native HIV/AIDS Awareness Day • Fact Sheet

Submitted by: Jessica Powskey | Hualapai Health, Education & Wellness Department

NATIONAL NATIVE HIV/AIDS AWARENESS DAY

HIV/AIDS FACT SHEET

American Indians, Alaska Natives, and Native Hawaiians

HIV/AIDS AMONG AMERICAN INDIANS AND ALASKA NATIVES POPULATIONS

- Since the beginning of the epidemic through 2008, 3,629 American Indians/Alaska Natives (AI/AN) have been diagnosed with AIDS.¹
- 1,847 AI/ANs with HIV/AIDS have passed away.¹
- In 2008, there were an estimated 2,306 AI/ANs living with HIV/AIDS – 1,650 men, 627 women and 29 children.¹

HIV/AIDS AMONG NATIVE HAWAIIAN & OTHER PACIFIC ISLANDER POPULATIONS

- 830 Native Hawaiians/Other Pacific Islanders (NHOPI) have been diagnosed with AIDS.¹
- 355 NHOPIs with HIV/AIDS have passed away.¹
- In 2008, there were an estimated 245 NHOPIs living with HIV/AIDS - 194 men and 51 women.¹

Figure 1: Number of New HIV and AIDS Diagnoses Annually¹

IMPACT COMPARED TO OTHER ETHNIC GROUPS

- Native Hawaiians/Other Pacific Islanders and American Indians/Alaska Natives have the 3rd and 4th highest rate of new HIV infections, respectively. In 2008, the rate was 22.85 per 100,000 persons for NHOPIs and 11.9 per 100,000 for AI/ANs, compared to 73.7 for Black/African Americans, 25.0 for Hispanic/Latinos, 8.2 for Whites, and 7.2 for Asian.¹
- Of persons who were diagnosed with AIDS, AI/ANs had that shortest overall survival time, with 87% living longer than 3 years.

NATIONAL NATIVE HIV/AIDS AWARENESS DAY

HIV/AIDS FACT SHEET

American Indians, Alaska Natives, and Native Hawaiians

HIV/AIDS AMONG NATIVE CHILDREN

- Since 2005, there have only been 3 American Indian/Alaska Native children under the age of 13 diagnosed with HIV.¹
- Since 2005, there has not been any Native Hawaiian or Other Pacific Island child diagnosed with HIV.¹
- Between 2005 and 2008, there was not been a single AIDS diagnosis among a Native child under the age of 13 years of age.

INCREASE IN TESTING EFFORTS

INCREASE IN TESTING EFFORTS

Figure 2: Percentage of Expecting Mothers Receiving Prenatal HIV Screenings by IHS Annually²

Figure 3: Number of HIV Tests Conducted by IHS by GPRA Year (2008 numbers inclusive of MAI funded tests)²

CDCs latest surveillance report contains data from 2008 and only from 37 states. Actual numbers may be much higher as some states excluded from the report contain large populations of AI/ANs and NHOPIs (i.e. California, Washington, Oregon, Hawaii, and Montana).

How Drug Use Affects Our Society

Submitted by: Jessica Powskey | Hualapai Health, Education & Wellness Department | Source: [Verywellmind.com](https://www.verywellmind.com)

How Drug Use Affects Our Society

By: Buddy T /Medically reviewed by: Steven Gans, MD

The estimated cost of drug abuse in the United States—including illegal drugs, alcohol, and tobacco—is more than \$740 billion a year and growing. Substance abuse in the U.S. costs society in increased healthcare costs, crime, and lost productivity.

Costs by Drug Type

The total costs related to each type of drug include:

- **Tobacco:** \$300 billion
- The total economic cost of smoking annually includes nearly \$170 billion in direct medical costs for adults and more than \$156 billion in productivity that's lost because of effects from exposure to secondhand smoke and untimely death.
- **Alcohol abuse:** \$249 billion
- Binge drinking accounts for \$191 billion of the total cost to society for excessive alcohol consumption. Most of the cost is associated with lost productivity at work (77 percent), while other factors include legal expenses (10 percent), medical expenses from binge drinking (11 percent), and healthcare expenses from alcohol-related accidents (5 percent).
- **Illegal drug abuse:** \$193 billion
- **Prescription drug abuse:** \$78.5 billion

Other Costs to Society

The total costs to society for substance abuse goes beyond the financial costs. Other costs include:

- The spread of HIV/AIDS and Hepatitis C
- Deaths from overdose
- Effects on unborn children
- Crime, unemployment, domestic abuse, divorce, and homelessness

Impact on Workplace Productivity

Drug abuse costs the nation more than \$120 billion per year in lost productivity, according to The National Drug Intelligence Center (NDIC). Included in that lost produc-

tivity are reduced labor participation, incarceration, premature mortality, hospitalization, and participation in treatment programs away from work.

