Gamyu,

The Canyons are represented by the purples in the middle ground, where the people were created. These canyons are Sacred, and should be so treated at all times.

This is a formal letter of notice to inform you that the Utility Assistance has been increased due to the COVID- 19 Pandemic.

The Reservation is pictured to represent the land that is ours. Treat it well.

Assistance for the year 2020 has increased as follows:

The Reservation is our heritage and the heritage of our children yet unborn. Be good to our land and it will continue to be good to us.

**Utility Assistance - \$850.00 + \$500.00 = \$1350.00**

**Disability Assistance - \$1,000.00 + 500.00 = \$1,500.00**

**Elderly Utility Assistance - \$1,000.00 + \$500.00 = \$1,500.00**

**If you have already had prior assistance in 2020, your remaining balance will increase by \$500.00.**

The Sun is the symbol of life, without it nothing is possible - plants don't grow - there will be no life - nothing. The Sun also represents the dawn of the Hualapai people. Through hard work, determination and education, everything is possible and we are assured bigger and brighter days ahead.

**The Elderly Home Improvement has no increase.**

The Tracks in the middle represent the coyote and other animals which were here before us.

All other guidelines remain the same. We encourage you to email applications and bills to [jpowskey5@hualapai-nsn.gov](mailto:jpowskey5@hualapai-nsn.gov). Any other information can be found on the Tribal website: [Hualapai-nsn.gov](http://Hualapai-nsn.gov) (Applications are under Finance).

**I wear my mask while in public for 3 reasons:**

1. Humility: I don't know if I have COVID as it is clear that people can spread the disease before they have symptoms.
2. Kindness: I don't know if the person I am near has a kid battling cancer, or cares for their elderly mom. While I might be fine, they might not.
3. Community: I want my community to thrive, businesses to stay open, employees to stay healthy.

*Keeping a lid on COVID helps us all! Hankyu!*

*Our priority is the safety and health of the Hualapai Tribe. The Incident Management Team along with all of tribal departments and Indian Health Services are working together to prepare and respond to COVID-19 cases.*

**2020 Census • Operational Adjustments & Recruitment**

## 2020 Census Operational Adjustments Due to COVID-19

The 2020 Census is underway, and more than half of the households across America have responded and more are responding every day. Online, phone, and mailed self-responses will continue throughout the data collection process. In light of the COVID-19 outbreak, the U.S. Census Bureau has adjusted 2020 Census operations in order to:

- Protect the health and safety of the American public and Census Bureau employees.
- Implement guidance from federal, state, and local authorities regarding COVID-19.
- Ensure a complete and accurate count of all communities.

The Office of Management and Budget and the Office of Personnel Management have provided federal agencies with guidelines for resuming operations on an epidemiologically sound, data-driven basis, adhering to the latest federal, state, and local guidance. The Census Bureau

continues to monitor the changing conditions at the state and local level, and in consultation with the appropriate officials, update its planned start dates for selected operations in selected states.

The information the Census Bureau receives daily from FEMA and state and local authorities guides Census Bureau decisions on timing. As a result, selected field operations will resume on a phased schedule on a geographic basis.

Under the adjusted 2020 Census operational plan, the Census Bureau is conducting a series of preparatory activities so we are fully ready to resume field activities as we continue to advance the mission of the 2020 Census to ensure a complete and accurate count. In-person activities, including enumeration, office work, and processing activities, will always incorporate the most current guidance from authorities to ensure the health and safety of the public and Census Bureau employees.

## Respond When You Receive Your 2020 Census Invitation

If your tribal area hasn't received census materials yet, we will deliver them soon. Please respond when you receive yours.

### Why haven't I received a census invitation yet?

We determined in collaboration with your tribal leaders that having census workers drop off census materials in some areas is the best way to count people living on your tribal lands. COVID-19 delayed delivery to your area.

### Can I respond now?

Please wait to respond until you receive your census materials.

In your tribal area, the best way to respond is with the unique Census ID we provide. When you receive your materials, you can choose to:

- Complete and mail back the enclosed paper questionnaire.
- Call to respond using your Census ID.
- Respond online using your Census ID.

### What if I've already responded?

We're working to match the address you provided to our address list, but we may need to visit you later.

If we can't match your address, census takers may visit to verify the address you provided and may visit to collect your responses in person. We want to ensure we count everyone in the right place.

### Will I have time to respond before the census ends?

We've extended the deadline to respond. Census workers will drop off census materials soon, and you'll have plenty of time to respond with your Census ID.

If you don't respond when you receive your Census ID, a census taker will visit later to collect your responses in person.

### Why can't you mail me the census information?

The census counts people where they live. Many households in your tribal area don't receive mail at their home's physical location.

To make sure we reach everyone, census workers will:

- Canvass the area for places people might live.
- Use a laptop to update our address list.
- Link a census questionnaire to your home's physical location and leave it at your front door.

### Why can't I respond now without my Census ID?

Responding with your Census ID ensures you are counted in the right place.

