1. Hualapai Human Resources

Presenters: Amy Querta and Duane Clarke

Amy reported that she has met with Duane on cases regarding tribal employees.

HR recommendation is to return all tribal employees to work on Wednesday, January 5, 2022. Directors will be requested to test all their employees. After Wednesday, there will be no administrative leave granted.

The Organizational Chart has not been update since 2013. HR included the departments which Council recently changed from managers to Directors and became their own departments along with a few other changes.

Questions came up on the return of employees and the COVID test.

- Directors will issue a COVID test. HR - Yes, extra kits were received.
 - If test positive, extend admin leave to those. HR - Yes.
 - If test positive here and clinic negative, third test. COVID guidelines does not address a third test.
 - Are the test kits reliable. Confirmatory test with IHS if test positive with home kit.
 - Medical concerns be addressed with Emergency Response Team (Duane is Liaison between Tribe and IHS). HR here to deal with HR issues.
 - Communication between ERT and clinic.
 - If feeling sick, stay home, get tested.
 - Section 21 - vaccinated, more worded into this, geared toward the exemption.
 - IHS is overwhelmed.
 - Refuse to test, is it mandatory to get tested? Implement a process, can't make them take test.
- Directors can send employees home if notices sick, per HR.

- If kits expired, replace them. The protocol is there, follow.
- Extend admin leave up to Wednesday.

Motion: to support the recommendation for tribal employees to return to work effective Wednesday, 8 am and that they submit to a COVID19 self-test. Seconded. Spikes occurring, latest at tribal office. Vote: 5 for, 2 oppose, 2 excused. Motion carried.

(Back to the Organizational Chart)

Amy is requesting for approval of the updated Organizational Chart. The departments which Council recently changed are included as they were to become effective January 1, 2022.

The water department has not been finalized yet that is why it's not included at this time but once it gets finalized the org chart can be amended to include it, as well as any other changes.

Motion: to approve the Hualapai Tribe Organizational Chart presented by the Human Resources Director. Second. Discussion: motion to include "effective January 1, 2022" with approval of second. Vote: 7 for, 2 excused. Motion carried.

2. Hualapai Finance Department

Presenters: Annabel and Kevin

Finance is requesting to extend the 2021 budget until the Finance Director returns, as he has been working on the 2022 budget. Annabel has been focusing on the grants.

Member's main concern was with those few departments that are in the red now and how is that going to be taken care of.

Annabel stated that has not been taken of.

Kevin informed upon Finance Director's return, his priority is to work on the general fund budgets. They don't want to prolong the budget but to get it done by end of January or sooner.

Member feels that if we extend to work with the 2021 budgets, those departments in the red, is not good. She referred back to 2021 when employees were furlough or rified by motion and later rescinded to put everyone back full-time. Secretaries can research those minutes to find those motions so accounting can modify the budgets.

Member - looking at the continuation of the 2020-21 budget, the government does that all so we are looking at the same process. Pertains only to the general fund budget.

Member agrees and would like to see the extension to at least a month.

Member—understand where we are at but only hear verbally and has not seen any kind of numbers.

Motion: to extend the 2021 budget for the end of January. Second. Discussion: Question to Finance, is it wise to extend the general fund funding? Yes, per Ana and Kevin. Member recommends that all travel cease and all purchasing unless it is an emergency. No spending until new budget is approved.

Amends motion to include Member's recommendations and to include tribal council travel as well, includes postpone upcoming travel plans. Vote: 6 for, 1 oppose, 2 excused. Motion carried.

5 minute break

3. REGISTRATION FROM PERSONNEL COMMITTEE

Letter of resignation from Idella Keluche and another individual.

Motion: to accept resignation of Idella Keluche from Personnel Committee. Seconded. Vote: 5 for, 1 oppose, 1 not voting, 2 excused. Motion carried.

Christine to put up a sign up for interested community members.

Member informed that the other person who put in her resignation letter in November, was contacted and was unsure but decided to stay on committee.

Member states it is important to get vaccinated. Unvaccinated is the leading in positive cases, not only here but worldwide.

Member - as we move forward, we will see spikes due to the holidays and wakes.