According to NDIC estimates, drug abuse accounts for:

- \$49 billion in reduced workdays
- \$48 billion in incarceration expenses
- \$4 billion due to premature deaths

Impact on Crime and Criminal Justice Systems

The NDIC estimates that the annual cost of drug-related crime in the United States is more than \$61 billion with the criminal justice system cost making up \$56 billion of that cost.

Crack cocaine and methamphetamine are the drugs that most often contribute to the commission of crimes in the U.S., according to the National Drug Threat Survey. Heroin use is a significant factor in the commission of property crimes.

From 63 percent to 83 percent of all arrestees test positive for illicit substances at the time of their arrest, according to the Arrestee Drug Abuse Monitoring Program (ADAM II), which monitors arrestees in 10 cities across the U.S.

Twelve percent to 50 percent of arrestees test positive for more than one drug in their system when arrested.

Impact on Health and Healthcare Systems

Annual drug-related healthcare cost in the U.S. is more than \$11 billion, the NDIC reports. That figure includes both direct and indirect costs related to:

- Medical intervention, including emergency services
- Inpatient drug treatment
- Prevention and treatment research

The NDIC estimates that the annual costs of emergency department visits related to drug abuse are \$161 million, with an additional \$5.5 million in costs for those who have to be hospitalized.

Drugged Driving, Toxic Meth Labs

On top of direct healthcare costs, drug abuse produces costs associated with driving under the influence of drugs, parental neglect, and exposure to toxic methamphetamine labs. The most recent National Survey on Drug Use and Health showed that 20.7 million people who were 16 or older drove after drinking alcohol in 2016. Another 11.8 million drove after taking illicit drugs.

Clandestine methamphetamine labs have produced a growing number of law enforcement and first responder personnel being exposed to toxic chemicals, fires, and explosions. Children who live in homes where there are meth labs are also at great risk for negative health consequences.

2020 Census

Submitted by: Jessica Powskey | Hualapai Health, Education & Wellness Department

WHY DO WE TAKE THE CENSUS?

The U.S. Constitution (Article I, Section 2) mandates a headcount every 10 years of everyone residing in the 50 states, Puerto Rico, and the Island Areas of the United States. This includes people of all ages, races, ethnic groups, citizens, and noncitizens. The first census was conducted in 1790 and one has been conducted every 10 years since then.

The population totals from the census determine the number of seats each state has in the House of Repre-

sentatives. States also use the totals to redraw their legislative and school districts. The next census occurs in 2020.

The U.S. Census Bureau must submit state population totals to the President of the United States by December 31, 2020.

The population totals also affect funding in your community, and data collected in the census help decision makers know how your community is changing. Approximately \$675 billion in federal funding is distributed to communities each year.

Will the 2020 Census be the same as 2010?

There are some important changes in 2020:

- We are building a more accurate address list and automating our field operations—all while keeping your information confidential and safe.
- For the first time, you will be able to respond online, by phone, or by mail.
- We will use data that the public has already provided to cut down on in-person follow up visits to nonre-

sponding households.

HOW ARE CENSUS DATA USED?

Census data are widely and wisely used.

- Census data are used in many ways. Some examples include: Distribution of more than \$675 billion annually in federal funds back to tribal, state, and local governments.
- Redistricting of state legislative districts.
- Forecasting future transportation needs for all segments of the population.
- Determining areas eligible for housing assistance and rehabilitation loans.
- Assisting federal, tribal, state, and local governments in planning and implementing programs, services, and emergency response.
- Designing facilities for people with disabilities, the elderly, and children.

ARE CENSUS DATA REALLY CONFIDENTIAL? ABSOLUTELY!

