INTRODUCTION/GENERAL PROJECT INFORMATION

The Hualapai Tribe, thru its electric utility Hualapai Tribal Utility Authority (HTUA), is developing a 1 MW solar project for use at Grand Canyon West (GCW). GCW is located in a remote region of the Hualapai Reservation where electric service is provided via three 750 KW diesels generators. The power produced by the on-site diesel generators is distributed to end use electric loads thru a 20.8 kV underground micro grid. Other than the three aforementioned 750 KW generators, GCW is not currently physically interconnected to any other generation source. The addition of the 1MW solar plant will allow for a reduction in the use of fossil fuels and allow for additional load growth at GCW.

This document is to define and solicit third-party Line Worker Services from a qualified contractor for the portion of the project that, 1) extends the underground 20.8 KV micro-grid to the step up transformer for the solar project (under separate contract), and 2) coordinate the final connection to the existing micro-grid. Additionally, the project also requires the installation of the necessary fiber optic cable from the Housing transformer to Junction Box 1 and then onto the solar field. The successful Contractor shall be required to achieve Substantial Completion within 90 consecutive calendar days after the Notice to Proceed and Final Completion within 30 consecutive calendar days after Substantial Completion.

ANTICIPATED DISCIPLINES OF WORK

The Contractor’s submittal must include, as a minimum:

2. Sub-contractors as needed

Any changes to these key Team members for the duration of the project shall require Tribal approval. All engineers and other disciplines shall be registered in the State of Arizona for each task or area of expertise as required by law. All Contractors shall be registered with the Arizona Registrar of Contractors. Any changes to these Contractors for the duration of the project shall require Tribal approval.

OUTSIDE THE SOLAR FIELD FENCE PROJECT DELIVERABLES:

1. HTUA will provide all equipment for the project – please see attached current material list “D7”. Exhibit D7 is not expected to change materially; however, a final equipment list will be provided to the selected contractor prior to beginning of construction. In summary, the scope of the “outside the solar field fence project” deliverables is to install and connect all of the equipment specified in Exhibit D7.

2. Perform all work and installation in accordance with “Prudent Electric Practice,” applicable Standards (ANSI, NESC, IEEE, 2018 IBC, and 2017 NEC as applicable) and manufacturer equipment specifications.

3. Safety is of utmost importance. “Employ Prudent Electric Practice” and follow standard utility practice of, but not limited to employee only qualified personnel to perform work, test for voltages when appropriate, isolate work areas and/ or ground equipment as necessary and employ and document tail boarding meeting as needed for each aspect of the project. Only qualified personnel to perform work, test for voltages when appropriate, isolate work areas and/ or ground equipment as necessary and employ and document tail boarding meeting as needed for each aspect of the project.

While not mandatory, it is highly recommended that all interested Offerors attend this pre-submittal conference. The purpose of this conference will be to clarify the contents of this solicitation in order to prevent any misunderstanding of the Tribe’s position. Any doubt as to the requirements of this solicitation or any apparent omission or discrepancy should be presented to the Tribe at this conference. The Tribe will then determine the appropriate action necessary, if any, and may issue a written amendment to the solicitation. Oral statements or instructions will not constitute an amendment to this solicitation. Persons with a disability may request a reasonable accommodation by contacting Kevin A. Davidson, (928) 769-1310. Requests for accommodations must be made forty-eight (48) hours in advance of the event.

2. SUBMITTAL FORMAT: Original and 2 copies (3 total) of each bid submittal should be turned in to the Planning Department, on any required forms and in the format specified in the solicitation. It shall carefully correlate its observations with requirements of the solicitation and negotiated contract and otherwise satisfy itself as to the expense and difficulties attending the performance of the work. The signing of a Contract will constitute a representation of compliance by the Offeror. There will be no subsequent financial adjustment, other than that provided by the Contract, for lack of such familiarization.

5. AMENDMENT OF SOLICITATION: The bidder shall acknowledge receipt of a solicitation amendment by signing and returning the document by the specified due time and date.

6. CONFIDENTIAL INFORMATION: If an individual believes that any portion of a submittal, offer, specification, protest, or correspondence contains information that should be withheld, then the Procurement Manager should be so advised in writing. All insurance required herein shall be non-cancellable except by sixty (60) day written notice to the Tribe.

