Hualapai Tribe Chairman Candidate • Duane Clarke

Submitted by: Duane Clarke | Hualapai Tribal Candidate

DUANE CLARKE**“DC FOR TRIBAL COUNCIL- CHAIRMAN”**

April 5, 2024

Gamyu Hualapai Tribal Community,

My name is Duane Clarke and I am writing this letter to inform you of my intent to be a candidate for office of the Chairman for the Hualapai Tribe and serving to lead our people on the Hualapai Tribal Council for the 2024 Tribal Elections. First, I want to take this opportunity to thank each of you who have given me words of encouragement, support and have asked me to be a candidate, I am truly humbled by your show of support and trust to be considered to lead our tribal government and all our “People of the Tall Pines”.

The path of my career in public safety has given me the ability to serve the people with dignity and honor to be a leader not only in my organization from the Federal Government to Tribal Workforce and lead and serve on various local committees including for the State of Arizona. Many of you have asked what my vision is to lead our tribal government and our people of the tribe and it starts exactly with each of you, the people of the Hualapai Tribe and here's a few HIGHLIGHTS of my vision:

- Create an initiative strategy against dangerous narcotics.
- Support our youth and development with recreational events that involve family gatherings through traditional teaching.
- Prioritize our elders for their care and needs.
- Housing development and ensuring overcrowding and homelessness are the priority with a path of reliable programs for support and emphasis of infrastructure for sheltering.
- Job creation and support mechanisms to help those seeking stable employment.
- Seek innovative outreach and public relations that supports, informs, and educates of departmental policies including the development of an office for a community coordinator who promotes events and activities associated with all tribal functions.
- Transparency from the Tribal Council of the meetings that include information and educates of policies.
- Support our active members of the military and our veterans with the development of a Veterans Memorial Museum that honors all our heroes from the past to our present.
- Any budget reduction starts at the top. Being a leader is not meant to make riches but support of the people. This includes the introduction to decrease the salary of the Chairman and Vice-Chairman including setting council stipends to a fair amount and remain in accordance to the tribal constitution opposed multiple stipends for countless meetings.

It's important we protect our land and understand our actions today can hurt future generations and it is imperative the protection of our ancestral land including land we have in trust be protected in all possible means and support all efforts the benefit our future generations so we all may continue to have the land we know and love today, with the focus “about tomorrow” to ensure our existence as a tribe remains strong with pride including innovative ideas of creating jobs with the focus to explore new ventures with the idea to increase tourism and maintain self-sufficient and economic growth.

I hope you share my excitement of my vision that could bring the conversation of who you consider to lead our tribal government, and I truly understand some may disagree with my approach but we should never hold any disagreements against each other or hold negativity that brings an agenda against people, instead let's come together as one, one reservation and bring one another together as families with the support one another in times of bad and good.

Thank you once again to each of you who have so dearly voiced your support and for your sincere consideration to lead our tribal government as a candidate of the Hualapai People.

Respectfully submitted.

/s/ Duane Clarke, Hualapai Tribal Member #00115
Candidate for the Hualapai Tribal Council- Chairman

2024 Tribal Council Election- VOTE “DC” DUANE CLARKE for all the People of the Tall Pines

Hualapai Enrollment • Update
Submitted by: Cody Susanyatame | Hualapai Enrollment Office

HUALAPAI ENROLLMENT OFFICE UPDATE

Gamyu Hwal Bay Ba:je’?

Tribal Member Names and Addresses

Our office is charged with maintaining current and accurate names and addresses of all tribal members; Hualapai Constitution, Article II. Our office has experienced delays in receiving name changes that may be the result of marriage, adoption or voluntarily changing of one’s name.

The process in changing your name with the Enrollment Office is as follows:

1. Provide a marriage license, adoption decree or court order of name change;
2. Provide an updated Social Security Card with changed name;
3. Issuance of new tribal ID and CIB;
4. Any other questions, please contact our office.

Addresses are important for tribal members to frequently update with our office. Enrollment Office supplies that information for tribal events like Election seasons and distributions. This will greatly establish a database of up-to-date tribal member data.

Tribal Member Death

In the event of a death of a tribal member, please notify our office so we may inactivate their profile and once a death certificate is received, provide a copy to our office so we may officially close their tribal member file.

Contact Information

Should you have any questions, please contact our office, we are available by either phone, fax or email.

Clara Mahone, Enrollment Director Cody H. Susanyatame, Enrollment Assistant

The Planning Department is Seeking Two (2) New TERC Members • Applications Due: Friday, April 29th

Submitted by: Kevin Davidson | Hualapai Planning Department

The Great Spirit created Man and Woman in his own image. In doing so, both were created as equals. Both depending on each other in order to survive. Great respect was shown for each other; in doing so, happiness and contentment was achieved then, as it should be now.

The connecting of the Hair makes them one person; for happiness or contentment cannot be achieved without each other.

The Canyons are represented by the purples in the middle ground, where the people were created. These canyons are Sacred, and should be so treated at all times

The Reservation is pictured to represent the land that is ours, treat it well.

The Reservation is our heritage and the heritage of our children yet unborn. Be good to our land and it will continue to be good to us.

The Sun is the symbol of life, without it nothing is possible - plants don't grow - there will be no life - nothing. The Sun also represents the dawn of the Hualapai people. Through hard work, determination and education, everything is possible and we are assured bigger and brighter days ahead.

The Tracks in the middle represent the coyote and other animals which were here before us.

The Green around the symbol are pine trees, representing our name Hualapai - PEOPLE OF THE TALL PINES -

The Planning Department is Seeking Two new TERC Members.

Greetings Community Members:

The Planning Department is looking for two new applicants for the Tribal Environmental Review Commission (TERC) Board of Commissioners. Below is a summary of what TERC is and what their function is.

Under the Hualapai Environmental Review Code (HERC) the Board of Commissioners has the primary authority, under the direction of the Hualapai Tribal Council, for regulating land use and development of Hualapai Tribal Lands. The Board of Commissioners is composed of seven (7) members who are appointed by the Tribal Council.

Their function is to review and regulate, including issuing permits for, all development activities that are proposed for any site within Hualapai Tribal lands, in order to ensure that:

- (1) no development activity will be carried out without a permit; and
- (2) all development activities will be carried out in accordance with all applicable tribal and federal environmental protection laws and regulations.

If any person is interested, you can pick up an application at the Hualapai Planning Department, fill it out and turn it in to the Department at 887 Hwy 66 (next to 76 fuel station). **The due date for applications is Monday, April 29, 2024.** If you have any questions please feel free to contact me at 769-1310.