For 95 percent of the country, we can link responses to the right place by using a mailing address. This doesn't work in some communities. For example:

- Some tribal areas don't use addresses like "101 Main Street." If a household responds with just a description of their home's location, it may not be specific enough to count them in the right place.
- If the post office delivers your mail to a PO Box, we can't count you at the post office or follow up with you there if you don't respond.
- Rural route addresses (e.g., RR5, Box 9) represent a mailbox along a roadside, not necessarily your home's location, making it harder to count you in the right place.

### How can I track my community's response?

View our interactive 2020 Census Response Rate map at <https://2020census.gov/en/response-rates.html>.

### When will you drop off the materials?

The Census Bureau is resuming dropping off materials on a phased schedule across the country. We are working with your tribal leaders to determine when to deliver to your reservation. Delivering materials does not require interaction with households, and census workers will follow the most current health and safety guidelines. Also, wherever possible, we are hiring tribal citizens as census workers.

## COMMUNITY MESSAGES

Thank all those who supported Dr. Clarke in his re-election to the Office of Chairman.

Damon R. Clarke, Ed. D. would like to take this opportunity to thank all those who supported him in his bid for re-election to the office of Chairman. He is grateful to you for your support and humbled to have learned that he was the number one vote-getter in the election. It is truly his honor to represent you as the Chairman and it is you who have helped him to do the best he can. As with anything important, it takes a lot of people to be successful he cannot thank all of you personally, but feel there are some that he simply has to mention. He wants to express thanks to the almighty Great Creator for guidance and plan.

First of all, his loving and understanding wife Ms. Clarke, who constantly puts up with him and with everything that comes from living with a public servant and being away from her. Next, his little family- Thomas, Misty, and Summer and his grandchildren for always being there for Grandma, whether on the phone with face-time; or at home; especially Tiby, Jacob and Tristan.

Thanks also goes to those who worked on his campaign, putting signs up (Ms. Steele), all of those speaking with others, and getting the word out. And..., just as important, all those who voted for him. (Hanikyu)

He is looking forward to the next four years, to work hard with the Council and the people to the betterment of the community. He truly appreciates your confidence in him and will do the best he can for the Hualapai People,

here and throughout the United States.

We learn from our experience and reflecting on how to apply the lessons. It's like making a garden. It requires hard work, planning, and the right growth environment. Yes, mistakes have been made, but we must adjust, reflect, repair, sometimes forgive, and move forward.

He will speak on behalf of the Hualapai Nation on tribal issues, gaming issues, legislative affairs, higher education; and the Education of Peach Springs School, water rights, sovereignty; self-determination; and county issues as well as Native American Tribal issues. The fact of the matter is, we will continue to face all these and work to make Hualapai more self-sufficient, only if we can come together with our learning from one another.

The pandemic of the COVID-19 has changed our lives forever and this time will shape our everyday existence for the future. These changes have caused significant disruptions in our healthcare, education, access to our livelihoods and much more. Let's fight the stop of the spread of this virus together in a positive way with support, encouragement, and unity.

He wants to offer his congratulation to all the candidates that were vying for the Chair, Vice-Chair, and Council Seats and all the voters that came and cast their ballots.

Han kyu.

Grandfather,  
Sacred one,  
Teach us love, compassion,  
and honor.  
That we may heal the earth  
And heal each other.  
-- Ojibway Prayer

“Gumyu,”

I just want to thank every one of you for coming out to vote on June 6, 2020. I’m very appreciative and grateful for the confidence the people who voted for me showed. Now, it is my duty and honor to represent the great people of the Hualapai Nation. I know this will be a learning experience but one I am willing to take on with an open mind and heart. As you all know I am part of the council but most importantly a part of this community with you.

Again, Thank You.

**WHAT is HEATSTROKE?** Heatstroke is when normal body mechanisms can't keep the body's temperature in a safe range. Animals don't have efficient cooling systems like humans (who sweat) and can get overheated easily.

**If you're HOT, your dog is Hotter.  
Just like people; dogs will do less in the heat.**

- Never leave pets unattended in a vehicle, even if you leave the windows cracked - temperatures still reach deadly levels. Dogs don't have sweat glands and can die quickly.
- Dogs need **LOTS** of clean water **ALL THE TIME.**
- Limit exercise on hot days - exercise your pets in cooler temperatures preferably morning and evenings.
- Pavement gets hot - if you have your dog on the porch; make sure you keep the pavement cool. Wet the pavement frequently - if you can't commit to doing that consider cooling mats or small pools.
- Provide plenty of shade: Anytime you tie your dog up, always give them at *least* 8 feet of leash.
- Remember bugs are just as annoying to your dog as they are to you. Don't leave your animal in a bug infested area.
- Watch for signs of heatstroke pets that are very old, young, overweight not conditioned to prolonged exercise or have heart respiratory disease are susceptible to heatstroke. Dogs with short muzzles have a hard time breathing in extreme heat.