All responses to Census Bureau surveys and censuses are confidential and protected under Title 13 of the U.S. Code. Under this law, the Census Bureau is required to keep respondent information confidential. We will never share a respondent's personal information with immigration enforcement agencies, like ICE; law enforcement agencies, like the FBI or police; or allow it to be used to determine their eligibility for government benefits. The results from any census or survey are reported in statistical format only.

Individual records from the decennial censuses are, by law (Title 44, U.S. Code), confidential for 72 years.

In addition, under Title 13, U.S. Code, all Census Bureau employees swear a lifetime oath to protect respondent data. It is a felony for any Census Bureau employee to disclose any confidential census information during or after employment, and the penalty for wrongful disclosure is up to 5 years imprisonment and/or a fine of \$250,000.

50 WAYS CENSUS DATA ARE USED

- Decision making at all levels of government.
- Drawing federal, state, and local legislative districts.
- Attracting new businesses to state and local areas.
- Distributing over \$675 billion annually in federal funds and even more in state funds.
- Forecasting future transportation needs for all segments of the population.
- Planning for hospitals, nursing homes, clinics, and the location of other health services.
- Forecasting future housing needs for all segments of the population.
- Directing funds for services for people in poverty.
- Designing public safety strategies.
- Development of rural areas.
- Analyzing local trends.
- Estimating the number of people displaced by natural disasters.
- Developing assistance programs for American Indians and Alaska Natives.
- Creating maps to speed emergency services to households in need of assistance.
- Delivering goods and services to local markets.
- Designing facilities for people with disabilities, the elderly, or children.
- Planning future government services.
- Planning investments and evaluating financial risk.
- Publishing economic and statistical reports about the United States and its people.
- Facilitating scientific research.
- Developing "intelligent" maps for government and business.
- Providing proof of age, relationship, or residence certificates provided by the Census Bureau.
- Distributing medical research.
- Reapportioning seats in the House of Representatives.
- Planning and researching for media as background for news stories.
- Drawing school district boundaries.
- Planning budgets for government at all levels.
- Spotting trends in the economic well-being of the nation.
- Planning for public transportation services.
- Planning health and educational services for people with disabilities.
- Establishing fair market rents and enforcing fair lending practices.
- Directing services to children and adults with limited English proficiency.
- Planning urban land use.
- Planning outreach strategies.
- Understanding labor supply.
- Assessing the potential for spread of communicable diseases.
- Making business decisions.
- Understanding consumer needs.
- Planning for faith-based organizations.
- Locating factory sites and distribution centers.
- Distributing catalogs and developing direct mail pieces.
- Setting a standard for creating both public and private sector surveys.
- Evaluating programs in different geographic areas.
- Providing genealogical research.
- Planning for school projects.
- Developing adult education programs.
- Researching historical subject areas.
- Determining areas eligible for housing assistance and rehabilitation loans.

COMMUNITY MESSAGES

Housing Deed

Submitted by: Waylon Honga

My Fellow Members,

In December I made the last payment on my house. Hualapai Housing has acknowledged that I finished paying off my house and now I am hoping to get the Deed to my house. It is my understanding that the BIA in Cedar City is where I go to get my Deed.

If you also paid off your house and still need to get your Deed, please contact me at waylonhongaga@hotmail.com and we can work together.

Thanks. Waylon

Inspirational & Encouragement

Submitted by: Josie Powsey

Inspirational & Encouragement

(Isaiah 55:6)

Seek ye the Lord while he may be found, call ye upon him while he is near. God is telling us to seek him while he may be found and call upon him - pray to him. He is near and waiting for you.

I would like to share some of God's promises he has for us.

(Psalms 196:1-2)

Praise ye the Lord, praise the **LORD**, o'my soul, while I live will I praise the **LORD**. I will sing praises unto my God while I have my being.

Dedicate every moment of life, every breath you breathe,

to the glory of God. He is so worthy! Wake up remembering this life goal that makes your life valuable. Commit a fresh each morning to praise the Lord. Whatever happens through the day. Put him first and he will guide your steps!

(Ephesians 2:10)

For we are his workmanship, created in Christ Jesus unto good works, which God hath before ordained that we should walk in them. Remember first thing in the morning that you have purpose. God has created you for a specific reason, and He knows and loves you starting your day with this verse will help you remember to ask for God's guidance.