Respectfully,

Kevin Davidson, Director
Planning & Economic Development

Seeking Community Members to serve Hualapai Route 66 Centennial Celebration Committee • Friday, May 17th
Submitted by: Kevin Davidson | Hualapai Planning Department

Seeking Community Members to serve on the Hualapai Route 66 Centennial Celebration Committee

Greetings Community Members:

The Hualapai Tribe is seeking nine community members to serve on the Hualapai Route 66 Centennial Celebration Committee to prepare Peach Springs and Valentine for the 100th anniversary of US Route 66’s establishment in November of 1926.

Committee members will be appointed by the Tribal Council in mid-2024 and will serve through December 31, 2026.

The Committee will look at ways to celebrate and honor the historic route, then create plans to preserve, protect and enhance the highway and conclude with recommendations on ways to attract tourists beyond 2026. To do this, the Committee will work with the Historic Route 66 Association of Arizona, the Arizona Department of Transportation (ADOT), the Western Arizona Council of Governments (WACOG) and the Route 66 Centennial Commission established at the federal level.

If you are interested in joining the Committee, please sign up below and return to the Hualapai Planning Department at 887 Hwy 66 (next to 76 fuel station). The due date for applications is Friday, May 17, 2024. If you have questions please feel free to contact me at 769-1310.

Kevin Davidson, Director
Hualapai Planning and Economic Development Department

Wecom Fiber • High Speed Internet - Coming to Your Area

Submitted by: Kevin Davidson | Hualapai Planning Department

HEY HUALAPAI!

HIGH SPEED INTERNET - COMING TO YOUR AREA!

Wecomfiber

As a technology-driven company, Wecom believes that continued investment in our network, employees, and services enables us to meet our customers' current and future demands. Our goal is to provide the best solutions and highest quality customer support, bar none. **We're working to connect every community, to ensure everyone has access to the fastest & most reliable network.**

WHY FIBER?

■ **Blazing Speeds:**

Fiber optic internet delivers speeds up to 1 Gbps—that's 10 to 20 times faster than traditional cable connections. Stream 4K movies, video conference without glitches, and game online with zero delays.

■ **Reliability:**

No more frustrating outages. Fiber is immune to interference and weather conditions, so that your internet keeps you connected at all times.

■ **Symmetrical Uploads and Downloads:**

Fiber offers symmetrical performance, meaning that you can share large files, upload videos, and collaborate seamlessly.

■ **Future-Proof Technology:**

Fiber is ready for whatever comes next – virtual reality, smart homes, and beyond – making sure that your digital connection continues to evolve.

■ **Enhanced Security:**

Fiber's enhanced protecting ensures your sensitive data stays private and gives you peace of mind.

CONSTRUCTION IS STARTING NOW

Connect with Wecom and transform your digital experience

Hualapai Master Plan Meeting #10—Part 2 • Meeting Notes (March 20th)

Submitted by: Kevin Davidson | Hualapai Planning Department

HUALAPAI MASTER PLAN MEETING #10 – Part 2

Meeting Notes

Meeting Date: March 20, 2024, 5:00 PM

Multi-Purpose Building, Peach Springs, AZ Peach Springs, AZ

1. **DINNER** at 5:00 PM
2. **CALL TO ORDER:** Chairman Robert Bravo called the meeting to order at 5:44 PM.
3. **ROLL CALL:**

Present:

Andrea Nieto, Camille Nighthorse, Cheryle Beecher, Clay Bravo (Zoom), Joyce Powskey, Raelene Havatone (Zoom), Manny Siyuja, Marilyn Vaughn, Martina Dawley, Nick Hunter, Shana Talieje and Robert Bravo.

Also in attendance were Kevin Davidson, Director of the Hualapai Planning & Economic Development Department and Nona Baheshone, Bahozhoni Development (Zoom).

Absent:

Gensean Havatone-Putesoy, Longfeather Fox, and Loretta Jackson-Kelly (excused).

4. AGENDA AND MINUTES APPROVAL:

Chairman Robert Bravo requested a motion to approve the meeting agenda. Andrea Nieto made a motion to approve the agenda and Nick Hunter seconded. Committee approved the agenda unanimously.

Chairman Bravo requested a motion to approve the March 5, 2024, meeting minutes. Ms. Andrea Nieto made a motion to approve the agenda and Mr. Hunter seconded. Committee approved the agenda unanimously.

5. Recap of the Cattlemen's Meeting on February 15, 2024

Mr. Davidson began the presentation by noting this is the committee's tenth meeting – part 2 - where the committee will integrate the February input into the Master Plan. To recap, Mr. Davidson reviewed comments received during his presentation made at the Cattlemen's meeting held on February 15, 2024, as follows:

- Earth tanks should be shown on the land use maps since they attract cattle.
- Tribal members looking to place a home site near an earth tank should expect cattle on their home site lease, so they should build a fence.
- Housing Department should build a fence around the Box Canyon subdivision (north and west sides).
- The land use diagram should also depict the various grave sites so home site leases do not end up being near one or, even worse, on top of one.
- The Forestry, Ranching and Mining Element of the Master Plan should reference the various ordinances the tribe has in place, namely the Proper Utilization of Range Resources - Ordinance 2B and the Natural Resources Conservation Ordinance No. 24-70.
- The Natural Resources Element should address soil erosion, bark beetle infestation and other maladies brought on by drought and a warming earth.
- The Truxton aquifer, the primary water source for the Peach Springs and Buck & Doe communities, should not be used to supply water to Grand Canyon West.

6. Recap Hualapai Nation Soil & Water Conservation District on February 8, 2024

Mr. Davidson next shared the comments received from his February 8, 2024, meeting with the Hualapai Nation Soil & Water Conservation District as follows:

- Keep new home sites applications to the west side of Peach Springs where infrastructure is better and limit the number of home sites on the east side of the reservation given the lack of infrastructure, namely potable water, and slow "911" response times which exceed 30 minutes or more.

- EMS/Fire Department response time to Valentine is also slow.
- Will the Master Plan allow for secondary residences (Granny Flat) on a home site?
- Are home sites allowed in the "Agricultural" land use designation?
- Need streetlights in Valentine.
- Can we designate a residential land use category adjacent to the old one-room schoolhouse on the north end of Valentine at the railroad underpass?
- Rather than expand the residential land uses further west into Grazing District No. 2, the Master Plan Update Committee should consider placing a new residential area along the 1926 alignment of US Route 66 which is now the path of the main water supply line from the Truxton pump house. The residential area would start at the Music Mountain School at approximately Mile Post 97.2 and extend to about Mile Post 99 along the southerly side of State Route 66. This requires a meeting with the Grazing Districts to discuss further.
- Youth Camp and Thorton Tower need internet service for safety reasons.
- The proposed Agribusiness land use in the Frazier Wells area, south and east of Route 18, would not have been contemplated in the past given the Hualapai's traditional uses of the land.