Brook - Received direction to discard the old test kits. They have received 3840 new kits for the tribe and corporation.

How can we get these kits to the community? They can be asked if they want to be tested but protocol would have to be set in place prior to giving out the kits. These self test kits are sold in stores.

Rosemary - Council can mandate that all employees be tested weekly, that would be her recommendation.

IT - Question from Robert Bravo regarding a proposal from One Call Medical Solutions that was presented to the Health Board. Has any Board member visited the lab?

Brook stated the Health Board attended the presentation by Robert and his associates. The presentation was not very impressive for the four Health Board members. We did tell them the Tribe already had a mechanism in place

with IHS and continue with that. The Health Board did not say no but could be something which GCRC can consider.

IT - Question from Robert Bravo - How can you say they are outdated when you haven't visited the lab or done more research?

Acting Administrator Marshall informed Mr. Bravo that Brook follow up with him in regards to the test kits.

Member - in regards to the COVID 19 guidelines, is the team able to work with HR to make amendments to it. Yes, they have been working with HR on behalf of the employees.

Member Havatone excused at this time.

For the record: 6 present, 3 excused.

Patricia Imus via zoom. Commented that has been on-going since March and haven't figured it out yet. This is another opportunity for another test lab, hears Ms. Marshall wanting to hear the presentation. Plus other concerns not on the agenda at which time a point of order by a council member.

Acting Administrator Marshall responded to some of her concerns.

Brook once again explained why the Health Board and medical experts who heard the presentation was not appropriate for the community but could benefit GCRC. If Robert wants to do presentation to Council, get with Shanna to get on agenda to provide to council.

Brook - Once we go into code red each department should activate their SOP protocols immediately. The 14 days for code red expires next Tuesday and at that time they will re-evaluate the situation.

Ms. Imus was recognized voicing her concerns and include a complaint from 2 months ago. Per HR Director, it's a personnel issue.

If community members want to be tested, test kits are available in stores to purchase. If they want they can go to a department and ask to be tested but decide which department first. Brook is even available to do test.

Brook explained modification to the SOP for burials/wakes.

Main concern of council was making a family member responsible to be main contact in making sure they follow the COVID mandates.

Council member suggestion is that someone other than immediate family member be the main contact that insures the COVID guidelines are being followed.

Pankow reported at last three funerals about 80% wear their mask, the spread by contact not the air. It is the individual's responsibility as the guidelines are already mandated.

Consensus of the council for the ERT to implement and follow the SOP for the burial services.

Road block recommendations was discussed and per Rosemary this will not move forward.

Further discussion:

Regarding the Guide and may compile into one for community and employee, extra home kits with concerns of tracking and monitoring. Some resistance from positives to go to IHS. Suggestion to get EMS to do test by their medical staff, mainly weekends.

Curfew for minors, enforcement if parents don't do their part.

Life is a gamble, no matter what is established still the people will do their own thing.

Regarding the burial services, forms can be picked up from tribal office and direct them to the ERT, contact information is provided on form.

The understanding of ERT is they come to Council to be informed or aware of what they are doing and support their decisions. If any input or ideas bring to ERT attention.

Motion to adjourn at 12:40 pm. Seconded. Vote: 6 for, 3 excused. Motion carried.

Administrative Assistant: Shanna Salazar

ASSESSMENT CALENDAR UPDATE

Due to technical difficulties, we have had to modify our testing schedule. Both parts of the Arizona Science test (AzSCI) were administered to 5th and 8th grade students today. Since that has gone off relatively smoothly, we will continue with our testing as follows:

04/07 – Writing, Grades 3-8

04/12 – Oral Reading Fluency, Grade 3

04/13 – Math and Reading (Part 1). Grades 3-8

04/14 – Math and Reading (Part 2). Grades 3-8

Most test sessions will be completed during the morning when students are fresher and more likely to be successful. Please try to schedule any appointments for your students in the afternoon whenever possible.

Once a student begins a test session, they must complete it – they cannot leave school and then return to that test. If you know your student will miss a portion of a testing day, it will be better for them to not start the test session and make it up on another day, rather than rush through it.