With this Coronavirus that's going around we have the assurance that God is in control- we as believers have to be powerful for our self and mainly for others. So think on these things! God loves you all!

Being Connected

Submitted by: Valerie Sumatzkuku

Connected to Creativity

The more open and connected you are to the world around you, the more creative you will become. You will become more creative in your own growth and in how you live your life. You will be more creative and problem solving in work and play. You'll be more willing to try new things. whether it's learning to play a flute, start your own studio, open your own store or whatever it may be. You'll find yourself more open in solving problems with loved ones, trying less traditional approaches than you might have considered in the past. You'll find yourself gaining insights, information and healing from sources you may have previously overlooked. Your participation in all your activities will be less controlled and more spontaneous.

You will hear the universe prompting you more, you will imagine more. You will recognize the quiet voice of intuition, the voice of your heart. You will see possibilities and because you are open to your heart, the guidance of your inner voice, you will know what to do and when to do it... *the more connected you are to the universe, to life, to yourself, the more creative you will be... *

KWLP 100.9FM • Political Advertising Disclosure

Submitted by: Terri Hutchens | KWLP 100.9FM

KWLP Political Advertising Disclosure

As a radio station broadcasting under a commercial license issued by the Federal Communications Commission (F.C.C.), KWLP, 100.9 FM, Peach Springs, Arizona **must** comply with certain rules and regulations regarding political advertising during designated “political windows.” These rules vary regarding federal, state and local election campaigns and issues-focused political advertising. Political windows are 45 days prior to primary elections and 60 days prior to general elections. KWLP will be applying the F.C.C. rules regarding *local* elections to the upcoming Hualapai Tribal Council elections, as well as the many other elections taking place in local communities, statewide and nationally. These rules include “equal opportunity” to “reasonable access” for “legally qualified” candidates for the same office.

If you are a “legally qualified” candidate interested in advertising on the radio, you are entitled to review the station’s public file, including the political advertising request and run contents, and to information from the station regarding:

- Classes of spots and day parts generally sold
- General rotations sold by the station
- Sales practices such as “make goods,” discounts for packages, etc.,.
- Lowest available spot rate

If you request to purchase political advertising time, you will need to complete a requisite disclosure statement (N.A.B. #17, 18) that must be kept in the station’s public file for two years.

If you are otherwise interested and have any questions about the pertinent rules, please call the station manager at (928) 769-1110. KWLP’s policy and procedure handbook is also available to review on the station website at www.kwlpradio.com.

Re: Peach Springs Community Radio Station KWLP FM 100.9 and streaming at www.kwlpradio.com

Gamyu! Peach Springs Resident's and other KWLP listeners:

As you may know, the Hualapai Tribe has been operating a radio station, for nearly 10 years. The Hualapai Tribe radio station is a program of the Hualapai Tribe Health, Education and Wellness Department. Although the FM station operates under a commercial license from the F.C.C., the content and functioning are done more like a community non-profit station. The mission statement of the radio station program is to:

- *Be a mechanism in the community that will encourage and assist in preserving the Hualapai community and its' traditions, culture and language;*
- *Provide a variety of educational, entertaining, informative and cultural programming, both local and national, that will serve all age groups, interests and related needs on the reservation;*
- *Promote and enhance timely and accurate communication about local a news, events, and emergencies on the reservation.*

The program needs your input to accomplish this mission!

Please take a few minutes to fill out the 2020 listener survey. If you received the survey in the mail, please return it in the enclosed stamped, self-addressed, return envelop. Everyone who completes a survey *may* enter a raffle to win a KWLP swag bag full of station promotional items, including a radio, all valued at approximately \$50.00. If you want to enter the raffle, please also return the enclosed raffle ticket with your name and telephone number. We will draw 10 winners as soon as the station receives 400 completed surveys. We will announce the results of the survey and the winners of the raffle in a future Gamyu article, on the air and on the station's Facebook page: KWLP "The Peach."

Surveys will also be available to complete at various community events and at the radio station located at 480B Hualapai Way, Peach Springs, AZ. If you have any questions about the radio station program, please feel free to call station staff at (928) 769-1110, take a look at the website at www.kwlpradio.com or check out our Facebook page at KWLP "The Peach." Places are available to submit comments and give input at both locations.

We appreciate all our Peach listeners and your on-going support and participation.

Hankyu!