7. Planning's assignment from the March 5, 2024, Committee Meeting was as follows:

- a. Expand commercial area along Diamond Creek Road to include old laundromat and possible arcade.
- b. Locate boutiques, nail salon, dress shop & a florist in the commercial office space next to the Hualapai Market.
- c. Place commercial uses such as a swap meet, vendor village and a mini-drive-in around old gas station and up to the Cultural Office.
- d. Expand Tribal Government/Commercial land uses to accommodate a new Tribal Office, new Indian Health Services Clinic, a Cry House, a Detox Facility and an Elder Care Facility in Uptown Peach Springs.
- e. Designate more land for housing along old US Route 66 and less land for housing in District No. 2
- f. Remove golf course and mid-priced hotel from GCW.
- g. Expand uses at Eagle Point vs. developing open spaces at GCW.
- h. Attempt to resolve conflict on development for east side of reservation.
 - a. Natural vs. developed . . . Glamping? Agribusiness at Frazier Wells?
 - b. EMS response times and general lack of infrastructure may limit development and new home sites to land near or adjoining Route 18

8. Proposed Detoxification and Re-Entry Facility Presentation by Hualapai Health Education and Welfare Department

To key off of the need for a Detoxification and Re-Entry Facility, Mr. Davidson invited David Dawley, Director of Hualapai Health Education and Welfare Department (HEW), made a presentation on this proposal. Mr. Dawley said tribal council, at a recent strategic planning retreat, requested the Hualapai Healing House be-reopened (closed during the COVID-19 Pandemic) and that a Re-Entry Facility be established on the reservation. For the Re-Entry Facility, Mr. Dawley reviewed the need, facility size, pre-planning steps and potential locations as follows:

- a. **Need:** sober living crisis; take care of the tribal people; hard to provide counseling upon return if they go alone; transition directly to Healing House.

Mr. Dawley noted Arizona has a sober living home crisis with some 400 shut down throughout the state in recent years due to substandard and sometimes fraudulent practices namely miss-spending AHCCCS funds. In addition, those tribal members who attempt to ply their way through the rehabilitation system tend to return to rehabilitation centers vs. returning to the mainstream. Ms. Shana Talieje asked about the mission of the Healing House. Mr. Dawley explained the original intent as the Alternative to Corrections/Transitional Living Facility was to provide a space for low-level offenders and offer them life skills vs. sentencing them to the Adult Detention Center.¹ The Healing House continues this effort through grant funding. Manny Siyuja asked how long the Healing House's waiting list is. Mr. Dawley replied the list is being prepared and added that the City of Kingman is also requesting use of the facility. Vice-Chair Marilyn Vaughn asked about the future of the facility. Mr. Dawley said the tribe has secured just over \$1 million in grant funding. Most of this will be paid for staffing. With that Mr. Dawley said it is important that the money be used to "train the trainers" to keep the facility operating.

¹ The old Indian Health Services Clinic was remodeled in 2013-2014 with a grant from the Department of Justice (CTAS – Purpose Area 4). DOJ also provided funding for staffing in the first few years of operation.

b. **Facility:** 20 - 40 beds; modular or frame building (s); number of staff; building size & site acreage.

Vice Chair Vaughn asked if some of this funding could be used to help tribal members start their own in-home sober living facility on the reservation. Mr. Dawley said HEW attempted to purchase a home across from the tribal office but had their request denied by tribal council. Vice Chair Vaughn commented that building a new facility, as proposed, will be more expensive than distributing the care at various homes throughout the community. Mr. Dawley said a new facility will have doctors and nurses on duty which would be difficult for home-based facilities to employ.

c. **Preliminary Planning:** feasibility study; environmental assessment; architecture/design; building permits, etc.; bidding & contractor selection.

Andrea Nieto added that Indian Health Services is looking to move out of the current clinic and into a new and larger clinic that is in the pre-planning stage (see minutes from 3/5/2024 meeting). Mr. Dawley said the existing clinic, being in-town is not remote enough.

d. **Location Options:**

1. Youth Camp area which is remote but has no telephone service and difficult winter access.
2. Cholla Ranch which is remote but has no telephone service and little to no 911 response.
3. GCW property (old Ranch) which is remote enough so people don't leave, has bus route for staff access and clientele can reintegrate into the working world via GCRC.
4. Other Locations could be along Indian Route 18 and along State Route next to Music Mountain High School?

Mr. Dawley said the GCW site may be the best location. Ms. Talieje said this location may not be remote enough for those who are motivated to take flight. Also, does the tribe want to introduce this element at its primary tourist destination? Ms. Nieto replied that Sedona, a major tourist destination, has re-entry facilities. Ms. Talieje commented that Sedona has many more resources to draw upon than does GCW, namely medical expertise and 911 responders. Also, GCW has enough negative reviews on social media due to suicides so adding this type of use may add to that count.

Mr. Davidson said the Youth Camp location should be seeing better infrastructure in the near future. The four-mile roadway from Route 18 is on Hualapai Public Works list for paving and the Havasupai Tribe plans to run a fiber optic line on the Mohave Electric Cooperative power poles that parallel Route 18. Vice Chair Vaughn said the re-entry facility should be relatively close to resources vs. being too remote. Patients at the facility should be able to assimilate back into the tribal community.

Ms. Nieto asked about the benefit of adding the re-entry facility to the Master Plan. Mr. Dawley said having the facility listed as a goal will give more weight to tribe's grant applications to construct and then operate it. Mr. Davidson said it can be added as an objective to the Public Buildings and Facilities Element akin to the cry house and the multi-use recreation/sports complex. Vice Chair Vaughn advised an artist rendering to be presented to the community as part of a grant application.

Mr. Siyuja said some people who enter rehabilitation do not want to be around people they know. Mr. Dawley cited studies saying that many people in rehabilitation prefer to be around their family and friends. Ms. Talieje asked if people will still be using the Healing House. Mr. Dawley responded "yes" since it will be offering job counseling and life skills training. Ms. Cherlye Beecher said the tribe needs this type of facility. We can start small and expand as the need increases. Placing the facility in the Frazier Wells area, possibly at the old school, or near the Youth Camp seems logical. Ms. Camille Nighthorse said the old school's floor is in poor condition and advised the building to be razed. Ms. Nighthorse said she is looking at establishing a retreat on Route 18 which will cater to those people looking to escape their hectic urban lives for a week or so. Mr. Dawley said the location should be close enough for staff to access and 911 responders to be on-site in a reasonable amount of time.

