In Honor of Mr. Caleb "Joe" Powskey Day January 08, 2023

"We have what we have because of our Hualapai ancestors."

Art is a gift. It should be used to tell a story or say something about life. It is a spiritual native process for me that needs to come out. If I do not do it, it never materializes; nobody will know what I am thinking. It is an outlet for using my spiritual creativity. I want the youth to look at my work and be inspired and get something out of it."

Special Election Chairperson Candidate • Sherry J. Parker*Submitted by: Sherry J. Parker | Hualapai Tribal Candidate*

December 29, 2022

Dear Hualapai Tribal Members and Community,

Greetings to you all! I hope that your Christmas was good. I do realize the challenges due to the deaths of our young ones recently and I pray for your comfort and peace. The unexpected loss of our relatives has been overwhelming over the years. Healing does not come easy but talking to someone about it really helps to get that grief and sorrow out, it may take some time everyone is different so I just encourage you all! Find someone to trust and talk to!

I wanted to address the above issue first for it is the more important. Now I wanted to address my candidacy for Chairwoman in 2023. Thank you for all that voted for me I really appreciate it. The issues and concerns for the tribe are always significant and important to the continued existence of the Hualapai Tribe. We have had to fight many court battles over the years and have been successful in all of them.

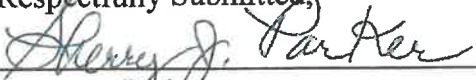

Being a leader is not an easy calling it is one I take seriously I have learned over the years the importance of understanding the issues that impact our way of life. In 2012 when I came in office as Chairwoman we hit the ground running. One significant issue was the Diamond Bar Road completion it was a legal battle with the rancher we were finally were able to build that road. We were involved in a litigation over our Skywalk and eventually worked that out for the betterment of the tribe. These two issues were significant to us as they both created significant financial income to us.

I understand that the Water Rights issue is headed to the president's desk this has been a work of many years and many strong leaders promoting and supporting the importance of our water as it is life to us. I am thankful that we have made it this far and pray it will be signed soon.

I have always made my campaigning about upholding leadership that is fair to everyone and treats everyone equally. I strongly believe the importance of upholding the Hualapai Constitution and ensure it does not lose its power. Reading and understanding the Constitution is most important to us in governing ourselves and being able to maintain our land from outside entities that would try to steal from us.

I have always represented the Hualapai Tribe with respect and utilized its resources for the benefit of all and promoted those things that will ensure our future success. I will be a leader of integrity and honesty and speak up on all matters and represent each and every one with a positive voice. **I ask for your vote in January 14, 2023!!**

Respectfully Submitted,

Sherry J. Parker

Special Election Chairperson Candidate • Jonell Tapija*Submitted by: Jonell Tapija | Hualapai Tribal Candidate*

Gam Yu Hawḍagwi:va

Han Kyu Hwal'bay for all the votes I received during the primary election.

Hello Peach Springs Community, Hualapai Tribal Members, relatives and friends:

I am truly grateful for the support I received during the primary election. I also want to congratulate Sherry Parker for making the general election, as a run off partner. To the candidates who put their name in for the chairperson position, hold your head up high and know that taking that step is not an easy one but you did it. Great job you all did!

As I continue on this election journey, my focus remains the same, uphold the Hualapai Constitution, Code of Ethics, Law and Order Code and the Hualapai PPP.

I would like to share the flow chart of who oversees whom within the Hualapai Tribe as a whole so the membership has a better understanding of who can hold whom accountable.

The Hualapai membership oversees the Hualapai council.

The Hualapai council oversees the Chair and Vice-chair positions.

The Chair and Vice-chair oversee the Hualapai tribal departments as the tribal administrators.

The Hualapai council oversees the Grand Canyon Resort Cooperation Board members.

Therefore, for any reason by petition, can a Hualapai tribal member over the age of 18 years can recall any council member at any time during their term.

The Hualapai council through the code of ethics can hold chair and vice-chairperson or any other council members if proper documents are filed against them, accountable with the code of ethics.

Chair and vice-chair person work with tribal department director has to oversee their programs but the council as a whole, make motion to approve and remove directors at any time.

The Hualapai council motions to approve and remove GCRC board members at any time.

The reason I bring this chart to your attention is for your understanding of who can hold whom accountable at any time during their term or position. Remember it takes majority (5) members out of a nine member's to approve or deny a motion or action.

I believe it is time to start the dialogue to hold people accountable for how the tribe, tribal departments and the GCRC is functioning at this time. Accountability is what Hualapai needs and wants.

On January 14, 2023, you will have a choice to make while you vote for your next Chairperson of the Hualapai Tribe and I say this with confidence, I am willing and able to take on the job and duties this position entails. I am one vote on a nine-membership council but my votes and decisions will continue to be on behalf of the Hualapai membership and the future generation.

Han kyū,

Jonell Tapija,
Candidate for Hualapai Chairperson

First Things First • Program Coordination Specialist: Mohave and Hualapai Tribe
Submitted by: Kimberly Corbin | First Things First

FIRST THINGS FIRST

Program Coordination Specialist Mohave and Hualapai Tribe

First Things First (Arizona Early Childhood Development and Health Board) is an essential leader and partner in creating a family-centered, equitable, high-quality early childhood system that supports the development, well-being, health and early education of all Arizona's children, birth to age 5. Created by voter initiative in 2006, First Things First is governed by a state Board with 28 regional partnership councils. First Things First is a decentralized organization that engages diverse constituencies to accomplish its mission. Organizational values include a commitment to diversity, equity and inclusion; a focus on accountability, transparency, coordination and collaboration; and an emphasis on the outcomes that will ensure young children start kindergarten healthy and ready to succeed in school and in life.

Arizona tribes can participate in First Things First (FTF) in one of two ways: by electing to have their tribal lands treated as separate regions by the FTF state Board, or by electing to have their tribal lands treated as part of the FTF regions in which their lands are geographically located. The Fort Mojave Indian Tribe elected to have their tribal lands included in the La Paz/Mohave region. The Hualapai Tribe determined to have their tribal lands as a separate region and therefore the FTF Board established the Hualapai Tribe Regional Partnership Council.