STUDENT CONDUCT

For whatever reason, we have seen an increase of inappropriate behaviors recently. Here are just a few:

- Medication (both over-the-counter and prescription) being brought to school without being checked in to the office by a parent/guardian;
- Other inappropriate items being brought to school – expensive toys, pocketknives, gum, cash;
- Dangerous behavior and damage on buses – changing seats, yelling, throwing things, writing on and poking holes in the bus seats;
- General meanness and classroom disruption – bullying, name-calling, stepping on other's shoes, knocking things off other's desks, not following directions.

Please take a few moments to talk with your student about what is and is not appropriate for school. Everyone deserves the opportunity to learn without such issues.

HOW CAN I HELP MY STUDENT?

- Have them go to bed on time – Especially during testing season, students will perform better when they are well-rested.
- Have them eat breakfast – If there isn't time at home, remember they can always have breakfast here at the school.
- Discuss with them about doing their personal best – The state is expected to use our student achievement results to assign the school a letter grade. As part of the state funding formula, schools who achieve high letter grades are eligible for additional funding for their schools.

POSITION OPENINGS

We are still on the lookout for a bus driver / instructional assistant in Mrs. Clouse's 1st/2nd grade classroom for the rest of this school year.

With Ms. Blount's retirement in May, and Mrs. Blanton's student teaching next year, we will have NO bus drivers for next fall, unless we can get qualified candidates hired and trained. Please be on the lookout for anyone who might be interested in a full-time position next school year. Applicants must have or be able to obtain school bus driver certification. Training is paid, with additional income opportunities during the summer.

SMALL SCHOOLS TRACK MEET

We are pleased to be back at Kingman High School once again for the annual Small Schools Track Meet. This year's meet will be on Thursday, May 5, 2022. Permission slips will be going out in the next two weeks.

Putting Positive Parenting into Action with Young Children

Raising a young child comes with both joys and challenges, and no parent is perfect.

To help families do their best in guiding their children's healthy development, Arizona's early childhood agency, First Things First (FTF) has partnered with the national early childhood organization, ZERO TO THREE, to promote Positive Parenting, an approach that focuses on building loving relationships with children through everyday moments — even when those parenting moments aren't easy.

"Parenting is a forever learning process, and all parents want to do the best they can," said Kat Willard, FTF's senior director for family support and literacy. "The latest research tells us that when parents make time to connect with their child through everyday moments it helps the child learn how important and cherished they are."

Research also shows that today's moms and dads turn to online content, especially videos, when looking for guidance on parenting. That's why FTF collaborated with ZERO TO THREE on a series of videos and online content that highlight nine elements of Positive Parenting, which include being able

to imagine your child's point of view; providing consistent, age-appropriate guidelines and limits; and recognizing and regulating your own feelings before responding to your child.

Parents and caregivers who visit FTF's [Positive Parenting](https://www.firstthingsfirst.org/resources/positive-parenting/) page at [FirstThingsFirst.org/resources/positive-parenting/](https://www.firstthingsfirst.org/resources/positive-parenting/) will find short videos, parent interviews and other information that will engage and encourage parents of babies, toddlers and preschoolers.

For example, one music video reminds parents that a child's perspective is a lot different so it's important for parents to try to imagine their child's point of view, especially during tough moments.

"One of my favorite things to do at meal times with my children is talk about the favorite parts of their day, as well as a part of our day they didn't like," Willard said. "It provides me with the opportunity to respond to my children with interest and sensitivity and to expand on their ideas or thoughts."

Parents should come to the realization that positive parenting isn't about being perfect," said Rebecca Parlakian, ZERO TO THREE's senior director of programs.

"It's about building loving connections with our children through everyday routines," she said. "When we make mistakes, as every parent does, it's important that we take the time to reconnect with our child and learn from those moments. The power of being a parent is that we get to choose how we build our own family — which patterns to continue from our own childhood and which to leave behind."

HOW TO BECOME A WILDLAND FIRE FIGHTER

Interested individuals that are looking to become a Wildland Fire Fighter for the Hualapai tribe, here is the information that will help you to become a fire fighter.