With discussion coming to a conclusion, Chairman Bravo made a motion to add the Re-Entry and Detox Facility to the Master Plan. Motioned seconded by Ms. Nighthorse, motion carried unanimously.

9. Master Plan Land Use Diagrams

Turning to the land use diagrams, Mr. Davidson began with central Peach Springs where there was consensus from the public meeting to start up a laundromat at the location of the old doll factory on Diamond Creek Road and build a Sports

Center/Multi-Purpose Complex in Rodeo Circle east of the tribal courthouse. Other requests placed a boutique, dress shop, salon, arcade and a florist shop in downtown between the lodge and the Walapai Market.

Three locations for a Cry House were also shown: 1) west of the McGee Cemetery, 2) southerly side of Route 66 across from Juvenile Detention, and 3) at the Pow Wow grounds south of the Day Care. The revised land use diagram now shows a 20-acre Government/Commercial land use designation east of Route 66 for a new Tribal Office, IHS Clinic and a Cry House. Also, the area around the Earthship has now been designated as a Government/Commercial land use designation to accommodate a potential restaurant. The commercial area has been extended up Diamond Creek Road to include the old doll factory for use as a laundromat. The existing commercial area around the old gas station can hold a swap meet, vendor village and a mini-drive-in. The existing 15-acre Government/Commercial land use designation within Rodeo Circle can accommodate the Multi-Use Recreation/Sports Complex.

Vice Chair Vaughn related her visit to another tribe where their funeral infrastructure was significantly more advanced than on the Hualapai Reservation. Ms. Martina Dawley said some of the larger Hualapai families need their own cry houses, ideally at the families' cemeteries. Ms. Nieto said the cry houses should be distributed in such a way as to serve the nearly one dozen cemeteries on the reservation and in Valentine. For the cry house functions, Ms. Talieje noted the dinner to honor of the deceased and the funeral service are two separate events with the service coming first and not in the same facility. Ms. Nieto asked if there are funding sources for the tribe to apply to. Ms. Dawley added that the new building(s) must be maintained by the tribe. Mr. Nick Hunter advised no structures to be built at the cemetery because they will prevent the spirit from ascending. Ms. Joice Powskey agreed. Ms. Dawley said outside funeral homes tend to take advantage of tribal members and added that the tribe could support a full-time program to perform funeral home services for the grieving families. Ideally, the cry house is close to the cemetery for logistical reasons. For example, building one in Valentine and another in Peach Springs would make sense. Mr. Davidson displayed a map showing the 20-acres surrounding the Valentine Cemetery that was recently brought into trust. The traditional cemetery area is out of room, being surrounded by a hillside, causing some tribal members to be buried elsewhere on the reservation. Mr. Davidson said the north part of the 20-acre site has yet to be used for grave sites.

Looking at the Buck and Doe area, Mr. Davidson said land use requests ranged from constructing a resort north of Buck and Doe Road near Mile Post 2, building luxury homes to rent, placing luxury apartments near the Buck and Doe Road intersection with Route 66 around the water tank, a ropes course and ball fields for recreation and fitness, brand name shopping along the highway adjoining Music Mountain High School, and, most significantly, shifting a few hundred acres of land designated for housing from District No. 2 north of highway to the south side of the highway, along the old alignment of US Route 66, which places the homes in the Shipping Pasture. For the Truxton Triangle, an RV Park, apartments, homes for single people, a vending area and a mini casino along the highway were also proposed. The revised land use diagram places a 20-acre Government/Commercial land use designation both to the east and to the west of the Music Mountain High School, along State Route 66 for a new IHS Clinic and staff housing. A new 191-acre Low Density Residential land use designation has been designated along the southern boundary of the old alignment of US Route 66 which also contains the main water line that supplies Peach Springs from the Truxton well field. The Truxton Triangle Master Plan provides land uses for an RV park, multiple-family dwelling units and enough commercial acreage for a vending. Ms. Dawley said the space designated for the sewer lagoons for a wastewater treatment plant given the proximity of the site to a major wash that recharges the Truxton aquifer, the main source of water for Peach Springs. Ms. Talieje, relating the problems with the new homes being constructed in Box Canyon, said we should have homes placed further apart. The Committee agreed.

Shifting to the east side of the reservation, requests for luxury homes to rent along Frazier Wells Road, growing and then selling traditional food at Frazier Wells (near mile post 22 on Route 18), more utilization of the Youth Camp, and establishing a tribal herd were brought forth from the public. Vice Chair Vaughn said she liked the idea of having more homes along Route 18 in the vicinity of Frazier Wells. Also, can we add a new fire station on Route 18 to help decrease 911 response times to the east side and can the Havasupai tribe help the tribe with the funding since they would also benefit from the facility? Speaking of 911 response times, Chairman Bravo noted the slow response time to an incident over the weekend at GCW. Ms. Nieto also related her recent experience with a 911 call she made for Hualapai Transit which was less than ideal. Mr. Davidson mentioned that part of the 141-acres designated for Regional Commercial at the intersection of Route 18 and State Route 66 could be converted to a Government/Commercial land use designation for the new fire station. Mr. Clay Bravo suggested the northeast corner of the intersection; however, the Committee decided on placing next to the south bound lane of Route 18 given the higher ground and proximity to the Limestone airstrip.

Ms. Dawley asked about plans for glamping near the Youth Camp, Mr. Bravo said there was discussion several years ago about making room for such a use north and east of the Youth Camp. Mr. Davidson said the current tribal tourism plan

effort being performed by the tribe, with the support of third-party consultant, is also considering that area as well as a second location to west of the Youth Camp near Turkey Tank Trail. Also, a nine-acre Government/Commercial land use designation has been placed at Thorton Tower to cover the existing facilities operated by Forestry, Natural Resources, and the BIA.

Mr. Davidson next reviewed improvements requested at the Diamond Creek launch point on the Colorado River which included paving Diamond Creek Road, improving Diamond Creek Beach, removing the ramadas, improving the camping grounds, constructing a restroom & cleaning station, removing Tamarisk trees for water conservation, establishing a hiking trail up Hindu Canyon and creating an Indian Garden. Except for the hiking trail, these uses can be accommodated within the 10-acre area designated for Recreation.

For Valentine, the community asked that the old schoolhouse be remodeled into a museum, use native Cottonwood trees found along the Truxton Wash to build an artists' museum, and improve the area in general. To help these requests, Mr. Davidson pointed out the new Historical land use designation for the old one-room schoolhouse, the Valentine Boarding School, the old BIA superintendent's office and nearly two acres to preserve the Schrum Family's ceremonial site. Also, the 20-acre Valentine Cemetery site has been designated as "Open Space," a land use designed to protect cultural sites.

