

It is Memorial Day time again.

But, even as we remain at home it is time to honor brave soldiers with **REMEMBRANCE**.

This means we celebrate the Men and Women who gave their lives without any fear of protecting their country by **keeping them in the forefront of our minds**.

We are still under the Lockdown until Friday May 29th – with nightly **CURFEW (8:00PM to 6:00AM)**

Please DO NOT leave your homes – other than legitimate medical needs and tending to livestock (*every other day*).

As we are protecting all of our families and **staying safe in social distancing** we must sacrifice a little now to gain a lot more later.

We are thankful for those who have fought for our **FREEDOM** and we share our warmest tribute which is not enough for their sacrifice.