There are Wildland Fire Fighting agencies that operate nationally like the Bureau of Land Management, National Park Service, Forest Service, Bureau of Indian Affairs, US Fish and Wildlife Services and at the local level in the State of Dept. of Forestry and Natural Resources that provide a service to train and employ the public to be fire fighters in the efforts to combat the risk of unwanted wild land fires that endanger the public and can destroy community residences and property.

Federal agencies and state departments provide wildland fire training to interested individuals in being part of a team in supporting the suppression efforts in fighting wildland fires.

Here are the requirements.

- The first requirement is taking a Physical that must be done through Medical Standards and must be completed prior to being certified wildland fire fighter. The tribes fire management and participant will be notified and provided a schedule for the physical examination that is to be completed.
- The second requirement is the basic firefighting courses S-130 Fire training, S-190 Introduction to Fire Behavior, I-100 Introduction to ICS and L-180 Human Factors in Wildland Fire Service that must have an overall passing score of 70% or higher.
- Third requirement is a Work Capacity Test that consist of physically walking 3 miles in 45 minutes with a 45 lb. pack to ensure that the individual is physically fit and can perform the capabilities as a wildland fire fighter.

As you become qualified as a fire fighter, and become more experienced on the fire line, there are advance training courses available both online and schedule of trainings by your home unit. See below training schedule.

Elders Tell Their Story • Hualapai Heritage: Charlie Vaughn-McGee

Submitted by: Alan Blackburn | Church of Jesus Christ of Latter-Day Saints

HUALAPAI HERITAGE: CHARLIE VAUGHN-MCGEE

On my mother's side, my great grandfather was known as Cap or Indian McGee. You look around the community of Peach Springs, I am told that McGee or even my last name Vaughn is of Irish connection. Looking at our history, in the 1860's after the Civil war, many of the soldiers from the war joined the Cavalry and came west. A lot of them ended up here. They were charged with taking a census. My mother tells the story of how her grandfather, my great grandfather received the name McGee. The Hualapai's were in line for the census. Back then everyone spoke Hualapai. When they came to my great great-grandmother, she was carrying her baby (my great grandfather). He was crying very loud. The census taker asked what the babies name was. My great great-grandmother simply replied dhu-me-gi-juh (the one who cries a lot). When she said that in Hualapai, the soldier census taker being of Irish decent said, "Oh, that sounds like McGee." and wrote McGee on the census. So that is how the name came to be and that was my mother's maiden name.

Much Appreciation

A belated THANK YOU to all who attended funerals for the Walker Families and the kind words and things done for our family. Much appreciation.

Service: April 17, 2022 at 10:00 a.m.

Luncheon after service.

"Potluck" come and join us!

I'm sure you have read the story of Jesus Christ.

*For He was... Born as a baby! Preached as a
child! Killed as a man! Arose as a Victor!
And coming back as a KING!*

*When Jesus hung on the cross He took all our
mistakes. All our failures, All our weaknesses
And He... forgave them! Amen!*

*Jesus did not solely die on the cross – He died
for you! Every drop of His blood was shed for
you! Every step, every humiliation, every strike,
every whip, every mocking, every piercing
nail!! You were always on His mind!
This is the gospel true story!*

+

He died for those who killed Him.

By the blood.

He forgave those who spilled it! Amen!

+

Without the shedding of blood.

There is no forgiveness of sins!

(Hebrews 9:22)

+

It wasn't nails that held Him to the cross
But His LOVE for you and me! Amen!

+

When Jesus cried out,

"It is finished!"

Righteousness was perfected,

divine justice was satisfied,

Blood was shed,

Redemption was paid.

Sins were forgiven

Reconciliation was achieved,

Death was conquered and

Salvation was secured!

+

I will come... happened! (Born)

I will die ... happened! (Crucified)

I will resurrect... happened! (Arose)

I will be back! Get ready! Amen!

Are you ready?

Respect, Love & Strength

Red Hawk here with Step 3: Free to Choose

Step 3: we made a decision to turn our wills and our lives over to the care of God as we understood him.