To conclude the Community Meeting comments, requests for Grand Canyon West are as follows: build the most at GCW, expand development at Eagle Point to the north and south of the Skywalk, make Hualapai Point look more traditional, remove the golf course, start ATV rides along the Canyon Rim, preserve native plants, including pre-historic palms, at Guano Point, plant grass, and pave Buck & Doe Road for a scenic driving experience but also keep things indigenous.

Mr. Davidson noted the commercial area at Eagle Point contains 17-acres which allows room to expand operations to the north. The golf course and mid-priced hotel have been removed to lessen the impact of the land. In addition, some 733 acres encompassing Quartermaster Point have been designated Open Space to prevent development of this sacred site. Areas adjacent to and supporting GCW include 6 acres designated for Manufacturing Industrial land use at the borrow pit/quarry on Buck and Doe Road, a 2-acre Government/Commercial land use for the proposed electrical substation and 11 acres around the existing 400,000 water tanks to accommodate a water treatment plant and evaporation pond, part of the new facilities needed to perfect the tribe's 2022 Water Rights Settlement.

Thinking of operations at GCW, namely transporting tourists by helicopter from the airport terminal down to the pontoon docks, Mr. Bravo said the tribe should look into building a sky tram. Given the tribe's experience with helicopter operations, such as those at Whitmore Wash, such an option will help the tribe regain control of the tourist trade visiting the reservation. Mr. Bravo advised the sky tram to be located in Descent Canyon. Mr. Bravo also suggested that GCW's western boundary line be shifted further east to allow the two dry tanks that lay within the GCW boundary, unimpeded access to cattle.

The last set of slides depicted land uses for the Big Sandy Valley, Cholla Ranch, Hunt Ranch and Clay Springs. These have been designated with the Agricultural (Clay Springs), Manufacturing Industrial (flagstone quarry west of Buck and Doe Road), Government/Commercial (West Water) or Agricultural Business land use designations to mirror their current and planned uses. To align with the current effort to save the Ha' Kamwe' sacred spring at Cholla Ranch, the 40 acres surrounding it have been designated Open Space.

10. Goals, Objectives and Policies

Mr. Davidson next reviewed the revised draft language for goals, objectives, and policies that were the last part of Planning's March 5th as follows.

Revised Economic Development Goals, Policies & Objectives based on Public Comments and Committee Discussion

- *Policy 3.6* *Maintain and improve campgrounds (trails, ramadas, sanitary facilities, etc.) to meet and exceed visitors' expectations.*
- *Goal 9:* *Maximize the development potential of lands held in fee by the Hualapai Tribe*
- *Policy 9.1* *Commission a "Highest and Best Use" study to determine the economic potential of the tribe's various properties.*
- *Policy 9.2* *Create a development plan for the highest and best use of the land.*
- *Policy 9.3* *Seek land entitlements from the local jurisdiction to obtain the highest and best use of the land.*
- *Policy 9.4* *Develop the land.*

- *Implementation Measure 14. Separate the economic development functions from the Planning and Economic Development Department to create a stand-alone Economic Department when the tribe's partnership with Mohave Community College that established the Small Business Development Center in Peach Springs is concluded.*

Revised Ranching, Forestry and Mining Goals, Policies & Objectives based on Public Comments and Committee Discussion

- **Policy 1.1** Manage livestock grazing consistent with Master Plan objectives *as further specified in the Hualapai Grazing Ordinance (2B).*

Revised Environmental Goals, Policies & Objectives based on Public Comments and Committee Discussion

- **Policy 1.3** Natural resources should be managed *in accordance with the Hualapai Natural Resources Conservation Ordinance and* in a manner which is consistent with sound conservation practices and ecological principles that assures the resource is protected from adverse impacts.
- **Objective 3.1** Expand the sidewalk system, particularly in Peach Springs, along existing streets *and on existing trails.*

Revised Transportation Goals, Policies & Objectives based on Public Comments and Committee Discussion

- **Objective 1.9** *Install streetlights where needed to reduce traffic accidents and increase overall community safety.*

Revised Public Facilities & Buildings Goals, Policies & Objectives based on Public Comments and Committee Discussion

- **Objective 1.8** *Build a sole-purpose Cry House*
- **Objective 1.9** *Construct a Multi-Use Recreation and Sports Complex*
- **Objective 1.10** *Create a Re-Entry and companion Detoxification Facility*

Revised Housing Goals, Policies & Objectives based on Public Comments and Committee Discussion

- **Policy 6.4** *New home sites should only be approved where emergency response times are less than 30 minutes in all weather conditions.*

Given some objection by Committee members and recollections of family members living off-grid for decades, Ms. Dawley advised Planning research language from other rural communities to see how they handle emergency responses to remote homes sites in their jurisdictions. Allowing a 30-minute response time is too generous. Ms. Talieje opined that people who chose to live in a remote area must take some responsibility for doing so. Mr. Bravo advised the Planning staff's recommendations prepared for IDT, TERC and tribal council note these potential long response times.

Mr. Davidson handed out the first five sections of the draft Master Plan for the committee members to review for the next meeting.

11. ADJOURNMENT

The Committee agreed to meet again in two weeks. Chairman Bravo requested a motion to adjourn the meeting. Ms. Nighthorse made a motion to adjourn with a second by Ms. Dawley, motion carried unanimously at 8:20 PM.

Senior Bingo • Monday, April 15th

Submitted by: Barbara Tinhorn | Hualapai Tribal Elder

On March 25, 2024 we had our first bingo game at the Hualapai Senior Center. I would like to thank the following people and departments for their donations: Sue Parker, Lisa Gala, Addie Crozier, Bonnie and Wally Walker, Vickey Walker, Karen Dashee, Monica Romo, Josie Powsey, Loretta Waynick, Racine Whatoname, Thrive Hualapai, KWLP Radio Station, HSDPI and David Dawley! Also, the ladies from Hyde Park and Helen Watahomigie

Our next BINGO will be Monday, April 15, 2024 at 11:30 - 1:00 p.m.

Bingo is for seniors age 55 and up. Hope to see you there! Bring your loose change.

Request for Qualifications • Due Date for Paper or Electronic Proposals: Wednesday, May 1st*Submitted by: Kevin Davidson | Hualapai Planning Department***Request for Qualifications (RFQs)****THE HUALAPAI TRIBE**

for

Delivery of a Suite of Projects

via

The Construction Manager/General Contractor (CM/GC) - Alternative Contracting Method (ACM)**March 29, 2024**

**Due Date for Paper or Electronic Proposals:
May 1, 2024 @ 05:00 pm (AZ Time-Zone)**

Notice is hereby given, the Hualapai Tribe has released two (2) Requests for Qualifications (RFQs) for both Design Manager (DM) and Construction Manager / General Contractor (CM) Services. These 2 separate RFQs will be accepted until **Wednesday, May 1, 2024, 5:00 pm Arizona Time**, for firms having either DM or CM expertise in the Construction Manager/General Contractor (CM/GC) Alternative Contracting Method (ACM).