1.5 Contractor’s, consultant’s, and Subcontractor’s insurance shall be primary insurance with respect to performance of the work included in this Contract and in the protection of the Tribe as Additional Insureds. The policies required by this Contract shall have attached an “Additional Insured Endorsement” form that includes the Tribe as well as its agents, representatives, officers, directors, officials, and employees as insured parties. The forms shall stipulate that the insurance afforded by the policies shall be by primary insurance and that any insurance, self-insured retention, deductibles, or risk retention programs maintained or participated in by the Tribe or its agents, representatives, officers, directors, officials and employees shall be excess and not contributory to insurance required herein.

1.6 In the event any insurance policies required to be furnished by Contractor for this Contract are written on a “claims made” basis, coverage shall extend, either by keeping coverage in force or purchasing an extended reporting option, for five (5) years past completion and acceptance of the Work or services. Such continuing coverage shall be evidenced by submission of annual Certificates of Insurance citing applicable coverage is in force and containing the provisions as required herein for the five-year period. The obligation of the Architect to supply the same coverage is contingent upon the coverage being reasonably available and affordable.
1.7 Each policy of Contractor, Contractor’s consultants, and Subcontractors, including Workers’ Compensation insurance, shall contain a waiver of rights of recovery (subrogation) against the Tribe and its agents, representatives, officers, directors, officials, and employees for any claims arising out of the work or services of Contractor, consultant, or Subcontractor. Contractor shall arrange to have such subrogation waivers incorporated into each policy via formal written endorsement thereto.

1.8 The policies set forth in these requirements may provide coverage that contains deductibles or self-insured retention amounts. Such deductibles or self-insured retention shall not be applicable with respect to the policy limits provided to the Tribe. Contractor shall be solely responsible for any such deductible or self-insured retention amount. The Tribe, at its option, may require Contractor to secure payment of such deductible or self-insured retention by a surety bond or irrevocable and unconditional letter of credit.

1.9 For any work under this Contract subcontracted in any way, Contractor shall execute written agreement with each consultant or Subcontractor containing the indemnification provisions set forth herein and insurance requirements set forth herein protecting the Tribe and Contractor. Contractor shall be responsible for executing the agreement with consultant or subcontractor and providing the Tribe’s Grants and Contracts Administrator with certificates of insurance verifying the insurance requirements. Subject to the Tribe’s prior written approval, which approval shall not be unreasonably withheld, Contractor may, at Contractor’s option and at Contractor’s sole risk, allow minor subcontractors to deviate from these insurance requirements, for insurance other than professional liability, due to insurance market availability or affordability issues. Issuance of any such prior written approval is at the sole discretion of the Tribe and shall in no way relieve Contractor of any of its responsibilities under this Contract, nor shall it constitute a waiver of any claims or damages otherwise available by law or contract to the Tribe.

1.10 Prior to commencing any work or services under this Contract, Contractor shall furnish Contract’s Administrator with certificate(s) of insurance, or formal endorsements as required by this Contract, issued by the insurers of the Contractor, consultants, and Subcontractors as evidence that policies are placed with acceptable insurers as specified herein and provide the required coverage, conditions and limits of coverage specified in this Contract and that such coverage and provisions are in full force and effect. If a certificate of insurance is submitted as verification of coverage, the Tribe will reasonably rely upon the certificate of insurance as evidence of coverage but such acceptance and reliance shall not waive or alter in any way the insurance requirements or obligations of this Contract. If any of the policies required herein expire during the life of this Contract, it shall be Contractor’s responsibility to forward renewal certificates containing all insurance provisions required herein within Ten (10) Days after the renewal date. Additionally, certificates of insurance submitted without referencing the Project, the project number, and the contract number will be subject to rejection and returned or discarded. Certificates of insurance shall specifically include the following provisions:

a. The Tribe and its agents, representatives, officers, directors, officials and employees are Additional Insured as follows:
   (ii) Auto Liability - Under current ISO Form CA 20 48 or equivalent.
   (iii) Excess Liability - Follow Form to underlying insurance.

b. Contractor’s, consultant’s, and Subcontractor’s insurance shall be primary insurance as respects performance of the Work included in this Contract.

c. All policies, including Workers’ Compensation, waive rights of recovery (subrogation) against the Tribe and its agents, representatives, officers, directors, officials and
employees for any claims arising out of work or services performed by Contractor under this Contract.

d. A 60-day advance notice cancellation provision to be provided to the Tribe’s Grants and Contracts Administrator. If ACORD certificate of insurance form is used, the phrases in the cancellation provision “endeavor to” and “but failure to mail such notice shall impose no obligation or liability of any kind upon the company, its agents or representatives” shall be deleted. Certificate forms other than ACORD form shall have similar restrictive language deleted.

e. Certificates of Insurance and any notice of cancellation should be addressed as follows:

Said recovery will include, but is not limited to, interest for the loss of use of such amounts of money, plus all attorneys’ fees, costs, and expenses incurred in securing such determination and any other consequential damages arising out of the failure of Contractor or insurance company to comply with the provisions of this Contract, or any policy required hereby, or any other requirements regarding insurance imposed by law. Completion Assurance Agreement

THIS AGREEMENT made this __________ day of ______________________ by and between the Hualapai Indian Tribe (Owner) and __________________________ (Contractor).