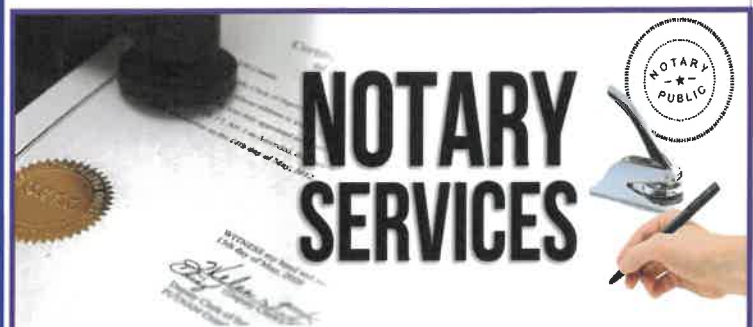

Everyone has a life or death decision to make. We have all been created with the supreme privilege of free will - the ability to choose. Even when we are in the bondage of our addictions, we still have choices confronting us. When we are in recovery, we face the nagging lure of falling back into our addictions. The freedom to choose brings with it the burden of the consequences of our choices. These choices affect our life and the lives of our children. Free will is our blessing and our responsibility!

God spoke through Moses, saying, "Now listen! Today, I am giving you a choice between life and death, between prosperity and disaster. For I command you this day to love the Lord, your God and to keep his commands, decrees, and regulations by walking in his ways. If you do this, you will live and the Lord your God will bless you. But if your heart turns away and you refuse to listen, then I warn you now that you will certainly be destroyed.

Today, I have given you the choice between life and death, between blessings and curses. Now, I call on Heaven and Earth to witness the choice you make. Oh, that you would choose life, so that you and your descendant's might live! You can make this choice by loving the Lord, your God, obeying him. This is the key to your life." (Deuteronomy 30:15-20)

Although, we may feel out of control with respect to our addictions, we can choose to set our hearts in the direction of life. We can choose to love God and begin to follow his program. Once again, this is from "The Life Recovery Bible" and myself, Red Hawk Zephier, letting you know that you are not alone. The Creator brings us together to stand and walk together with dignity and strength in Recovery. Please forgive the delay of this step lesson. I will be back on track, sharing my Hope, Love and Strength in recovery.

BENJAMIN HAVATONE

JANITOR

JANITORIAL DEPARTMENT - GCRC

Gamyu'

My name is Benjamin Havatone. I am a Hualapai Tribal member. I was raised by my late father, Steven, and my late mother, Gertrude Havatone. I reside on the Hualapai reservation with my wife and family.

I have worked with GCRC on and off for many years. Starting with Hualapai river Runners which was a seasonal job. Then I transferred to the Ambassador department at GCW. I am presently in the Janitorial department at GCW.

I would like to continue working with GCRC and learn new skills and teach new employees on what I've learned. I enjoy working with the team members in the Janitorial department, as management has been patient and kind with me in this new position.

I am honored to be recognized by our management and I will continue to apply my effort in the janitorial department and GCRC.

Aye' Mah Hunk yu' (Thank you)

GREG MILLER

LEAD DRIVER

TRANSPORTATION DEPARTMENT - GCRC

Gamyu'

Hello, my name is Greg Miller. I am honored to be here, nominated and selected as one of the employees of the month.

I am 60 yrs. old, and I was born in Baldwin Park California. I have 3 sisters and 2 brothers and am a proud father of my daughter Ashley. I eventually moved here to Arizona in 2019 in hopes that I would find a challenging job that I would also enjoy doing. With a lot of perseverance, my dreams became a reality after starting work up here at Grand Canyon West. I was finally able to purchase my very first home.

Within just a few days after relocating to Arizona, I started working for Mountain View as a terminal shuttle driver. In Nov 2020, I was hired on with the corporation to drive for the transportation department. I became a lead driver in Aug 2021.

Over the past year and several months here at the canyon, I have worked with an amazing team of drivers, managers, ambassadors and other colleagues who do what it takes to get the job done right. My goal is to partake in the continuing growth of this canyon.

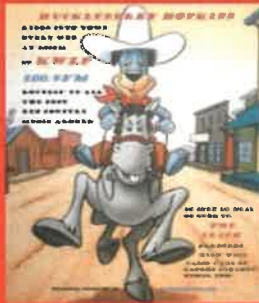

I want to thank you again for hearing me today.