Note: The Hualapai Tribe has traditionally delivered its projects via a traditional Design-Bid-Build (D-B-B) project delivery method. However, due to the expected benefits associated with the CM/GC accelerated and innovative project delivery method, the Owner includes **thirty-three (33) horizontal and vertical projects** into a Project Suite for this solicitation. Additionally, the Owner may add other miscellaneous projects necessary for successful completion of the entire project suite.

The Owner is requesting Offerors to propose on the CM/GC delivery of the Project Suite using multiple Work Packages and Early Work Packages to meet the accelerated schedule. Only those firms that have the resources to rapidly deliver multiple Projects, most with extremely restrictive deadlines and budgets, should respond.

The complete RFQ documents may be obtained at the following:

- A. **The Hualapai Tribe**, 941 Hualapai Way (P.O. Box 179), Peach Springs, AZ 86434
- B. Or by Contacting: Kenneth E. Atkins, Alternative Contract Method (ACM) Program Leader (PL), Hualapai Tribe, 941 Hualapai Way, (P.O. Box 179), Peach Springs, AZ 86434
KennethAtkins@AtkinsEngineeringAssoc.com, Phone: 863.232.7083
- C. **Mandatory Pre-Proposal Meeting and Site Visits**

A mandatory pre-proposal meeting will be held on Tuesday & Wednesday (April 9-10), 2024, from 09:00 am to approximately 04:30 pm (AZ Time). For those available on the 2nd day (April 10th), it's reserved to visit the remainder of projects that the group did not get to visit on the first day.

Please Direct all Questions To:

Kenneth E. Atkins, Alternative Contract Method (ACM) Program Leader (PL), Hualapai Tribe, 941 Hualapai Way, (P.O. Box 179), Peach Springs, AZ 86434, KennethAtkins@AtkinsEngineeringAssoc.com, Phone: 863.232.7083

MUSIC MOUNTAIN HIGH SCHOOL

A hello from our new principal, Kim Pattillo, who is also our Art Teacher this year.....

"Peach Springs Community, My name is Kim Pattillo. I'm the new Principal of Music Mountain High School. I have a long history with this community. I taught at the elementary for 8 years in the late 90's and early 2000's. I'm happy to be back. I'm also teaching art here at MMHS this year. We are doing some great things at the High School. Students recently completed an art history unit on Ted Degrazia, a native Arizona artist. The students did some great projects in this style and are excited about them. We have some displayed in the office at the high school. (We've included some of the art work in this issue of the Gam'yu)

We welcomed Principal Pattillo into her new role on Wednesday, March 20, 2024

We are planning our High School graduation and 8th grade promotion ceremonies for May 15th. The 8th grade ceremony will be at 1:00. We will start the high school graduation at 6:00 p.m. We are looking forward to seeing you all there to support our graduates.

SAVE THE DATE! MAY 15TH 2024 Class of 2024 Graduation and 8th grade promotion~

We have open gym for students two days a week to work on their skills for volleyball which will be our first sport next school year. Students are working hard to get ready for the new year.

We have some community events coming up at the high school so look for the flyers. They will be from 5p-7p Our first event is a movie night on April 11th. The second event will be a Karaoke night on April 25th. We hope to see you there."

MUSIC MOUNTAIN HIGH SCHOOL *Presents*

Combo \$6.00
popcorn, Drink and
choice of candy

.....
Drink \$1.50
Popcorn \$2.00

Hualapai Education & Training Department • Hualapai Per Capita Finance Classes
Submitted by: Adeline Crozier | Hualapai Tribal Administration

Hualapai Per Capita Finance Classes

Here is a free, fun way to learn personal finance concepts to develop important life skills, brought to you by the Federal Reserve Bank of St. Louis Native Economic and Financial Education Empowerment (NEFEE)

Cost: FREE

When: These self-paced classes are open any time from April 1, 2024 to August 1, 2024. It is designed for high school graduates to fulfill their obligation to obtain their per capita from the Hualapai Tribe. It includes around 6 hours of content.

What: Through videos, Q&As and interactive online modules, learners will discover and apply essential concepts, including:

- How to create and keep a budget
- How to evaluate everyday decisions
- How to use savings and credit responsibly

Certificate: Those who successfully complete all of the content in the syllabus will receive, at no cost, a certificate certifying their achievement.

How to log in: Note, you must have a gmail account to register. If you do not have a gmail account, no worries, we will be able to help you log in. Please contact:

Jonell Tapija @ (928) 769-2200

Hualapai Per Capita Trust • Cultural Classes Required to Receive a Certificate

Submitted by: Camille Nighthorse | Hualapai Department of Cultural Resources

HUALAPAI PER CAPITA TRUST

Cultural Classes Required to receive a certificate of certification

There are four quizzes to be taken to receive a certificate of completion which would satisfy the Cultural requirement of receiving your payout from the per capita trust account.

Email: marcie.craynon@hualapai-nsn.gov at Hualapai Department of Cultural Resources to get the reading materials for taking your quizzes.

Cultural Class 1: Civics

Cultural Class 2: Stories

Cultural Class 3: Cultural Geography

Cultural Class 4: Ethnobotany

Each quiz coincides with the email address that it comes from, thus each student/individual must request for the test to receive their own quiz. This helps keep track through an Excel spreadsheet automatically generated on Google Forms.

After passing each quiz, you will receive a certificate of completion by email. It is your responsibility to turn in your certificate to the Tribal Office to begin the process of your per capita trust payout. Hualapai Cultural Resource Center is not responsible for filling out any forms or turning in certificates of completions to the Tribal Office.

Veteran's Health Administration • Apply for the American Indian/Alaska Native Veteran Copayment Exemption
 Submitted by: Adeline Crozier | Hualapai Tribal Administration

Apply for the American Indian/Alaska Native Veteran Copayment Exemption

What is the copay exemption?

The law stating American Indian/Alaska Native Veterans do not pay copays for VA health care services and urgent care visits.

Who can receive the copay exemption?

American Indian/Alaska Native Veterans who are enrolled in VA health care. Access the QR code on the right for more information.

How do I apply for the copay exemption?

