CODE ENFORCEMENT APPRECIATION WEEK April 2023

Code Enforcement & Dispatch Appreciation Week

Our team would like to take this time acknowledge the dispatchers that started our dispatch center after the 501 Frequency became obsolete. Our program was instrumental in developing a dispatch center for the needs of communication for all public safety programs and the dispatch concept was led and evolved through Animal Control which allowed public safety dispatching for EMS, Fire and other Public Safety Programs with 90% of dispatch duties involving animal control calls.

DISPATCHERS: Kyra Benson, Cheyenne Majenty, Eric Latrell, Samantha Stratten, Charolette Stevens, Arturo Salazar, Valen Quasula, Morgan Manakaja, Calvin Putesoy and often including countless hours of coverage from Duane Clarke, Shawana Havatone and Shaun Henson.

Thank you to all those who served as the original team of dispatchers for keeping our community safe!

We'd like to acknowledge our past personnel who contributed with Animal Control

Zoom Event - Book Club: Braiding Sweetgrass • Tuesday, April 25th

Submitted by: Adeline Crozier | Hualapai Tribal Administration

The AZ SHPO has partnered with our statewide advocacy, the Arizona Preservation Foundation to launch a bimonthly book club for preservationists and budding preservationists to discuss current event (and perhaps even fiction) releases with topics that have relevance to the work we all do.

This month, we will be reading and discussing Robin Wall Kimmerer's Braiding Sweetgrass. The discussion will be moderated by Carrie Cannon, an ethnobotanist with the Hualapai Tribe. She will be talking a bit about the role traditional ecological knowledge plays in heritage conservation.

The book discussion is a free zoom event, and I would love to extend an invitation to your staff (and any others you believe would be interested) to participate. **Can you pass this along? Registration can be found here: <https://www.azpreservation.org/book-club>.**

Tuesday, April 25, 2023

Time: 7 p.m. via Zoom

Register at: <https://register6.net/AHPBookClub/>

Carrie Cannon is a member of the Kiowa tribe of Oklahoma and is also of Oglala Lakota descent. She has a B.S. in Wildlife Biology, and an M.S. in Resource Management. She began working for the Hualapai Tribe of Peach Springs, Arizona in 2005 where she began the creation of an intergenerational ethnobotany program for the Hualapai community. She is currently employed as an Ethnobotanist for the Hualapai Department of Cultural Resources. She administers a number of projects promoting the intergenerational teaching of Hualapai ethnobotanical knowledge working towards preservation and revitalization to ensure tribal ethnobotanical knowledge persists as a living practice and tradition.

MONTHLY UPDATE

Counting kicks is a simple way to monitor baby's well-being

Expectant parents can download the free Count the Kicks app to easily record their baby's movements.

Expectant parents in their third trimester are being encouraged to count their baby's kicks. It could help save their baby's life. The Arizona Department of Health Services has partnered with the national organization Count the Kicks to reduce stillbirths across Arizona. Research shows that teaching pregnant women how to monitor fetal movement during the third trimester of pregnancy resulted in a 30% reduction in stillbirth.

"The health of the mom and health of her baby are intrinsically connected," said Jodi Long, an advisory board member, in a Count the Kicks video. "When one is struggling, there's a growing chance the other will struggle, too." According to the Centers for Disease Control and Prevention, Arizona loses approximately 485 babies to stillbirth each year. Stillbirth, defined as the loss of a pregnancy between 20 and 42 weeks' gestation,

affects 1 in every 169 pregnancies nationally and is 10 times more common than Sudden Infant Death Syndrome.

Expectant parents can download the free Count the Kicks app (available on the Apple App Store and Google Play Store) to easily record their baby's movements and notify their health care provider if something changes.

Starting at 28 weeks, expectant parents can track their baby's movement on the app. Expectant parents are asked to do this daily and to pick a time when the baby is active. The instructions are simple: Sit with your feet up and count each movement as one kick, until they reach

10. The app will show you how long it takes to reach 10. Parents are asked to rate the strength of the baby's movement from 1 to 5, with one being a flutter to 5 being fierce.

By using the app daily, expectant parents will get to know what's normal for their baby.

If they notice a change in the strength or how long it takes to get to 10, they should contact their healthcare provider. "There are warning signs, red flags if you will. Ways for expectant parents and doctors to have an early heads up that something might be going wrong in a pregnancy," Long said. "Babies in the third trimester are just like us. When we're sick and not feeling well, and want to lie in bed or on the couch, it's the same thing for babies. If they're not doing well, their movements will change or become weaker. This is that early red flag and a reason to call the doctor right away."

Count the Kicks features personal stories from mothers across the country, where speaking up about a change in their baby's movement helped their baby have a safe arrival and also address pregnancy complications that put their own lives at risk. "Increased education and awareness around fetal movement monitoring may help to improve birth outcomes, not just for babies, but for moms, too," Long said.

STATE ASSESSMENT TESTING

April brings with it state testing season. Our students in grades 3-8 will have a number of assessments to complete this month. The scheduled dates are listed at the lower right.

The 3rd grade reading test includes a section of Oral Reading Fluency where students will read passages out loud into a headphone microphone. It will be important for students to speak clearly, but not yell, into the microphone. They can practice reading out loud just about anywhere. For this particular test, speed is not as important as speaking clearly.