WITNESSETH

WHEREAS, the Contractor and the Owner have entered into a Construction Contract dated __________, providing for the construction of a project described in such Contract; and

WHEREAS, the Contractor desires to meet his obligations to supply 100 percent Performance and Payment Bonds with a substitution of another form of security; and

WHEREAS, the Owner has determined that a Letter of Credit arrangement would provide sufficient security in lieu of a performance and payment bond.

NOW THEREFORE, in consideration of the mutual promises and undertakings herein contained, and for the purpose of inducing the Owner to substitute a Letter of Credit arrangement for a Performance and Payment Bond, the parties hereto agree that:

1. The Contractor has provided the Owner with an unconditional, irrevocable, Letter of Credit (Fund), issued by a banking institution in the amount of $____________ to secure and indemnify the Owner for any expense, loss or damage suffered or sustained as a result of any default by the Contractor in the performance of its obligations under the Construction Contract. It is expressly understood and agreed that said Fund shall at all times be under the control of the Owner.

2. All disbursements from the Fund shall be authorized and made by the Owner.

3. The Fund shall be maintained as a separate trust account and may be drawn in increments up to its aggregate amount or the aggregate may be drawn. Any incremental draw will not impair or diminish the right of the Owner to make subsequent draws in any amount(s) up to the aggregate amount of the Fund. The proceeds of a draw may be disbursed as follows:

A. To the Contractor during the course of construction to promote the completion of the project, as may be deemed necessary by the Owner.

B. To the Owner the entire fund or balance remaining therein in the event of a default by the Contractor under the Construction Contract to be used by the Owner to indemnify it for any loss, damage or expense whatsoever which it may suffer by reason of the Contractor’s failure to perform the Construction Contract.

C. To the Contractor the balance of such fund remaining after three months from the date that the work has been substantially completed in accordance with the Construction Contract (except for punch list items and items awaiting seasonal opportunity to complete) and accepted by the Contracting Officer, but only so long as the Project is free and clear of any liens, claims or encumbrances whatsoever. There shall be withheld from the payment of said balance an amount equal to 2½ percent of the total amount of the Construction Contract, which sum is to be retained in account for a period of fifteen months from the date of substantial completion or for
another period less than fifteen months if authorized by the Owner. Said sum shall be held as a Fund to guarantee against defects in construction due to faulty materials or workmanship or damage to the premises resulting from such defects, which defects or damage become apparent within one year from the date of substantial completion. Said sum may be used for the correction of defects or damage in the event the Contractor fails to make such corrections. The Contractor’s liability for such corrections is not limited by the amount of such sum.

4. It is agreed the Contractor may provide a separate unconditional and irrevocable Letter of Credit to satisfy the requirement set forth in paragraph 3C above, that 2½ percent of the total Construction Contract amount, for latent defects, to be retained for fifteen months beyond the date of substantial completion. If such separate unconditional and irrevocable Letter of Credit is provided, it must be delivered to the Owner and made subject to this Completion Assurance Agreement before any balance remaining in the Fund is released to the Contractor or the Fund is canceled.

5. Any other provision of this Agreement notwithstanding, it is understood and agreed that no funds may be disbursed to the Contractor so long as there are any outstanding liens, claims or encumbrances against the project, written notice of which have been received by the Owner. If any such claims, liens and encumbrances have not been removed or resolved, and written notice of such removal or resolution received by the Owner by the date of substantial completion, the Owner may in its sole discretion exercise any of its rights under the Construction Contract General Conditions.

6. It is expressly understood by all parties hereto that in the event of a default by Contractor in any of its obligations under the Construction Contract, the entire Fund, any part thereof, or balance remaining therein may, at the option of the Owner, be paid to Owner together with an assignment of all rights granted to the Owner.

7. This agreement shall not alter or limit the obligations and liabilities of the Contractor under the Construction Contract, but shall be deemed to be additional security for the performance by the Contractor of its obligations thereunder.