Complete the following three steps:

1. Make a **copy** of only **one** of the following Official Tribal Documents, including, but not limited to:
 - Tribal Enrollment or Citizenship/Membership ID Card, or
 - Certificate of Degree of Indian or Alaska Native Blood issued by the Bureau of Indian Affairs, or
 - Documentation issued by a Tribe on official letterhead indicating individual affiliation.
2. Fill out VA Form 10-334 and make a **copy**. The form can be found at <https://www.va.gov/find-forms/about-form-10-334>.
3. Mail both documents to the address below:

VHA Tribal Documentation
PO Box 5100
Janesville, WI 53547-5100

Note: Copies can be made at your local VA medical center or clinic; printed copies of VA Form 10-334 are also available. Learn more about the copayment exemption here:

Appendix 6

Toolkit Purpose and How to Use This Document

To celebrate the one-year anniversary of VA’s implementation of the American Indian/Alaska Native Veteran Copayment Exemption, this toolkit aims to 1) equip external partners with materials to promote the copayment exemption and encourage Veterans’ applications, 2) inform external partners of the VHA Office of Tribal Health’s upcoming outreach engagements, which partners are encouraged to attend and/or participate, and 3) promote partners’ sharing of engagements in which the Office of Tribal Health and others can participate to provide outreach on the copayment exemption and enrollment in VA health care.

The Office of Tribal Health developed this toolkit for use by its external partners, including, but not limited to the White House, congress, other federal agencies, Tribal nations, and Tribal-related organizations. The Office recommends that partners use the communications content in Native Veteran-facing outreach, care sites, newsletters, social media channels, radio and news broadcasts, and online partner organization platforms. OTH encourages maximal reach through:

- **Using social media messages** on social media channels and re-posting and tagging Veterans Health Administration’s social media posts;
- **Displaying the national poster** in medical facilities, office buildings, community centers, and on digital or printed poster displays;
- **Including messaging** in local and national newsletters, GovDelivery, blogs, and more; and
- **Sharing content with existing Veteran Service Organizations and partner contacts** to amplify messaging with all audiences and encourage cross-promotion.

Main Message and National Poster

Communications to Native Veterans and Tribal Nations should focus on the following main message and call to action. The Office of Tribal Health recommends sharing the national poster (Appendix A) with the main message or other messaging, as desired. Three versions of the poster are available for use; two of the versions are displayed in Figure 1, below. The poster can be incorporated into website updates, blogs, emails, digital publications, and facility and clinic walls or digital displays.

American Indian/Alaska Native Veterans serve at a higher rate compared to any other group of Veterans. To honor these Veterans and treaties with sovereign nations, eligible Native Veterans no longer have a copayment when receiving VA health care and are eligible for retroactive refunds for copayments for VA health care services (inpatient, outpatient, urgent care, and prescriptions) provided on or after January 5, 2022. The copayment exemption aims to address health care access and health care disparities experienced by Native Veterans by eliminating copayment requirements so that Veterans are more likely to utilize the benefits they have earned.

Approximately 65,000 Native Veterans are enrolled in VA health care and more than 4,000 of those Veterans have been approved for the copayment exemption. So far, VA has exempted and/or reimbursed more than 168,000 copayments totaling more than \$3 million. These numbers continue to grow, and so does VA’s outreach to increase applications for the copayment exemption. VA welcomes the support of its partners to amplify its outreach for this important effort.

For more information on the copayment exemption and how to apply, please visit VA's [website](#) or contact the VHA Office of Tribal Health at VHAOfficeofTribalHealth@va.gov for application information or outreach opportunities.

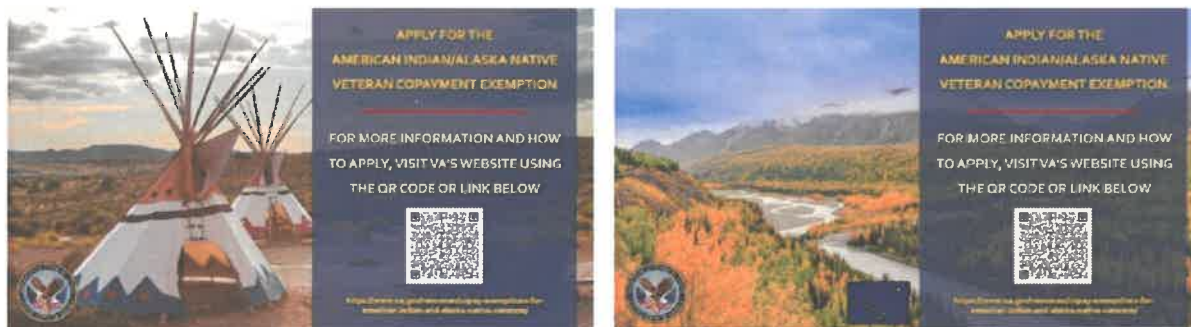

Figure 1: National Poster

Talking Points

The following talking points are approved and ready for use in any capacity where the primary audience includes but is not limited to Native Veterans and their families, Tribal Leaders, staff, Tribal organizations, federal partners, and non-federal partners. You may include this content in digital publications such as email distributions, newsletters, blogs, Q&A, and online articles or website updates. This content can be adjusted for communicating with different audiences, as needed, e.g., Directors' messages to and staff. Please contact the VHA Office of Tribal Health at VHAOfficeofTribalHealth@va.gov if questions arise when adjusting these talking points.

American Indian/Alaska Native Veteran Copayment Exemption

- The American Indian/Alaska Native Veteran Copayment Exemption was made possible by the legislation titled “Johnny Isakson and David P. Roe, M.D. Veterans Health Care and Benefits Improvement Act of 2020,” also known as “Megabus Section 3002.”
 - Through this legislation, American Indian/Alaska Native Veterans no longer have a copayment when receiving VA health care and are eligible for retroactive refunds for copayments for VA health care services (inpatient, outpatient, urgent care, and prescriptions) provided on or after January 5, 2022.
 - The copayment exemption honors treaties with sovereign nations, addresses health care access and health care disparities, provides more health care options, and continues VA’s efforts to strengthen and build trust.
 - **[Note: The copayment exemption has been earned by American Indian/Alaska Native Veterans and is not financial aid/relief.]**
- Thousands of American Indian/Alaska Native Veterans have been approved for the copayment exemption, but many more can apply.
 - Approximately 65,000 Native Veterans are enrolled in VA health care and more than 4,000 of those Veterans have been approved for the copayment exemption.
 - Among the Veterans who have used the copayment exemption, VA has exempted and/or reimbursed more than 168,000 copayments totaling more than \$3 million. This also includes reimbursement of copayments for Native Veterans who are deceased.
 - These numbers continue to grow, and so does VA’s outreach to increase applications for the copayment exemption. VA welcomes the support of its partners to amplify its outreach efforts.
 - The VHA Office of Tribal Health is available to conduct outreach during events hosted by other organizations. Please contact the Office at VHAOfficeofTribalHealth@va.gov to partner during outreach events.