BUS PROCEDURES

Two main issues that we have seen an increase of lately – both of which we need your help to address:

The first one has to do with students not following bus (and bus stop) procedures. The bus and all stops are considered part of the school for behavior purposes. Students are to follow school rules (especially the ones prohibiting verbal or physical assault) while waiting for or riding the school bus.

Eating on the bus is prohibited. It is considered a health and safety hazard. If a student were to start choking on something they were eating, precious seconds would be lost while the bus driver has to safely pull over and park the bus to get back to the student to provide assistance.

The second issue has to do with bus stop changes. We have asked that families please contact us before noon whenever possible to make changes to their student's afternoon transportation. There have been a number of occasions in recent weeks where families are calling us even after the buses have already left the school to make those changes. Late changes put a tremendous strain on everyone, including all of the other students who may be delayed as a result.

GRADUATION CHANGE

Our graduation/kindergarten promotion ceremony has been moved from Wednesday, May 17, to Thursday, May 18, 2023.

HOW CAN I HELP MY STUDENT?

- Have them at school for testing – Regular attendance is important, but of even greater importance during testing. When students are absent on a testing day, that's not work that they can make up at home. Then they miss the regular instruction that is going on while they are making up the test they missed.
- Discuss the importance of taking the test seriously – Our school is currently under the microscope of the Arizona Department of Education because our student test scores are not where they should be. Encourage your students to take their time, use the strategies they have been taught, and do their best on each test. The test is not a race—there are no prizes for finishing the fastest.
- Follow a good school night/morning routine – Have your students get plenty of sleep the night before, eat a good breakfast, and avoid stressors as much as possible.

FIELD TRIPS

We have plans in the works for out-of-town field trips and will be needing additional adult chaperones. Contact Mrs. Clouse (mrs.clouse@valentineaz.net) for more information.

As we have already told the students, their behavior determines whether they will be eligible to participate. If students are suspended for their behavior this quarter, they will not be able to go on the field trip.

Mega Throw - Parker, AZ.

I would like to commend Awa', Traeh Powsey, Miss Hualapai 1st Attendant, for participating in the following gatherings:

Singing The Birds, Palm Springs, California - January 28, 2023

CRIT Mega Throw, Parker, Arizona - March 24 - 25, 2023

PIIPAASH Gathering, Lehi, Arizona - April 1, 2023

She makes me proud to hear her introduce herself in Hwal bay and representing the Hwal bay Tribe. Watching her dance the bird makes my heart happy and I enjoy traveling with her. I tell her to never give up and encourage her to continue what she like to do. She is our PRINCESS.

A special thank you to Ms. Jessica Powskey for making it possible for us to travel with Hualapai Bird Singers, "Ha Nyum Sav" & Dancers to attend these gatherings. Han kyu!

Gamyu jeh? Du ma han yu jah!

(Isaiah 43:2)

When you pass through the waters. I will be with you and through the rivers. They will not overwhelm you. When you walk through the fire you will not be burned or scorched, nor will the flame kindle you!

This is the Lord's encouragement to us. Whatever we are facing, he will not allow us to be harmed, so long as we trust Him! It is easy to quit. It takes faith to persevere.

Morning Prayer

Lord, give me the mind of Christ. Help me to make good decisions for my good and your glory.

(1 Corinthians 2:16)

For who hath known the mind of the Lord, that he may instruct him? But we have the mind of Christ.

(Morning Inspiration)

Each day we can talk to God, unlike a friend who may be busy, a relative who might be too far away. God's presences is forever more! Amen!

WE LOVE OUR VOLUNTEERS

KWLP, "The Peach"

**Proudly Announces and Congratulates
March 2023 Volunteer of the Month:
Steve DeFord, aka Pastor Steve**

Steve DeFord, aka Pastor Steve continue to be an invaluable Peach team member. He and his family have supported and participated in the Hualapai Tribe radio programs since its inception as a Kidstar station and then EPCH, internet only. Pastor Steve is host of *Redeemed and Free*, KWLP's long-running and popular gospel show airing on Wednesday evenings at 6:00pm and Sunday mornings at 10:00am.

"Redeemed and Free" always begins with the segment "The Truth with Ms.

Sherry," hosted by Pastor Steve's wife, Sherry DeFord. During his show, Pastor Steve shares scripture and features southern gospel music. Pastor

Steve and his family are well known in the PSA community. Steve is Pastor at the Hualapai Baptist Highway Church and worked at the Walapai Market for many years. Three of his sons were original KIDSTAR show hosts and one, Micah worked at the station. Miss Sherry also teaches at the local Church school. Steve's brother Jeff shares his nationally syndicated show: "Down to the Roots," with Peach listeners at no cost to the KWLP. This Bluegrass show immediately follows Steve's show at 7:00pm Wednesday evenings.

Steve has always impressed staff with his professionalism in his preparations and presentations. When able, Steve helps at events, solicits advertisers and personally contributes regularly to Listener give aways. He rarely misses a show, meeting or training! We truly appreciate all he does with and for KWLP and the community!

Pastor Steve will receive incentives valued at \$100 for being Volunteer of the Month! If you might be interested in volunteering, call at (928) 769-1110.