8. It is understood and agreed in the event the fund is held by a depository, that the depository is not charged with any duty or responsibility to see to the performance of or compliance with any agreements between any of the parties hereto other than that of paying over the fund as directed in writing by the Owner, nor to see to the application of the Fund after making disbursements as so directed. It is expressly understood and agreed that any claim, controversy, dispute or disagreement which may exist between the Contractor and the owner shall have no effect whatsoever upon the obligation of the Depository to pay the Owner promptly upon receipt of a notice issued pursuant to the terms of the Fund and this Agreement.

9. Notwithstanding any other provision of the Construction Contract, it is agreed the fund will be administered pursuant to the terms of the Fund, this Agreement and any consistent provisions in the Construction Contract. Any inconsistent provisions in the Construction Contract shall be superseded and controlled by the Fund and this Agreement. It is expressly agreed that reference to this Agreement or collateral Construction Contract document does not make the issuance of the Fund conditional.

WHEREAS, the Contractor desires to meet his/her obligations to supply 100 percent Performance and Payment Bonds with a substitution of another form of security; and

WHEREAS, the Owner has determined that a cash deposit arrangement would provide sufficient security in lieu of a Performance and Payment Bond.

NOW THEREFORE, in consideration of the mutual promises and undertakings herein contained, and for the purpose of inducing the Owner to substitute a cash deposit arrangement for a Performance and Payment Bond, the parties hereto agree that:

1. The Contractor has provided the Owner with a letter dated _____________________, from a banking institution evidencing the deposit of funds in an account (Fund) in the amount of $ _____________. The Fund has been established in the name of the Owner to secure and indemnify it for any expense, loss or damage suffered or sustained as a result of any default by the Contractor in the performance of its obligations under the Construction Contract. It is expressly understood and agreed that said Fund shall at all times be under the control of the Owner.

2. All disbursements from the Funds shall be authorized and made by the Owner.

3. The Fund shall be maintained as a separate trust account and may be drawn in increments up to its aggregate amount or the aggregate may be drawn. The proceeds of a draw may be disbursed as follows:

A. To the contractor during the course of construction to promote the completion of the project, as may be deemed necessary by the Owner.

B. C. To the Contractor the balance of such Fund remaining after three months from the date that the work has been substantially completed in accordance with the Construction Contract (except for punch list items and items awaiting seasonal opportunity to complete) and accepted by the Contracting Officer in accordance with Section 20 of the General Conditions, but only so long as the Project is free and clear of any liens, claims or encumbrances whatsoever. There shall be withheld from the payment of said balance an amount equal to 2½ percent of the total amount of the Construction Contract, which sum is to be retained in account for a period of 15 months from the date of substantial completion or for another period less than 15 months if authorized by the Owner. Said sum shall be held as a Fund to guarantee against defects in construction due to faulty materials or workmanship or damage to the premises resulting from such defects, which defects or damage become apparent within one year after date of substantial completion. Said sum may be used for the correction of defects or damage in the event the Contractor fails to make such corrections. The Contractor’s liability for such corrections is not limited by the amount of such sum.

4. It is agreed that Contractor may provide a separate unconditional and irrevocable Letter of Credit to satisfy the requirement set forth in paragraph 3C above that 2½ percent of the total Construction Contract amount, for
latent defects, to be retained for fifteen months beyond the date of substantial completion. If such separate unconditional and irrevocable Letter of Credit is provided, it must be delivered to the Owner and made subject to this Completion Assurance Agreement before any balance remaining in the fund is released to the Contractor or the Fund canceled.

5. Any other provision of this Agreement notwithstanding, it is understood and agreed that no funds may be disbursed to the Contractor so long as there are any outstanding liens, claims or encumbrances against the Project, written notice of which have been received by the Owner. If any such claims, liens and encumbrances have not been removed or resolved, and written notice of such removal or resolution receive by the Owner, by the date of substantial completion, the Owner may in its sole discretion exercise any of its rights under the General Conditions of the Construction Contract.

7. This Agreement shall not alter or limit the obligations and liabilities of Contractor under the Construction Contract, but shall be deemed to be additional security for the performance by the Contractor of its obligations thereunder.

8. It is understood and agreed that in the event the Fund is held by a depository, that the depository is not charged with any duty or responsibility to see to the performance of or compliance with any agreements between any of the parties hereto other than that of paying over the Fund as directed in writing by the Owner, nor to see to the application of the Fund after making disbursements as so directed.