- American Indian/Alaska Native Veterans enrolled in VA health care can apply for the copayment exemption by completing three steps:
 - Make a copy of only one of the following official Tribal documents, including, but not limited to:
 - Tribal Enrollment or Citizenship/Membership ID Card, or
 - Certificate of Degree of Indian or Alaska Native Blood issued by the Bureau of Indian Affairs, or
 - Documentation issued by a Tribe on official letterhead indicating individual affiliation.
 - Fill out VA Form 10-334 and make a copy. The form can be found at <https://www.va.gov/find-forms/about-form-10-334>.
 - Mail both documents to the address below:

VHA Tribal Documentation
PO Box 5100
Janesville, WI 53547-5100
- There are five ways to enroll in VA health care, including calling VA at 877-222-8387.
 - Visit <https://www.va.gov/health-care/how-to-apply> learn about the other ways to apply.
 - Information and documents needed to enroll in VA health care include:
 - Military discharge papers (DD 214 or other separation documents).
 - Social Security numbers for you, your spouse and your qualified dependents.
 - Insurance card information for all health insurance companies that currently cover you.
 - Income verification.
 - ***Did you know?*** American Indian/Alaska Native Veterans can receive health care from VA, Indian Health Service, and private health care. Veterans do not have to pick one or the other and can use all three to receive health care services.

GovDelivery or Newsletter Message

The following message is approved for use in GovDelivery and newsletters sent to Native Veterans and their families, Tribal Leaders, staff, Tribal organizations, federal partners, and non-federal partners. This content can be adjusted for communicating with different audiences, as needed, e.g., Directors' messages to staff. Please contact the VHA Office of Tribal Health at VHAOfficeofTribalHealth@va.gov if questions arise when adjusting this this message.

American Indian/Alaska Native Veteran Copayment Exemption

As you may have heard, American Indian/Alaska Native Veterans no longer have copayments for VA health care, urgent care, or prescriptions. VA also reimburses American Indian/Alaska Native Veterans for copayments paid on or after January 5, 2022.

"To live their best lives, Veterans need access to affordable health care," says VA Under Secretary for Health Dr. Shereef Elnahal. "This copayment exemption honors our treaties with sovereign nations and the distinguished service of American Indian and Alaska Native Veterans."

Eligible Veterans include any American Indian/Alaska Native Veteran who meets the definition of "Indian" or "urban Indian" under the Indian Health Care Improvement Act.

Since VA began the copayment exemption in April 2023, more than 4,000 Native Veterans have been approved for the exemption and VA has exempted and/or reimbursed more than 168,000 copayments totaling more than \$3 million.

VA is proud of this progress, but encourages its partners to help increase awareness of the copayment exemption. Veterans can apply by completing three steps: 1) complete [VA Tribal Documentation Form \(VA Form 10-334\)](#); 2) make a copy of official documentation of Tribal affiliation; 3) mail both documents to VHA Tribal Documentation at P.O. Box 5100, Janesville, WI 53547.

Visit [VA's website](#) for more information on the American Indian/Alaska Native Veteran Copayment Exemption, including how to apply.

COMMUNITY MESSAGES

Teacher Appreciation Week for Peach Springs Elementary School

Submitted by: Tinisha Pickayviett | Hualapai Tribal Member

Hello Hualapai Community

From: Tinisha Pickayviett

Re: Teacher appreciation week

I am a Hualapai tribal member who worked 3.5 years as a paraprofessional at the Peach Springs elementary school. I watched many teachers come and go. I know the joys and stress of being in the classroom. As well as the amount of money teachers and paras spend from their own pockets. They grow bonds with our children and care for them. I really appreciate those who continue to stay year after year.

Just to name a few who have been here 2+ years; Ms. Blair, Mr. Spencer, Mr. Michael, Ms. Bonita Imus, Ms. Eva, Ms. Nessa, Ms. Val, Ms. Grace, Mrs. Hunt, Ms. Nolan, Ms. Smith (sorry if I left out a few).

I will be doing a raffle for the teaching staff every day of Teacher Appreciation week (May 5-10, 2024). I will be accepting donations to use as prizes. Last year, I was able to do 12 raffles and the teaching staff won everything from gift cards to air fryers. If you would like to donate a prize, you can contact me on FB messenger or by email tpickayviett@gmail.com or Raeanna Smith at divaraeanna@gmail.com

There are other ways to show you appreciation:

- Send appreciation to your child's teacher, present or a note.
- Departments: there are approximately 35 teaching staff, send them your appreciation as well, gift bags or treats.

You may also drop your gift and donations to Raeanna Smith at Peach Springs elementary.

Again, you may reach me by email or FB messenger.

KWLP 100.9FM—March Volunteer of the Month • Wanda Quasula AKA Wanda J

Submitted by: Terri Hutchens | KWLP 100.9FM—The Peach

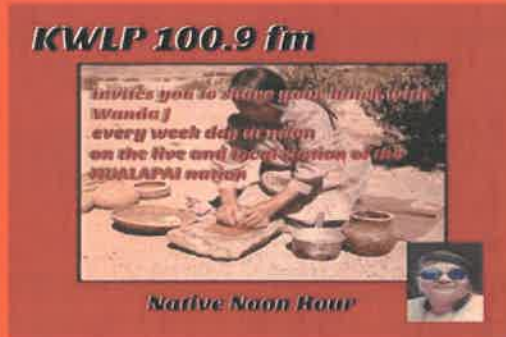

WE LOVE
OUR VOLUNTEERS

KWLP 100.9 FM

Proudly Announces and Congratulates
March 2024 Volunteer of the Month

Wanda Quasula, aka Wanda J

After a hiatus of far too long, Wanda J is back on the air on KWLP, regularly hosting Native Noon Hour, Monday through Thursday at noon. Share your lunch with her as she, and her frequent co-host, Chris Kelly on the Radio have a whole lot of fun playing great Native artists from all genres of music for all Peach listeners, near and far! She always has some interesting items to talk about. This month, in honor of Women's history month and International Women's Day, she's been noting Native role models from around the country, as well as giving recognition to special women who live in and who serve the Hualapai community. Join us in giving them both some Kelly clappers! As volunteer of the month, Wanda will receive incentives valued at approximately \$100.00—all contributed by Peach sponsors and advertisers. She'll also be eligible to be Volunteer of the Year!

If you might be interested in volunteering call KWLP staff at (928) 769-1110, stop by the station at 480 B Hualapai Way (across the parking lot from HEW) or take a look at the Volunteer page on our website at www.kwlpradio.com.

KWLP's Volunteer of the Month is sponsored in part by:

** Be sure to check out these fine businesses and thank them for their support!*
